

# i-Ready® Family Letter

Students in K through 6th Grade have additional learning opportunities from the i-Ready adaptive learning program. i-Ready is an interactive online learning program that helps students build essential skills in mathematics.

i-Ready starts with an online diagnostic test that students take in class to identify the specific skills each student needs to develop and measure academic growth through the school year. It also provides students with personalized online instruction and gives teachers guidance on how they can best support the needs of each and every student.

i-Ready encourages students to take ownership of their learning. Students get real-time feedback, see motivating messages, and earn credits after completing lessons that they can use to get rewards. i-Ready's engaging environment draws students in right away and gets students excited about learning.

How can you help your child get the most out of i-Ready?

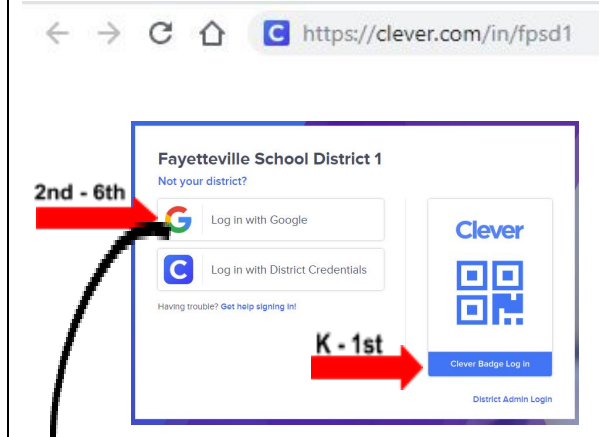

- Speak with your child about how using i-Ready will help him or her prepare for classwork. Also, explain that i-Ready will show teachers where your child is doing well and which topics need some more review.
- Encourage your child to take each lesson and quiz question seriously. Emphasize “thinking before clicking,” because just clicking through will not give teachers an accurate report of what your child knows and is able to do.
- Help your child identify and become familiar with the different parts of the student dashboard.
- Encourage your child to use the tools that will appear at the bottom of the screen in some lessons.
- Discuss your child's results by looking at “My Progress” together to see the number of lessons your child has completed in i-Ready and the percentage of questions your child answered correctly in the quiz at the end of each lesson.
- Contact your child's teacher about how often your child should practice at home, or with any other questions about i-Ready.

To learn more about i-Ready or find Frequently Asked Questions, go to: [\*\*i-Ready Family Center.\*\*](#)

See the back page to learn how to access i-Ready.

## Log in to i-Ready on a computer, Chromebook, or iPad.

- Open an **internet browser**.
- ◆ Go to: <https://clever.com/in/fpsd1>.
  - Ending **K through 1st-grade** students: Click the **Clever Badge Log in** area. Hold your badge (QR code) up to the camera.
  - Ending **2nd through 6th-grade** students: Click on **Log in with Google**. Enter your FPS Google Login information. (The username and password that your child uses on the Chromebooks at school.)

- If using an iPad,
  - ◆ you must first download the **i-Ready app** and the **Clever app**.
  - ◆ **Your child will open the Clever app (only) to log in using the same process as the internet browser method.**

On the Clever dashboard, click on the **i-Ready app**.

You will land on your student **Dashboard**.
