Unmodified Opinions on Basic Financial Statements Accompanied by Required Supplementary Information and Other Information

Independent Auditor's Report

Board of School Trustees
Oakwood Independent School District
631 North Holly Street
Oakwood, Texas 75855

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Oakwood Independent School District (the "District"), as of and for the year ended August 31, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of August 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The budgetary comparison schedule - general fund, schedule of district's proportionate share of the net pension liability - TRS, schedule of district contributions - TRS, combining and individual nonmajor fund financial statements, required TEA schedules and schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison schedule - general fund, schedule of district's proportionate share of the net pension liability - TRS, schedule of district contributions - TRS, combining and individual nonmajor fund financial statements, required TEA schedules and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedule - general fund, schedule of district's proportionate share of the net pension liability - TRS, schedule of district contributions - TRS, combining and individual nonmajor fund financial statements, required TEA schedules and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2017 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Respectfully submitted,

SMITH, LAMBRIGHT & ASSOCIATES, P. C.
Certified Public Accountants
Athens, Texas

MANAGEMENT'S DISCUSSION AND ANALYSIS

Oakwood Independent School District

631 NORTH HOLLY STREET * OAKWOOD, TEXAS * 75855

Management's Discussion and Analysis

In this section of the Annual Financial and Compliance Report, we, the managers of Oakwood Independent School District, discuss and analyze the District's financial performance for the fiscal year ended August 31, 2017. Please read it in conjunction with the independent auditors¹ report and the District's Basic Financial Statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position and the Statement of Activities. These provide information about the activities of the District as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements report the District's operation in more detail than the government-wide statements by providing information about the District's most significant funds. For governmental activities, these statements tell how services were financed in the short term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for tax levies and the appropriations budget. The remaining statements, fiduciary statements, provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the district.

The notes to the financial statements provide narrative explanations or additional data needed for full disclosure in the government-wide statements or the fund financial statements.

The sections labeled Required TEA Schedules and Compliance, Internal Control and Federal Awards Section contain data used by monitoring or regulatory agencies for assurance that the District is using funds supplied in compliance with the terms of grants.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

The analysis of the District's overall financial condition and operations is located in this section. Its primary purpose is to show whether the District is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the District's assets and liabilities at the end of the year while the Statement of Activities includes all the revenues and expenses generated by the District's operations during the year. These apply the accrual basis of accounting which is the basis used by private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. The District's revenues are divided into those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the district and grants provided by the US Department of Education to assist children with disabilities from disadvantaged backgrounds (program revenues), and revenues provided by the taxpayers or by TEA in equalization funding processes (general revenues). All the District's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

These two statements report the District's net position and changes in them. The District's net position (the difference between assets and liabilities) provide one measure of the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the District, however, you should consider non-financial factors as well, such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities.

In the Statement of Net Position and the Statement of Activities, we report only the District's Governmental activity, since the District has no business activities.

Governmental activities-Most of the District's basic services are reported here, including the instruction, counseling, co-curricular activities, food services, transportation, maintenance, community services, and general administration. Property taxes, tuition, fees, and state and federal grants finance most of these activities.

Reporting the District's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds-not the District as a whole. Laws and contracts require the District to establish some funds, such as grants received under the No Child Left Behind Act from the US Department of Education. The District's administration establishes many other funds to help it control and manage money for particular purposes (like campus activities).

Governmental funds-Most of the District's basic services are reported in governmental funds. These use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the District's general operations and basic services it provides.

We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds (reported in the Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances) in reconciliation schedules following each of the fund financial statements.

The District as Trustee

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for money raised by student activities. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. We exclude these resources from the District's other financial statements because the District cannot use these assets to finance its operations. The District is only responsible for ensuring that the assets reported in these funds are used for their intended purposes.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The District continues to use GASB Statement #34 this year. Our analysis of comparative balances and changes will present both current and prior years data and discuss significant changes in the accounts. Our analysis focuses on the net position (Table I) and changes in net position (Table II) of the District's governmental activities.

Net position of the District's governmental activity increased from \$4,716,019 to \$4,732,780

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements - were \$1,082,205 at August 31, 2017. This increase in governmental net position was the result of several factors. The District's revenues were in excess of the expenditures by \$83,721 and the District recorded total depreciation in the amount of \$234,480.

THE DISTRICT'S FUNDS

As the District completed the year, its governmental funds reported a combined fund balance of \$1,298,902, which is above last year's total of \$695,628. Over the course of the year, the Board of Trustees revised the District's budget. The budget amendments were necessary due to moving funds from departments/programs that did not need all appropriated resources to programs with additional needs.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2017, the District had \$9,931,345 invested in a broad range of capital assets, including facilities and equipment for instruction, transportation, athletics, administration, and maintenance. This amount represents a net increase over last year due to additional investment in capital assets.

Debt

At the end of the year, the District had \$2,575.00 of bonds outstanding.

For more detail about capital assets and debt, please refer to the notes in the audit report.

ECONOMIC FACTORS AND NEXT YEARS BUDGETS AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal-year 2016-2017 budget and tax rates. The factors include the needs of the students, staff and taxpayers of the District.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's business office, at Oakwood Independent School District, 631 North Holly Street, Oakwood, Texas 75855.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
AUGUST 31, 2017

Total Fund Balances - Governmental Funds	\$ 1,298,902
1 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$9,840,092 and the accumulated depreciation was (\$4,676,698). In addition, long-term liabilities, including bonds payable, are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The long term debt was \$1,544,014. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to increase (decrease) net position. Note: Beginning Balances related to TRS are NOT included in this amount.	3,619,380
2 Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2017 capital outlays and debt principal payments is to increase (decrease) net position.	242,192
3 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68. The net position related to TRS included a deferred resource outflow in the amount of \$155,299, a deferred resource inflow in the amount of \$19,614, and a net pension liability in the amount of \$340,188. This resulted in an increase (decrease) in net position.	(204,503)
4 The 2017 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.	(234,480)
5 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, reclassifying the proceeds of bond sales as an increase in bonds payable, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase (decrease) net position.	11,289
19 Net Position of Governmental Activities	<u><u>\$ 4,732,780</u></u>

OAKWOOD INDEPENDENT SCHOOL DISTRICT
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED AUGUST 31, 2017

Total Net Change in Fund Balances - Governmental Funds	\$ 603,274
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2017 capital outlays and debt principal payments is to increase (decrease) net position.	242,192
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position.	(234,480)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, reclassifying the proceeds of bond sales, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase (decrease) net position.	(569,049)
GASB 68 required that certain expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$31,885. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net pension liability. This caused a decrease in net position totaling \$28,602. The proportionate share of the TRS pension expense on the plan as a whole had to be recorded. The net pension expense decreased the change in net position by \$28,459. The net result in an increase (decrease) in the change in net position.	(25,176)
Change in Net Position of Governmental Activities	\$ 16,761

The notes to the financial statements are an integral part of this statement.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Oakwood Independent School District ("The District") is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven member Board of Trustees (the "Board") elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board and other authoritative sources identified in *GASB Statement No. 56*; and it complies with the requirements of the appropriate version of Texas Education Agency's *Financial Accountability System Resource Guide* (the "Resource Guide") and the requirements of contracts and grants of agencies from which it receives funds.

Pensions. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

A. REPORTING ENTITY

The Board of Trustees (the "Board") has governance responsibilities over all activities related to public elementary and secondary education within the jurisdiction of the District. The Board is elected by the public, has the authority to make decisions, appoint administrators and managers, significantly influence operations, and has primary accountability for fiscal matters. As such, the District is not included in any other governmental "reporting entity" as defined by *GASB Statement No. 14, The Financial Reporting Entity*. There are no component units included within the reporting entity. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the District's nonfiduciary activities with most of the interfund activities removed. *Governmental activities* include programs supported primarily by taxes, State foundation funds, grants and other intergovernmental revenues. *Business-type activities* include operations that rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates how other people or entities that participate in programs the District operates have shared in the payment of the direct costs. Direct costs are identifiable with a specific function. Program revenues of the District include charges for services and operating grants and contributions. The "charges for services" column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the District. Examples include tuition paid by students not residing in the district, school lunch charges, etc. The "grants and contributions" column includes amounts paid by organizations outside the District to help meet the operational or capital requirements of a given function. Examples include grants under the Elementary and Secondary Education Act. If a revenue is not a program revenue, it is a general revenue used to support all of the District's functions. Taxes are always general revenues.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

During the course of operations the District has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from /to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for District operations, they are not included in the government-wide statements. The District considers some governmental and enterprise funds major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All other revenues and expenses are nonoperating.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The District considers all revenues available if they are collectible within 60 days after year end.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

The proprietary fund types are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. The Agency funds apply the accrual basis of accounting but do not have a measurement focus. All assets and all liabilities associated with operation of these funds are included on the Statement of Net Position. The total net position is segregated into invested in capital assets net of related debt, restricted net position, and unrestricted net position.

The fiduciary fund types are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable.

The Agency funds apply the accrual basis of accounting but do not have a measurement focus as they report only assets and liabilities.

D. FUND ACCOUNTING

The District's accounts are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which are comprised of each fund's assets, liabilities, equity, revenues, and expenditures or expenses.

The District reports the following fund types:

Governmental Funds:

1. General Fund - The general fund is the District's primary operating fund and is always reported as a major fund. It accounts for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds - The District accounts for resources restricted to, or designated for specific purposes by the District or a grantor in a special revenue fund. Most Federal and some State financial assistance is accounted for in a Special Revenue Fund, and sometimes unused balances must be returned to the grantor at the close of specified project periods.

3. Debt Service Fund - The District accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.

4. Capital Projects Fund - The proceeds from long-term debt financing and revenues and expenditures related to authorized construction and other capital asset acquisitions are accounted for in a capital projects fund.

Fiduciary Funds:

5. Agency Funds - The District accounts for resources held for others in a custodial capacity in agency funds. The District's Agency Fund is the student activity fund.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

E. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash and highly liquid investments such as certificates of deposits, money market funds, local government investment pools, Treasury bills, and commercial paper that have a maturity from time of purchase of three months or less.

F. INVENTORIES

The District records purchases of supplies as expenditures. Inventory on the balance sheet, when present, is recorded at cost and represents supplies and materials purchased for the subsequent school year. Food service commodities are recorded at fair market value as supplied by the Texas Department of Human Services.

G. PREPAYMENTS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepayments in both government-wide and fund financial statements.

H. CAPITAL ASSETS

Capital assets, which include land, buildings, furniture and equipment are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, furniture and equipment of the District are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	20 - 50
Vehicles	8 - 10
Furniture and Equipment	8 - 10

Land and construction in progress are not depreciated.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

I. DEFERRED OUTFLOWS / DEFERRED INFLOWS OF RESOURCES

GASB No. 63 and GASB No. 65 provide guidance on financial reporting related to deferred outflows of resources and deferred inflows of resources. The objective of these statements is to improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position.

In addition to assets, the Balance Sheet and Statement of Net Position may report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Balance Sheet and Statement of Net Position may report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow or resource (revenue) until that time.

J. LONG TERM DEBT

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as current year debt service expenditures.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

K. FUND BALANCE

The Governmental Accounting Standards Board has issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54). This Statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories list below:

1. Nonspendable fund balance - includes amounts that cannot be spent because they are either not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes the long-term amount of loans and notes receivable.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

2. Restricted Fund Balance - includes amounts that are restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions of enabling legislation.
3. Committed Fund Balance - includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's Board of Trustees. Those committed amounts cannot be used for any other purposes unless the Board removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.
4. Assigned Fund Balance - includes amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by the Board or by other officials to which the Board has delegated the authority to assign amounts to be used for specific purposes. When it is appropriate for fund balance to be assigned, the Board delegates the responsibility to assign funds to the Superintendent or his/her designee.
5. Unassigned Fund Balance - is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

The District will utilize funds in the following spending order: Restricted, Committed, Assigned and Unassigned.

L. USE OF ESTIMATES

The presentation of financial statements, in conformity with Generally Accepted Accounting Principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

M. DATA CONTROL CODES

The Data Control Codes refer to the account code structure prescribed by TEA in the *Financial Accountability System Resource Guide*. Texas Education Agency requires school districts to display these codes in the financial statements filed with the Agency in order to insure accuracy in building a Statewide data base for policy development and funding plans.

N. TEACHER RETIREMENT SYSTEM

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deduction from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments of the system are reported at fair value.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

Exhibit C-2 provides the reconciliation between the fund balance for total governmental funds on the governmental fund balance sheet and the net position for governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that capital assets are not financial resources and are therefore not reported in governmental funds. In addition, long-term liabilities, including bonds payable, are not due and payable in the current period and are not reported as liabilities in the funds. The details of capital assets and long-term debt at the beginning of the year were as follows:

<u>Capital Assets at the Beginning of the year</u>	<u>Historical Cost</u>	<u>Accumulated Depreciation</u>	<u>Net Value at the Beginning of the Year</u>	<u>Change in Net Assets</u>
Land	\$ 30 850	\$	\$ 30 850	
Buildings & Improvements	7 916 643	3 089 561	4 827 082	
Furniture & Equipment	1 212 791	979 255	233 536	
Vehicles	<u>679 808</u>	<u>607 882</u>	<u>71 926</u>	
Totals	<u>\$ 9 840 092</u>	<u>\$ 4 676 698</u>		
Change in Net Position				<u>\$ 5 163 394</u>
<u>Long-term Liabilities at the Beginning of the Year</u>			<u>Payable at the Beginning of the Year</u>	
Bonds Payable			<u>\$ 1 544 014</u>	
Change in Net Position				<u>(1 544 014)</u>
Net Adjustment to Net Position				<u>\$ 3 619 380</u>

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

Exhibit C-4 provides a reconciliation between the net changes in fund balance as shown on the governmental fund statement of revenues, expenditures, and changes in fund balances and the changes in net position of governmental activities as reported on the government-wide statement of activities. One element of that reconciliation explains that current year capital outlays and debt principal payments are expenditures in the fund financial statements, but should be shown as increases in capital assets and decreases in long-term debt in the government-wide statements. This adjustment affects both the net asset balance and the change in net position. The details of this adjustment are as follows:

	<u>Amount</u>	<u>Adjustments to Changes in Net Assets</u>	<u>Adjustments to Net Position</u>
Current Year Capital Outlay:			
Buildings & Improvements	\$	\$	\$
Furniture & Equipment	<u>91 253</u>		
Total Capital Outlay	<u>91 253</u>	<u>91 253</u>	<u>91 253</u>
Debt Payments:			
Bond Principal	<u>150 939</u>		
Total Principal Payments	<u>\$ 150 939</u>	<u>150 939</u>	<u>150 939</u>
Total Adjustment to Net Position		<u><u>\$ 242 192</u></u>	<u><u>\$ 242 192</u></u>

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

C. EXPLANATION OF OTHER DIFFERENCES

Another element of the reconciliation on Exhibits C-2 and C-4 is described as various other reclassifications and eliminations necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. This adjustment is the result of several items. The details for this element are as follows:

	Amount	Adjustments to Change in Net Assets	Adjustments to Net Position
	<u> </u>	<u> </u>	<u> </u>
Adjustments to Revenue and Deferred Revenue:			
Taxes Collected from Prior Year Levies	\$ 88 427	\$ (88 427)	\$
Uncollected taxes(assumed collectible) from Current Year Levy	69 773	69 773	69 773
Uncollected Taxes (assumed collectible) from Prior Year Levy	492 247		492 247
Reclassify Proceeds of Bonds:			
Bond Proceeds	550 000	(550 000)	(550 000)
Accrued Interest on Debt:			
Prior Year	336	336	
Current Year	731	(731)	(731)
		<u> </u>	<u> </u>
 Total		<u>\$ (569 049)</u>	<u>\$ 11 289</u>

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGETARY DATA

The Board of Trustees adopts an "appropriated budget" for the General Fund, Debt Service Fund and the Food Service Fund (which is included in the Special Revenue Fund). The District is required to present the adopted and final amended budgeted revenues and expenditures for each of these funds. The District compares the final amended budget to actual revenues and expenditures. The General Fund budget report appears in Exhibit G-1 and the other two reports are in Exhibits J-4 and J-5.

The following procedures are followed in establishing the budgetary data reflected in the basic financial statements:

1. Prior to August 20 the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days' public notice of the meeting must be given.
3. Prior to September 1, the budget is legally enacted through passage of a resolution by the Board.

Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. The budget was amended as necessary during the year.

Each budget is controlled at the organizational level by the administration, appropriate department head or campus principal within Board allocations at the revenue and expenditure function /object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

A reconciliation of fund balances for both appropriated budget and nonappropriated budget special revenue funds is as follows:

	<u>August 31, 2017 Fund Balance</u>
Appropriated Budget Funds - Food Service Special Revenue Fund	\$ 44 997
Nonappropriated Budget Funds	<u>12 252</u>
All Special Revenue Funds	<u><u>\$ 57 249</u></u>

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The District made expenditures in excess of budgeted amounts in the general fund and in the Child Nutrition Program.

C. ENCUMBRANCE ACCOUNTING

Encumbrance accounting, under which purchase orders, contracts, and other commitments are recorded in order to reserve that portion of the applicable appropriation, is used in all governmental funds. Encumbrance accounting is utilized to ensure effective budgetary control and accountability. Encumbrances outstanding at year-end are commitments that do not constitute expenditures or liabilities. Since appropriations lapse at the end of each fiscal year, outstanding encumbrances are appropriately provided for in the subsequent fiscal year's budget to provide for the liquidation of the prior commitments. There were no outstanding encumbrances at the end of the fiscal year that were subsequently provided for in the 2017-2018 budget.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. DEPOSITS AND INVESTMENTS

The Public funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar - weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

State statutes and Board policy authorize the District to invest in 1) Obligations of, or guaranteed by, governmental entities as permitted by Government Code 2256.009.; 2) Certificates of deposit and share certificates as permitted by Government Code 2256.010.; 3) Fully collateralized repurchase agreements permitted by Government Code 2256.011.; 4) A securities lending program as permitted by Government Code 2256.0115.; 5) Banker's acceptances as permitted by Government Code 2256.012.; 6) Commercial paper as permitted by Government Code 2256.013.; 7) No load money market mutual funds and no load mutual funds as permitted by Government Code 2256.014.; 8) A guaranteed investment contract as an investment vehicle for bond proceeds, provided it meets the criteria and eligibility requirements established by Government Code 2256.015.; and 9) Public funds investment pools as permitted by Government Code 2256.016.

In compliance with the Public Funds Investment Act, the District has adopted an investment policy. The District is in substantial compliance with the requirements of the Act and with local policies. The risks that the District may be subject are:

- a. Custodial Credit Risk - Deposits: This is the risk that in the event of a bank failure, the District's deposits, including checking, money market accounts and certificates of deposit, may not be returned to it.

The funds of the District must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the District's agent bank in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance. During 2016-2017 the District's combined deposits were fully insured by federal depository insurance or collateralized with securities pledged to the District and held by the District's agent, except for one day until funds were transferred.

The largest combined balances of cash, savings and time deposit accounts amounted to \$1,553,195 and occurred on February 2, 2017. The amount of bond or market value of securities pledged as of the date of the highest combined balance on deposit was \$1,026,888. The total amount of FDIC coverage at the time of the highest combined balance was \$500,000.

- b. Custodial Credit Risk - Investments: This is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Any investment that is both uninsured and unregistered is exposed to custodial credit risk if the investment is held by the counterparty, or if the investment is held by the counterparty's trust department or agent, but not in the name of the investor government. Investments are subject to custodial credit risk only if they are evidenced by securities that exist in physical or book entry form. Positions in external investment pools are not subject to custodial credit risk.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

- c. Interest Rate Risk: Interest rate risk occurs when potential purchasers of debt securities do not agree to pay face value for those securities if interest rates rise. Investments with interest rates that are fixed for longer periods are likely to be subject to more variability in their fair values as a result of future changes in interest rates.
- d. Concentration of Credit Risk: Concentration risk is defined as positions of five percent or more in the securities of a single issuer. This is the issuer of the underlying investment, and not a pool. This does not apply to U.S. Government securities.

CASH DEPOSITS

At August 31, 2017, the amount of the District's cash balance in checking accounts was \$768,919.

INVESTMENTS - CASH EQUIVALENTS

The District's investments - cash equivalents at August 31, 2017, are shown below:

<u>Investment Type</u>	<u>Cost</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
First Public / Lone Star Investment Pool	\$ 811 451	\$ 811 428	.13889
Total Investments	<u>\$ 811 451</u>	<u>\$ 811 428</u>	

INVESTMENTS - OTHER

The District's investments - other at August 31, 2017, are shown below:

	<u>Cost</u>	<u>Fair Value</u>	<u>Weighed Average Maturity (Years)</u>
N/A	\$ _____	\$ _____	
Total Investments	<u>\$ _____</u>	<u>\$ _____</u>	

Local government investment pools operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Local government investment pools use amortized cost rather than market value to report net position to compute share prices. Accordingly the market value of the position in these pools is the same as the value of the shares in each pool, which approximates the carrying amount. The investment pools are organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code.

For the purpose of the statement of cash flows for proprietary fund types, if any, the District considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

B. PROPERTY TAXES

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are delinquent if not paid by February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Delinquent taxes not paid by June 30 are subject to penalty and interest charges plus delinquent collection fees for attorney costs. Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible taxes within the General and Debt Service Funds are based on historical experience in collecting taxes. Uncollectible taxes are periodically reviewed and written off by the District as provided by specific statutory authority from the Texas Legislature.

The assessed value of the property tax roll on January 1, 2016 upon which the levy for the 2016-2017 fiscal year was based, was \$115,076,207. The tax rates assessed for the year ended August 31, 2017 to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$1.04 and \$.2044 per \$100 valuation, respectively, for a total of \$1.2444 per \$100 valuation. Current tax collections for the year ended August 31, 2017 were 94.9% of the year end adjusted tax levy. As of August 31, 2017, property taxes receivable totaled \$536,309 and \$55,292 for the General and Debt Service Funds respectively.

C. RECEIVABLES FROM OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of August 31, 2017 are summarized below. All federal grants shown below are passed through the TEA and are reported on the combined financial statements as Receivables from Other Governments.

	General Fund	Debt Service Fund	Capital Projects Fund	Other Funds	Total
State Entitlements	\$ 40 945	\$	\$	\$	\$ 40 945
State Grants

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

Debt service requirements for the Series 2010 Bond Issue allocated to Buffalo ISD are as follows:

Year Ended August 31	General Obligations		Total Requirements
	Principal	Interest	
2018	\$ 128 520	\$ 5 588	\$ 134 108
2019	129 438	4 943	134 381
2020	129 897	4 295	134 192
2021	130 815	3 643	134 458
2022	131 274	2 988	134 262
2023-2026	<u>531 981</u>	<u>5 335</u>	<u>537 316</u>
Totals	<u>\$ 1 181 925</u>	<u>\$ 26 792</u>	<u>\$ 1 208 717</u>

There are a number of limitations and restrictions contained in the general obligation bond indenture. Management has indicated that the District is in compliance with all significant limitations and restrictions at August 31, 2017.

The final decision of the State Commissioner of Education in TEA Docket No. 095-R6-0711, Barbara S. Johnson, et al. V. Oakwood Independent School District detached territory consisting of the former Lone Star Rural High School District from Oakwood ISD and annexed it to Buffalo ISD with an effective date of July 1, 2013. Under Section 13.004, Texas Education Code, the Commissioners' Courts of Leon and Freestone Counties agreed to an equitable allocation of indebtedness, taking into consideration the value of the properties involved and the taxable values of the districts involved. The agreed allocation is shown above.

H. CHANGES IN LONG-TERM LIABILITIES

Long-term liabilities activity for the year ended August 31, 2017, was as follows:

L. JOINT VENTURE SHARED SERVICE ARRANGEMENT

The District participates in a shared services arrangement for special education services with four other school districts. Although a portion of the shared services arrangement is attributable to the District's participation, the District does not account for revenues or expenditures in this program and does not disclose them in these financial statements. The District neither has a joint ownership interest in fixed assets purchased by the fiscal agent, nor does the district have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant financial resources nor fiscal exigencies that would give rise to a future additional benefit or burden to the District. The fiscal agent manager is responsible for all financial activities of the shared services arrangement. The District made payments to the fiscal agent of \$13,735.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

M. DEFINED BENEFIT PENSION PLAN

Plan Description. The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.texas.gov/TRS%20Documents/cafr2016.pdf>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 1458 of the 83rd Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2014 thru 2017. The 83rd Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2014 and 2015. The 84th Texas Legislature, General Appropriations Act (GAA) established the employer contribution rates for fiscal years 2016 and 2017.

Contribution Rates		
	2016	2017
Member	7.2%	7.7%
Non-Employer Contributing Entity (State)	6.8%	6.8%
Employers	6.8%	6.8%
Oakwood ISD 2017 Current Year Employer Contributions	\$	31 885
Oakwood ISD 2017 Current Year Member Contributions	\$	91 403
Oakwood ISD 2016 Measurement Year NECE On-Behalf Contributions	\$	62 914

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers including public schools are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment
- When any part or all of an employee's salary is paid by federal funding source, a privately sponsored source, from non-educational and general, or local funds.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to.

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- When a school district does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

Actuarial Assumptions. The total pension liability in the August 31, 2016 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2016
Actuarial Cost Method	Individual Entry Age, Normal
Asset Valuation Method	Market Value
Single Discount Rate	8.00%
Long-term expected Investment Rate of Return	8.00%
Inflation	2.5%
Salary Increases Including Inflation	3.5% to 9.5%
Payroll Growth Rate	2.5%
Benefit Changes During the Year	None
Ad hoc Post Employment Benefit Changes	None

The actuarial methods and assumptions are primarily based on a study of actual experience for the four year period ending August 31, 2014 and adopted on September 24, 2015.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

Discount Rate. The discount rate used to measure the total pension liability was 8.0%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term rate of return on pension plan investments is 8%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2014 are summarized below:

Asset Class	Target Allocation	Real Return Geometric Basis	Long-Term Expected Portfolio Real Rate of Return *
Global Equity			
U.S.	18%	7.0%	1.4%
Non-U.S. Developed	13%	7.3%	1.1%

YEAR ENDED AUGUST 31, 2017

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (8%) in measuring the Net Pension Liability.

	1% Decrease in Discount Rate (7.0%)	Discount Rate (8.0%)	1% Increase in Discount Rate (9.0%)
District's proportionate share of the net pension liability:	\$ <u>526 497</u>	\$ <u>340 188</u>	\$ <u>182 161</u>

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2017, the District reported a liability of \$340,188 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 340 188
State's proportionate share that is associated with the District	<u>746 777</u>
Total	<u><u>\$ 1 086 965</u></u>

The net pension liability was measured as of August 31, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2015 thru August 31, 2016.

At August 31, 2016 the employer's proportion of the collective net pension liability was .0009002%, which was an increase (decrease) of (.0000258)% from its proportion measured as of August 31, 2015.

Changes Since the Prior Actuarial Valuation - There were no changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period:

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2017, the District recognized pension expense of \$77,498 and revenue of \$77,498 for support provided by the State.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

At August 31, 2017, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 5 334	\$ 10 158
Changes in actuarial assumptions	10 368	9 430
Difference between projected and actual investment earnings	28 807	
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	78 905	26
Total as of August 31, 2016 measurement date	\$ 123 414	\$ 19 614
Contributions paid to TRS subsequent to the measurement date	31 885	
Total as of fiscal year end	<u>\$ 155 299</u>	<u>\$ 19 614</u>

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31:	Pension Expense Amount
2018	\$ 18 550
2019	18 550
2020	36 924
2021	17 137
2022	11 342
Thereafter	1 299

Long-Term Liability Disclosure

	Beginning Balance	Additions	Retirements	Ending Balance
Net Pension Liability	<u>\$ 327 329</u>	<u>\$ 41 462</u>	<u>\$ 28 603</u>	<u>\$ 340 188</u>

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

N. HEALTH CARE

During the year ended August 31, 2017 employees of the Oakwood Independent School District were covered by the state sponsored health insurance plan. The District paid premiums of \$225 per month per employee to the plan and employees, at their option, authorized payroll withholdings to pay premiums for dependents.

All premiums were paid to TRS-ActiveCare, the statewide health coverage program for public education employees administered by Aetna. The Plan was authorized by Article 3.51-2, Texas Insurance Code and was documented by contractual agreement.

The contract between the District and TRS ActiveCare is renewable September 1 of each year and terms of coverage and premium costs are included in the contractual provisions.

Latest financial statements for Aetna are available for the most recent year and have been filed with the Texas State Board of Insurance, Austin, Texas, and are public records.

O. SCHOOL DISTRICT RETIREE HEALTH PLAN

Plan Description

The District contributes to the Texas Public School Retired Employees Group Insurance Program (TRS-Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Teacher Retirement System of Texas. TRS-Care Retired Plan provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish and amend basic and optional group insurance coverage for participants. The TRS issues a publicly available financial report that includes financial statements and supplementary information for TRS-Care. That report may be obtained by visiting the TRS Web site at www.trs.state.tx.us, by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701, or by calling 1-800-223-8778.

Medicare Part D:

Federal Government Retiree Drug Subsidy - Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. On-behalf payments must be recognized as equal revenues and expenditures/expenses by the District. The allocation of these on-behalf payments is based on the ratio of a reporting entity's covered payroll to the entire payroll reported by all reporting entities. The amount allocated on-behalf for the year ended August 31, 2017 is estimated by TRS at \$5,418.

P. COMPENSATED ABSENCES

Vacations are to be taken within the same year they are earned, and any unused days at the end of the year are forfeited. Therefore, no liability has been accrued in the accompanying general purpose financial statements. Employees of the District are entitled to sick leave based on category/class of employment. Sick leave is allowed to be accumulated but does not vest for most employees. Therefore, a liability for unused sick leave has not been recorded in the accompanying general purpose financial statements for these employees.

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2017

Q. COMMITMENTS UNDER OPERATING LEASES

Commitments under operating (noncapitalized) lease agreements for equipment provided for minimum future rental payments as of August 31, 2017, as follows:

<u>Year Ended</u> <u>August 31</u>	<u>Total</u>
2018	\$ 3 491
2019	3 491
2020	<u>2 618</u>
Total Minimum Rentals	<u>\$ 9 600</u>
Rental Expenditures in Fiscal Year 2017	<u>\$ 6 362</u>

R. CONSTRUCTION AND OTHER COMMITMENTS AND CONTINGENCIES

The District participates in numerous state and Federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectibility of any related receivable at August 31, 2017 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

S. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster. During fiscal year 2017 the district purchased commercial insurance from the TASB Risk Management Fund to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

T. DETACHMENT AND ANNEXATION

The final decision of the State Commissioner of Education in TEA Docket No. 095-R6-0711, Barbara S. Johnson, et al. V. Oakwood Independent School District detached territory consisting of the former Lone Star Rural High School District from Oakwood ISD and annexed it to Buffalo ISD with an effective date of July 1, 2013. Under Section 13.004, Texas Education Code, the Commissioners' Courts of Leon and Freestone Counties agreed to an equitable allocation of indebtedness, taking into consideration the value of the properties involved and the taxable values of the districts involved. The allocation of debt is described in Note G.

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

Board of School Trustees
Oakwood Independent School District
631 North Holly Street
Oakwood, Texas 75855

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the District as of and for the year ended August 31, 2017 and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 15, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal controls) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

OAKWOOD INDEPENDENT SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED AUGUST 31, 2017

- For all Federal programs, the District uses the fund types specified in Texas Education Agency's *Financial Accountability System Resource Guide*. Special revenue funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund.
- The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All Federal grant funds were accounted for in the General Fund or in a Special Revenue Fund which are Governmental Fund types.

With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used for the Governmental Fund types. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on General Long-Term Debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as deferred revenues until earned.

- The period of availability for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 30 days beyond the federal project period ending date, in accordance with provisions of the Period of Availability of Federal Funds.
- The National School Breakfast and Lunch Programs and the USDA donated commodities are accounted for in the nonmajor governmental funds. The Impact Aid, if any, is accounted for in the General Fund. Expenditures are not specifically attributable to these revenue sources and are shown on this schedule in an amount equal to revenue for balancing purposes only. The revenue for indirect costs is recognized in the General Fund.
- The expenditures shown on the Schedule of Expenditures of Federal Awards (SEFA) may not equal to total federal revenues shown on Exhibit C-3 by the amount of federal revenue recorded in various funds as shown below. These amounts are not subject to the Single Audit Act and are not required to be included in the SEFA.

Amount reported on the Schedule of Expenditures of Federal Awards \$ 260 339

Other

Federal Program Revenue Reported on Exhibit C-3	\$	260 339

COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

Board of School Trustees
Oakwood Independent School District
631 North Holly Street
Oakwood, Texas 75855

Members of the Board:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District for the year ended August 31, 2017. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and, when applicable, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 20, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most significant estimates affecting the financial statements were:

Managements estimate of the uncollectible accounts and accumulated depreciation. We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Audit Differences and Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Issues Discussed Prior to Retention of Independent Auditors

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Supplementary Information

We applied certain limited procedures to required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance of the RSI.

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statement themselves.

General Audit Comments, Findings or Issues

In connection with the annual audit of the records of the Oakwood Independent School District as of August 31, 2017, we offer the following additional comments:

1. General Accounting:

Overall the accounting records are very good and are in compliance with the requirements of the TEA Resource Guide. Normal adjusting entries were made during the audit for reclassifications and corrections.

2. Cash and Fund Balance:

The District's cash and investment position was \$1,580,370 at August 31, 2017. The District has \$811,451 invested in First Public/Lone Star Investment Pool.

These reconciled balances are reported in the deposits and investments section of the audit report.

The fund balance in the General Fund was \$725,419 which was an increase of \$143,198 from the prior year.

The fund balance of the Debt Service Fund was \$166,013 which was an increase of \$90,533 from the prior year.

The fund balance of the food service fund was \$44,997.

3. Tax Collections:

You collected approximately 94.9% of the 2017 tax levy. Also, approximately 12.2% of all prior year delinquent taxes were collected. The District had a significant increase in taxable value this year.

4. Bonded Debt Payable:

The District's allocated share of the bonded debt payable at year end was \$1,393,075. The current year required payments were timely made. The taxes were allocated to the Debt Service fund based on the adopted tax rate. The bond issue is more fully described in Note G, including a description of the allocation of debt with Buffalo ISD.

5. Budget Variances:

The District made expenditures in excess of budgeted amounts in the general fund and in the child nutrition fund.

6. State Program Required Spending:

The District did not spend the required amount of the Career and Technology Allotment directly in the program. Review the program requirements and make budget adjustments as needed.

7. We were pleased that the District implemented the capital asset program in the TxEIS software for recording and tracking assets and for calculation of depreciation.

This information is intended solely for the use of those charged with governance, including the audit committee, Board of Trustees and management, and is not intended to be, and should not be, used by anyone other than these specified parties.
