To use these resources, all students must sign and return the district's Acceptable Use Policy. Students under age 18 must obtain parental permission.

General Network Use

The network is provided for students to conduct research, complete assignments, and communicate with others. Access to network services is given to students who agree through the Lead-Deadwood School District Acceptable Use Agreement to act in a considerate and responsible manner. Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Access is a privilege - not a right. As such, general school rules for behavior and communications apply and users must comply with district standards and honor the agreements they have signed. Network or district cloud storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers or district cloud services will always be private.
