Success Story

Aimee was awarded our scholarship as a high school senior. When Aimee applied, we did not even look at her academic record, we only judged her based on her personal statement. We were impressed by her determination to succeed.

Aimee has now graduated from Chaminade University with a Bachelor's Degree in Elementary Education.

Aloha Groton Area High School - 01,

The PB&J Scholarship is focused on helping students whose test scores or GPAs might not be the best, but have the drive to succeed.

This is the first time we are opening our scholarship to your school. Provided we get enough interest from students, we hope to raise even more money from our donors next year and continue to have this open to your students for years to come.

I ask for your help to let your students know about this opportunity.

Why we started:

When I attended Farrington High School in Hawai'i, my GPA and test scores were low, but I was determined to go to college. I managed to receive ten different scholarships, which helped me fulfill that dream. To give back to future students, I lived off PB&J sandwiches during my first year in college to save money to fund a scholarship for another student like me.

If you have any questions, please contact me at (808) 450-9988 or email me at travwatase@gmail.com.

Sincerely,
