

IMPORTANT INFORMATION IF YOU ARE ABSENT

What you should be doing if you are absent from school:

COMMUNICATE!!!

1. Email your teachers to get your work!!! It is your responsibility to contact your teachers.
2. Many assignments will be put into google classroom. Please start by looking at the assignments. If the assignment states that you will need papers from your teacher, please arrange to have someone pick them up from the office.
All assignments are due by the stated deadline.
3. We are here to help!--but it is hard to help you if we do not know what you need. The more active and involved you are, the better your learning experience will be.
4. Please watch for emails from your teachers and keep the communication lines open.
5. If you have ANY questions, please let us know. By emailing or calling 620-544-4341.
