

## Summary of District Schoolwide Title I Family and Community Engagement Plan 2023-2024

To view the District TI Plan, summary or student handbook go to [www.wynneschools.org](http://www.wynneschools.org) and select State Required Information or the Parent Center. Paper copies of the plan may be obtained by contacting Sherry Breckenridge, District Parent Coordinator, at [sbreckenridge@wynneschools.org](mailto:sbreckenridge@wynneschools.org) or by calling 870-587-0350.

The Wynne School District understands the importance of engaging families and community in promoting higher student achievement, and keeping goodwill. The curriculum follows the challenging Arkansas Academic Standards. The district encourages meaningful, productive family and community engagement resulting in mutually beneficial partnerships.

You may also contact Dr. Sandra Smith, Federal Programs Coordinator, at 870-238-5030 or email [ssmith@wynneschools.org](mailto:ssmith@wynneschools.org).

The district shall work to...

Goal 1: Engage families in the development of a plan that aligns its goals with the School Improvement Plan, Health and Wellness Plan, etc., and reflects the needs of the schools in the district. The district collaborates with parents to develop and review plans, policies, and strategies to address the engagement needs of students and their families.

Goal 2: Build staff capacity by providing support, technical assistance, and communicating with parents as partners, and understanding their importance to students' academic success, affirming that the district needs families' support. This promotes effective family and community engagement practices.

Goal 3: Build parents' capacity to have an active role in educational decisions and improving their children's academic achievement. The district wants all parents to have a voice in its plans, policies, and programs that meet the needs of students and families, and will provide parent nights, workshops, materials, and training to help parents work with their children to improve achievement.

Goal 4: Coordinate with other organizations, businesses, and community partners, i.e., preschool, head start, and post-secondary institutions, to provide additional supports like college planning, wraparound services, and resources to families that encourage and support parents in more fully participating in the education of their children, support classroom instruction and college/career planning.

Goal 5: Evaluate the content and effectiveness of its Engagement Program including the District Title I Plan, Title I Compact, and Title I Needs Assessment data in improving the academic quality of all schools through the process of spring review meetings at school and district levels with family and community engagement committees and school community councils. Barriers, needs, and strategies are identified and addressed. The district reserves and uses Title I funds for parent and family engagement programs and activities.
