

LCNCK Parents As Teachers

Cloud, Republic & Washington Counties
Serving USD #108, 109, 224, 333 & 426

A Fun, Free, Early-Learning Program for soon-to-be parents
and parents with children up to three years of age.

January 2020

Group Connections:

BLOCK Fest is a fun-filled event for parents and children ages eight months to kindergarten entry. Children and parents will have the opportunity to visit five block stations and construct with unit, foam, wooden plank, brick, and unit blocks. Block play helps build confidence and creativity as a child generates and tries out new ideas. It also encourages independence, leadership, visual-spatial, and language skills. All these skills are needed for future school success.

There will be 3 opportunities to attend BLOCK Fest. You may attend at any site but you must RSVP.

Pre-registration is required. Contact your Parents As Teachers Parent Educator or, you can email our program at parentsasteachers@usd333.com. **At least one adult must accompany each child participating.** Each session is limited to 15 families. First priority will be given to currently enrolled children. Children must wear socks to this event. No shoes are allowed on the mats to help with cleanliness. We will begin promptly at the start times so please be sure to arrive a few minutes early.

Who: Children 8 months to 5 years (each accompanied by an adult please)
