

Board Update on Teacher Contract

December 22, 2019

We are pleased to announce the achievement of a new three-year collective bargaining agreement, approved last week by both the Board and the EEA. This agreement serves the educational needs of our students, invests in our teachers, and considers the interest of taxpayers. We appreciate the work of the negotiations committee in bringing the bargaining process to a positive resolution, and we look forward to continuing to provide first-class educational services and opportunities for all students in the Edgewater School District.
