

EMPLOYEE HANDBOOK

for

Instructional and Support Staff

2023 – 2024

INTRODUCTION

This handbook is intended to be a guide and summary of board policies and procedures for Lauderdale County School (LCS) employees. Each reference to a board policy has been linked so that employees can quickly access more detailed information. Since all LCS Board policies and procedures are not included, employees should refer to the **LCS Board Policy Manual** located on the [district's website](#).

Board policies and procedures can change at any time. Therefore, employees may examine the policy codes associated with handbook topics, check with their supervisor, or contact the district office if they have any questions or concerns. It is the employee's responsibility to be knowledgeable of and adhere to all LCS Board Policies and Procedures.

Suggestions for additions and improvements to this handbook are welcomed and may be submitted to the Assistant Superintendent.

EMPLOYMENT AND HIRING PRACTICES

EQUAL OPPORTUNITY EMPLOYER

Lauderdale County Schools (LCS) provides an equal opportunity for employment, and does not discriminate on the basis of race, color, national origin, creed, religion, sex, marital status, economic status, disability, veteran status, age, or other categories protected by federal, state, and local anti-discrimination laws. All employment and advancement decisions will be made only with regard to qualifications for the positions involved. [Policy 5.104](#)

EMPLOYMENT PROCESS

Job Postings – All available positions with LCS will be posted on the [LCS website](#). Job postings and the employment process are managed by the Director of Human Resources.

Job Applications – Individuals interested in employment with LCS may apply online through the district website. The supervisor or principal has the authority to interview any person(s) from the pool of applicants and select a qualified individual to fill the vacant position, and recommend his/her selection to the Superintendent for approval.

Criminal History Background Check – To ensure the safety and welfare of students and staff, the district shall require criminal history background checks and fingerprinting of applicants for all positions. Knowingly falsifying information is illegal and shall be sufficient grounds for termination of employment and prosecution. All employees are required to have a background check at least once every (5) five years after the date of hire. Any costs incurred to perform these background checks shall be paid by the applicant. [Policy 5.106](#), [Policy 5.118](#)

Child and Protective Services Background Check – State law prohibits the school district from hiring or retaining any individual who has committed child abuse, child sexual abuse, or child neglect. To comply with this statute, LCS will conduct background checks through the Department of Children's Services database on all its employees.

Personnel Records – Upon being selected and approved for employment with LCS, a personnel file is established. Employees may view the contents of his or her personnel file that contains information pertaining to evaluations and other employment matters by making an appointment with Human Resources. If an employee wants to receive a copy of his or her records, a nominal fee per page may be assessed. Employee records (except medical records, college transcripts, background checks, and other personal information) are public records. As such, any individual or agency including the news media may request access to a personnel file. However, a record of the person inspecting the file and the date of the inspection shall be kept. The file must be reviewed in the presence of a Human Resources employee. [Policy 5.114](#)

Release of Personal Information –LCS will only confirm dates of employment and position in response to verbal requests for employment verification from outside agencies and vendors. The release of any additional information will require a written request from the outside agency and signed authorization from the employee.

Probationary Period – Upon initial employment, a probationary period of ninety (90) working days may be required by classified personnel. All classified employees begin accumulating leave from

the first day of employment but shall not use these benefits until the probationary period has ended. For more information, consult the appropriate supervisor. [Policy 5.106, 5.107](#)

Performance Evaluations – All employees, including paraprofessionals and support personnel, will be evaluated at least twice a year in accordance with the procedures outlined by the specific department. Evaluations are state-mandated for all teachers and school-based certified employees. These employees will be evaluated in accordance with state regulations and using the Tennessee Accelerated Educator Model ([TEAM](#)). [Policy 5.109](#)

EMPLOYEE TYPES

Certified – Certified employees are any employees who hold a license issued by the Tennessee Department of Education. Certified staff members require a valid professional license based on training that covers the subjects or grades taught and/or a specialty service area in accordance with rules and regulations of the State Board of Education.

Classified – Classified or non-certified staff employment status does not require certification in accordance with rules and regulations of the Tennessee Department of Education. Classified employees may be hourly or salaried and include the following: bookkeepers, secretaries, receptionists, clerks, maintenance employees, custodial employees, cafeteria employees, educational assistants, transportation employees, administrative support employees, and professional personnel (such as nurses and therapists).

Substitute – Substitutes work as a replacement resulting from any short-term absence for food service, custodial, teaching, educational assistant, or secretary positions. Substitutes are not eligible for benefits or participation in the Tennessee Consolidated Retirement System regardless of hours worked per week. Substitute teachers may work no more than an average of four days a week without prior written approval from the principal/supervisor.

Interim – Interim employees hold a position for a teacher or employee who is on leave. For teaching and other certified positions, interim employees are paid based on degree and experience similar to regular, certified staff provided the regular employee does not have leave days to cover the absence. Interim employees have no guarantee of a position beyond the time that the original employee is on leave or the end of the current school year.

Full-time Employees – Full-time employees are those employees who work a regular schedule of at least 37.5 hours per week. These employees are eligible for all benefits offered by the district.

Part-time Employees – Part-time employees are those employees who work a regular schedule less than 37.5 hours per week. These employees are eligible to earn sick leave on a prorated basis and may be eligible for health insurance benefits if employed more than 30 hours per week.

EMPLOYEE BENEFITS

ONLINE PAYCHECK STUBS

LCS utilizes www.mybenefitschannel.com to meet IRS Reporting and the Affordable Health Care Act requirements, to provide a time clock system for variable hour employees, and to allow employee access to previous paycheck stubs and other benefit information.

RETIREMENT

Tennessee Consolidated Retirement System (TCRS) provides the Legacy and the Hybrid retirement plans for LCS employees. The Legacy plan is reserved for employees who have been contributing to the TCRS prior to July 1, 2014 and have not taken a distribution of the account balance. The plan requires a mandatory five (5) percent pre-tax contribution. Upon retirement, the Legacy guarantees a monthly benefit that is based on a member's five highest years of consecutive earnings and service.

The Hybrid plan is reserved for certified personnel hired after July 1, 2014. The Hybrid Plan requires a five (5) percent contribution of salary to TCRS and a two (2) percent voluntary employee contribution toward a 401K in which the employee manages these investments. Information about retirement is available on the [TCRS website](#) or through the Human Resources Department.

OPTIONAL BENEFITS

LCS offers a variety of optional benefits and products as described below. Employees may visit www.mybenefitschannel.com and consult with the Human Resources department for specific information. Certain payroll deductions are included in a **cafeteria plan** and are not subject to federal income tax. These may include premiums paid for medical, dental, vision and cancer insurance, and contributions to a medical flexible spending account. Premiums for products placed in the cafeteria plan cannot be discontinued during the plan year unless there is a qualifying change in family status.

Health Insurance – All full-time personnel have the choice of participating in the State Partnership for Health plans under Blue Cross Blue Shield of TN or Cigna. Several plan options are available. Currently, the district pays a large percentage of the premiums for all employees and their dependents.

New employees may enroll in an insurance plan during the first month of employment. Depending on the hire date, premiums will be paid one to two months prior to the effective date of coverage.

Current employees may enroll in a medical insurance plan during the open enrollment in October through the state's Edison system. All employees desiring to make coverage changes must do so online at <https://sso.edison.tn.gov/> using the Edison number and password delivered by mail to each employee. This plan will take effect January 1 and run through December 31. Unless an employee experiences a qualifying event, changes in medical insurance provisions may only occur during the open enrollment period.

Dental and Vision Insurance – Full-time employees will be given an opportunity to enroll in dental and/or vision plans at the beginning of each school year. Effective date of coverage usually begins October 1.

Other Insurance – Life, cancer, critical care, and disability insurance options are available to employees. Enrollment periods will be announced at the beginning of the school year.

Medical Flexible Spending – A medical flexible spending account can be used to offset any medical expenses such as deductibles, co-pays, prescription costs, and other allowable expenses. This option allows the individual to set aside a specific amount for the year to pay for medical expenses not covered by insurance. The amount, deducted in ten equal payroll deductions, is not taxable and the entire annual contribution is available for immediate use. An employee can roll up to \$500 of unused contributions into the next plan year.

Other Programs – Other products and programs, such as credit union memberships, identity theft protection, and emergency air transportation support, may be available to employees. LCS requires that at least 25 employees participate in a particular program in order to qualify as a payroll deduction.

403b Account – Any employee may own and contribute to a 403b account through district-approved providers.

HIGHER EDUCATION DISCOUNT

A child of a certified employee may qualify for a 25% discount on post-secondary tuition. The child must be under the age of 24 as of the first day of classes and live with or previously lived in a parent-child relationship with the eligible employee. Additional information and discount form are available at the [THEC website](#).

TIME AWAY FROM WORK

SICK AND PERSONAL LEAVE

Paid sick leave may accumulate over the course of employment. Sick leave may be used for personal illness of the employee or illness/death of an immediate family member, including the employee's spouse, parents, grandparents, children, grandchildren, brothers, sisters, mother-in-law, father-in-law, daughter-in-law, son-in-law, brother-in-law, and sister-in-law. Employees may be granted up to three days of paid bereavement for the death of only a child or a spouse. Faculty/Staff attendance is necessary and is vital to student and school success. The immediate supervisor may require a physician's certificate or other proof indicating the reason for absence. Employees should guard their sick leave and use accrued days for legitimate purposes only. Accumulated sick leave will be credited toward total service time at retirement.

[Policy 5.302](#)

LCS employees are granted either two or three days personal leave each year depending on the classification. Personal leave may not accrue from year to year. A maximum of two unused personal leave days will be converted to sick leave days at the end of the school year. Personal days may be used for any reason as long as employees obtain principal/supervisor approval in advance. Taking personal leave immediately before or after a holiday should be avoided. [Policy 5.303](#)

Full-time certified teachers and classified educational assistants are paid for 200 days spread over 12 months, including 180 instructional days, 10 built-in vacation days, and 10 in-service and other designated days [Policy 5.113](#). Employees earn paid sick and personal leave as indicated:

<u>Certified Employees</u>	<u>Sick Leave</u>	<u>Personal Leave</u>
200-day contract (10 months)	10	3
220-day contract (11 months)	11	3
240-day contract (12 months)	12	3

<u>Classified Employees</u>	<u>Sick Leave</u>	<u>Personal Leave</u>
200-day contract (10 months)	10	2
220-day contract (11 months)	11	2
240-day contract (12 months)	12	3

Transfer of Sick Leave – Accumulated sick leave from another Tennessee public school district may be transferred to LCS. The certified employee should request that the previous school district submit a notarized letter to Human Resources indicating the number of accrued days or hours.

ANNUAL LEAVE

Only twelve-month classified and certified employees receive ten (10) vacation/annual days each year.

FMLA LEAVE

Employees are eligible to take up to twelve (12) weeks of unpaid leave through the Family Medical Leave Act (FMLA) for the birth or adoption of a child or the care of a child, spouse, or parent who has a serious health condition. To qualify for FMLA, an employee must have been employed by the school district for at least twelve (12) months. At a minimum, he/she must work a total of 1,250 hours over the previous twelve (12) month period. Medical documentation shall be required for approval. Employees are to notify Human Resources upon return to work to avoid accumulating additional leave days. More information concerning FMLA may be found in [Policy 5.305](#).

OTHER LEAVE

Provisions for other types of employee leave are addressed in the [LCS Board Policy Manual, Section 5](#).

COMPENSATION

DIRECT DEPOSIT

LCS pays its employees via automatic electronic disbursement. All pay stubs are provided electronically through [My Benefits Channel website](#). Instructions for setting up an employee account is provided by the Human Resources department. All new employees must enroll in direct deposit by utilizing a regular bank account or a loadable debit card. If employees desire to change banking or payroll information, they should contact HR and schedule a meeting time or phone call. Communication through an employee's **My Benefits Channel** account is safe and secured with encryption. Sensitive employee information should never be sent through personal or work email. Human Resources or district staff will never request employee banking account, social security number, or other personal information via email or text.

SALARY SCHEDULES

The base salary schedule for certified employees is published on the LCS website. Annual salary is determined by the pay schedule and is based on position, relevant education, and applicable experience. Supplements may be provided for coaching and/or additional responsibilities. Salary verification letters will be distributed to certified employees in September after receipt of the August payroll. [Policy 5.110](#)

PAY PERIODS

Regular monthly payroll checks are deposited on the 28th of each month, or the last working day prior to the 28th of each month. Bus drivers are paid twice monthly for 12 months. Food service personnel are paid twice monthly during the months worked. Certified employees and classified educational assistants who work 10 months will have their annual salary paid over 12 months. Payroll may be paid early if a payroll occurs during an extended break or holiday.

PAYROLL DEDUCTIONS

Deductions that are normally withheld from an employee's pay include Social Security (FICA), Medicare, federal income taxes, retirement, insurance premiums and other optional items. Most payroll deductions are prorated over 12 months. Some optional products may be deducted over 10 months. Changes to payroll deduction and direct deposit must be submitted to the Payroll department by the close of business on the 5th day of the month to be reflected in the following paycheck.

OVERTIME AUTHORIZATION

LCS strongly discourages overtime work by classified employees. Employees may not work overtime without **prior** written approval of their supervisor. Principals and supervisors will monitor employees'

work hours and adjust daily schedules to prevent employees from working more than forty (40) hours per week. If it is determined by the immediate supervisor that compensatory time cannot be granted or without severe disruption of the operation of the facility, overtime may be authorized and paid at time and one-half (1 ½) for all hours physically worked in excess of forty (40) in a week. Accurate and complete time sheets of actual hours worked each week will be signed by the employee and supervisor and submitted to the payroll department. [Policy 5.602](#)

COMPENSATORY TIME

In lieu of overtime compensation, full-time classified employees may receive compensatory time off at a rate of one and one-half (1 ½) hours for one hour of overtime worked. An employee may not be granted compensatory time without prior written approval from the supervisor and only when absolutely necessary. [Policy 5.602](#)

WORK SCHEDULE

The workday for full-time licensed and professional staff will be a minimum of seven hours and one-half (7 ½) hours daily and will continue until professional responsibilities to the student and the school are completed. Administrative meetings, curriculum development, student supervision, assigned duties, parent conferences, group or individual planning, and extra-curricular activities may require hours beyond the stated minimum. Teachers shall be allotted a planning period of not less than two and one-half (2 ½) hours each week for lesson planning, preparation for effective teaching, and instructional collaboration.

ABSENCE REPORTING

The employee shall notify the supervisor or school designee as soon as it has been determined that he/she will be absent. All substitute teachers will be selected from a list approved by the Director of Human Resources, supervisors, and/or principals. Employees must obtain prior approval from the principal and the superintendent in order to miss any scheduled in-service and professional development days. All classified and certified employees who miss work, regardless if substitute is used or not, are required to complete and submit an ***Affidavit of Absence***.

ADJUSTMENTS TO PAY

Paychecks will be adjusted for employees who take leave without pay or exceed available leave days. In order to determine the pay adjustment, the annual salary is divided by the number of contracted days to determine the value of a day. This daily pay rate is multiplied by the number of days not covered by accumulated leave. The resulting amount is the cost of the absences. Teachers and educational assistants are paid for 200 days spread over 12 months. Employees are given the benefit of applicable holiday/vacation days that are built into the 200-day calendar. The total amount owed to the district is subtracted from the employee's pay. An employee who has exhausted all leave days available should expect a reduction in pay at any time during the school year. Settlement calculations and pay adjustments usually occur during the months of March through July.

For employees who are hired after the regular school year begins, a similar adjustment may be necessary. Ten-month employees paid over 12 months may receive a decrease in pay during the months of June and July. The adjustment will depend on the total number of days worked during the school year.

EMPLOYEE WELFARE

CONTACT INFORMATION AND COMMUNICATION

It is the employee's responsibility to keep his/her address and contact information current in order to be quickly informed of school closings, emergencies and other important information. Utilizing the LCS mobile app is an excellent tool to obtain the latest news across the district and within each school.

INCLEMENT WEATHER

From time to time it is necessary to cancel classes across the school district due to poor road or hazardous conditions that have been caused by inclement weather such as snow. The Superintendent of Schools is the only person who may make the decision to close school. As soon as the decision to close schools is made, the Superintendent will use all means available to inform the public including news media, e-mail, LCS mobile app, and/or mass telephone notification. When all schools in the district are closed, supervisors within each department or school will provide instruction about required attendance and work hours of specific personnel. If school is not in session or is dismissed early due to inclement weather, all scheduled activities in which students are involved will generally be postponed or cancelled. [Policy 1.8011](#)

EMERGENCY/CRISIS MANAGEMENT

At the beginning of each school year, the principal or supervisor of each school will provide annual training in the crisis management procedures for all employees. Crisis management plans will be in place in case of a crisis, including but not limited to, suicide, shooting, natural disaster, and death of a student, parent or faculty member. WORKERS' COMPENSATION

Accident/Injury reporting for all employees is managed at the employee's work location and through Human Resources. The Tennessee Worker's Compensation statute changed in July 1, 2014 and requires timely submission of the **First Report of Injury C-20 Form** within 24 hours. Employees experiencing a work-related accident/injury should report the situation to the immediate supervisor and complete the C-20 form whether or not medical attention is required. In conjunction with the First Report of Injury, an **Employee Accident Report** form is also required. If medical treatment outside of the school nurse is needed, a **Panel of Physicians C-42G Form** must be completed before an appointment can be established. Contact Human Resources for the *Panel of Physicians*. Employees are to keep Human Resources informed of their status throughout the process including the time away from work. The federal government will impose penalties for non-compliance of the Worker's Compensation program, so it is imperative that employees familiarize themselves with the procedures and form requirements. All forms associated with Worker's Compensation are located on mybenefitschannel.com.

REQUIRED TRAINING

It is a violation of board policy for any employee or student to discriminate against or harass an employee through disparaging conduct or communication that is sexual, racial, ethnic or religious in nature. Alleged victims of sexual, racial, ethnic and religious discrimination/harassment should report the incident immediately to their supervisor, Federal Rights Coordinator or the Superintendent/Assistant Superintendent. Allegations of discrimination/harassment will be fully investigated. [Policy 5.500](#)

Employees must be well groomed and neatly dressed in appropriate attire. Specific dress codes may be established for some departments.

Improper use and maintenance of equipment can lead to unnecessary losses in time and money. When not in use, equipment should be stored according to administrative directives. Employees must immediately notify their supervisor when district property has been lost, stolen or damaged. Attempting

to repair equipment could cause further harm and void any existing warranties. ELECTRONIC COMMUNICATIONS

It is important that employees' use of networking websites does not damage the reputation of the Lauderdale County School District, its employees, its students or their families. Employees shall exercise care in setting appropriate boundaries between their personal and public online behavior, understanding what is private in the digital world is easily searchable, shareable, and often has the possibility of becoming public, even without their knowledge or consent.

Employees should adhere to these regulations:

1. Employees shall not utilize or post to their personal social media accounts or Internet sites while supervising students or performing any assigned duty, including but not limited to instruction, recess, planning time, and early/late duties.
2. Employees who desire to use social media as an enhancement to their instructional or school-based responsibilities must obtain written authorization from both the principal and district technology supervisor and register/maintain the account according to district procedures.
3. Employees are prohibited from engaging in private/personal messaging exchanges with students. Any online conversations or electronic communication between an employee and student shall be carried out via school email or through a district-approved, secure messaging service/site under the condition that the parent/guardian receives the same exchange or notification simultaneously. Any exception to this provision may be granted on a case-by-case basis by the principal or supervisor.
4. As a protection, the Board advises employees to refrain from students being "friends" or "followers" on their personal social media sites. The Board advises that employees not accept students as friends or initiate friendships with students (relatives excluded) through their personal social networking sites.

5. Posts involving students, including photos, videos, news about individual students, and displays of student work, are not allowed on an employee's personal social media sites.
6. Employees shall immediately remove any Internet postings, public or private, that the District determines are inappropriate or unprofessional, including but not limited to Internet postings that mention a student by name or that cast students unfavorably.
7. If an employee's Internet postings or profiles identify him/her as a representative of the Lauderdale County School District, employees must make it clear that any views expressed are the employee's alone, and do not necessarily reflect those of the district.
8. All data including electronic mail communications stored or transmitted on school district computers shall be monitored. Employees should have no expectation of privacy with regard to such data. Email correspondence may be subject to public inspection under the public records law.

EXPECTATIONS FOR INSTRUCTIONAL AND SUPPORT STAFF

Below are the district expectations set forth by Lauderdale County Schools (LCS). These expectations are minimum requirements. Each school may have additional expectations over and above those listed below. Teachers and educational assistants should refer to procedures provided by the building principal for more specific guidelines applicable to each school.

District Calendar – The district calendar is set prior to each school year. In-service, district-wide Professional Development Days, and Family/Teacher Conferences appear on the district calendar and attendance by teachers and school staff is mandatory. The Superintendent must approve any absences from In-service, district-wide Professional Development, and Family/Teacher Conferences. [Policy 1.800](#)
[Policy 5.113](#)

In-Service Days – Employees are required to complete five (5) scheduled in-service days annually as specified by state law. Employees who miss in-service days must make up any required trainings that they missed on those days. In addition to making up mandated trainings, employees must claim absences as personal leave or leave without pay. [Policy 5.113](#)

Professional Development Days – The district strives to incorporate embedded professional development within the school day to reduce the demands on employee personal time. Three professional development days are provided throughout the year for administrators, teachers and paraprofessionals to collaboratively work together.

Family/Teacher Conferences – Family/Teacher Conferences are scheduled twice yearly to discuss students' academic progress and individual needs. Teachers should be prepared with documentation of current/accurate grades, behavior, and student work samples to support a productive conversation.

Attendance – Personal and family illness and other emergencies arise. However, research indicates that teacher attendance patterns have significant impact on student achievement. While student attendance impacts an individual student, teacher attendance impacts all students assigned to a teacher. Attendance to scheduled faculty/staff meetings and/or any other routine meetings of the like will be required unless otherwise approved through the direct supervisor.

Extra Duties – Teachers will be required to serve in many additional capacities, which may include, but not limited to, bus duty, hall duty, extra-curricular activities, parent-teacher organizations, and gate duties. Fulfilling such duties enables the teacher to contribute to the total success of the school.

Teacher Code of Ethics – Educators must adhere to the **Code of Ethics** (pages 27-29) as mandated by state statute. The highest degree of ethical conduct must be maintained as specified in the educator's obligations to students and to the education profession. Any unethical employee conduct or failure to report colleague misconduct may result in disciplinary action.

Mandated Trainings – Annual verification of training in blood borne pathogens, bullying/harassment, child abuse reporting, suicide prevention, AED use, and concussion/sudden cardiac arrest training (where applicable) is required. Time for annual training is usually scheduled during in-service days. [Policies 6.409, 6.413, 6.414, 6.415, 6.3041](#)

Test Security – All employees are expected to adhere to state and local test security mandates. State test security procedures apply to all locally developed assessments as well as state mandated assessments. Annual training by district-authorized person(s) is required for all instructional personnel. In addition, instructional personnel will sign an annual agreement to acknowledge training and to honor all testing rules and regulations. [Policy 4.701](#)

Teacher Licensing – Certified personnel are expected to maintain proper licensing for their assigned position. Licensing/certification is the responsibility of the individual educator. More information concerning licensing may be obtained at the [state licensing website](#) or through a district instructional supervisor.

Professional Development Points (PDP) - Certified personnel are required to accrue Professional Development Points (PDP) for license renewal. Teachers must obtain prior written approval from the appropriate district administrator/supervisor for activities, events or trainings for which personnel desire to earn PD points. Points will not be granted for scheduled district professional development days or other professional development delivered during the school day.

Name Changes – If an employee has a name change, he/she should follow the procedures in TNCompass to change his/her name with the TDOE and inform HR/payroll immediately. It is the responsibility of the employee to maintain the same name with the district office (HR and payroll) and state licensing. Once the name change is complete, the employee must file a new W-4 form with the HR department.

Professional Dress – LCS recognizes that teachers are role models for the students. The manner in which teachers present themselves may be reflected in the conduct of the students and the respect given to teachers, staff, and the school district within the community. Employees are expected to present themselves in a professional manner through appropriate dress and grooming. Staff members must appear neat, clean, and appropriately dressed. Clothing must be non-distracting in style, length and fit. [Policy 5.6001](#)

Lesson Plans – All teachers are required to submit weekly lesson plans using the district-approved *Lesson Plan Template* to a designated administrator in each school. [Policy 4.200](#)

Substitute Folder – Each teacher is expected to provide a clearly marked substitute folder or notebook. Appropriate plans and materials for any absence from the instructional day should be included. The substitute folder should be visible and accessible upon arrival of the substitute or delivered by the beginning of the school day. Items to be included in the folder: seating chart, attendance sheet/roster, procedure for submitting attendance, bell schedule, classroom management procedures, location of hall passes, safety procedures (fire, lock-down, inclement weather, etc.), name of fellow teachers for support and their location, crucial student information (health needs), and location of emergency lesson plans.

Emergency Lesson Plans – Emergency plans should be submitted according to individual school procedures. Emergency plans should reference or include all required documents found in the substitute folder and two days of generic lesson plans and materials that would be appropriate throughout the year. Emergency plans are only used for unforeseen events and are not to be used in lieu of a substitute folder.

Positive Behavior Support – Response to Instruction and Intervention-Behavior (RTI²-B) is an evidence-based approach for meeting the behavioral and social needs of all students. The district RTI²-B initiative is known as ROAR and it promotes Responsibility, Optimism, Accountability and Respect. Desired behaviors and expectations are directly taught and modeled. Students receive positive feedback for these behaviors

when observed in specific areas, including the classroom, playground, cafeteria, hallway, restroom, and bus. All staff members are expected to follow their school's ROAR implementation plan. ROAR requires a commitment from all stakeholders (educators, support staff, parents, peers and community) to teach and reinforce positive behavior. This team effort will help students build the social skills and behavioral habits needed to be successful.

Classroom Management – Teachers should develop, communicate, and implement appropriate classroom management techniques that are conducive to student learning. Classroom rules and procedures are vital parts in establishing effective classroom management. Teachers should communicate their classroom rules and procedures in a positive, explicit manner as to be understood by students and parents. Classroom rules and procedures should be aligned with the district's ROAR initiative at the school, team, and /or grade level.

Procedures are simply methods or processes for how things are to be done within the classroom to maintain appropriate discipline and student behavior. Effective teachers spend substantial time the first weeks of the school year introducing, teaching, modeling, and practicing ROAR procedures until they become routine. Teachers should establish procedures for students entering the classroom, getting the teacher's attention, turning in work, completing make-up work, exiting the classroom, and any other regular class activity.

Student Supervision – Supervision of students is a critical component of school safety. Students are the legal responsibility of the teacher. ***Leaving students unattended constitutes negligence.***

Student Dress Code – All certified and classified personnel will be responsible for consistently enforcing the Dress Code policy, and reporting violations of the dress code to the site administrator/designee. [Policy 6.310](#)

Student Use of Equipment – Teachers and educational assistants must constantly monitor students utilizing computers and classroom equipment to prevent damage/abuse and misuse.

Communication - Educating students is a team effort involving the student, parents and family members, teachers, and administrators. Open communication is the key to success. Parents need to know that the teacher is willing to talk, listen, and work cooperatively with them. It is important to establish contact as early as possible in the school year and become acquainted with students' parents. Teachers should make an initial contact with the family by either calling or sending an introduction letter during the first few days of school. Frequent contact will improve the effectiveness of the message. Positive ways to communicate include phone calls, conferences, written notes, newsletters and emails. [Policy 4.5021](#)

Documentation – The teacher shall establish a method to document all communications with parents and family members, including praise and positive progress/comments and steps taken to correct disruptive behavior. Student's name, date, behavior description, and actions taken by the teacher should be included. Examples of documentation may include, but not limited to, copies of notes, phone call logs, emails, conference notes involving students and/or parents. Classroom rules and procedures should be simple and aligned with those of the school, team, and grade level.

Record Keeping – Teachers are held accountable for keeping an accurate account of student performance and attendance. All teachers must maintain grades and attendance records in the district's student information system. Each teacher must adhere to deadlines for submission of attendance and grades per the school administrator's requirements. All personnel utilizing the system must be trained via the

Director of Data and Accountability or designee. Student Information System (SIS) users and teachers must follow confidentiality and security measures at all times. No students may be allowed to enter grades, access grade book or acquire a teacher's pass code for any reason. The Director of Data and Accountability must be notified immediately if there has been a breach of security so that account information can be changed. Student work should be graded and recorded promptly. These records are legal documents; therefore, the online grade book should be kept up-to-date at all times. Teachers are responsible for maintaining hard copy records of all student grades and attendance for auditing purposes. Teachers are fully accountable for attendance and grade records for the students they teach.

Confidentiality – Records, files, documents and other materials, which contain information related to a student fall under confidentiality laws. Confidentiality laws include FERPA, IDEA, HIPPA, and local board policies.

IEP Information – In collaboration with and support of special education staff, classroom teachers are responsible for reviewing and implementing the Individualized Education Plan (IEP) of each student served.

504 Plans – Similar to an IEP, a 504 Plan helps a child with special health care needs to fully participate in school. The 504 Plan is generally used for students not eligible for special education services. A 504 Plan specifies accommodations related to a child's disability to participate in the general classroom setting and educational programs.

Bullying/Harassment/Discrimination – A safe, civil and supportive environment is necessary for high academic achievement and positive social development. In order to maintain such an environment, any act of bullying, discrimination, harassment, or any other victimization of students and employees is prohibited. Victims of such offenses shall report incidents immediately to a teacher, counselor, social worker or building administrator. Allegations of conduct that may meet the definition of bullying, cyberbullying, harassment, discrimination, intimidation, and/or hazing that are conveyed to or witnessed by any staff member must be reported to the principal/designee immediately as required by [Policy 6.304](#). All other members of the school community, including students, parents, family members, volunteers and visitors are encouraged to report any act that may be a violation of this policy. The principal and/or his designee shall be responsible for investigating and resolving complaints. Allegations of sexual harassment should be reported to the Title IX Coordinator as required by [Policy 6.3041](#).

Child Abuse Reporting – Employees are required by law to report any suspected child abuse to the Child Abuse Hotline 1-877-237-0004 and law enforcement. Also, the Child Abuse Coordinator/Principal should be notified of the report. More information is located on the state's [child abuse website](#). [Policy 6.409](#)

Student Illness – Students who self-report illness at school or who are observed to be ill should be referred to the school nurse. The teacher must complete a sick form and send with the student. The nurse will assess the student and determine the appropriate course of action. A student may be sent home or may be returned to the classroom. No student is to be sent home without documentation by the school nurse. If a school nurse is not available, the school administration should be consulted.

Accidents – Incidents that involve injuries of students or faculty/staff/adults must be reported to the school administration immediately, and a legible and complete written report filed with the school administration and the school nurse. Students injured at school MUST be seen by the school nurse even if at dismissal time. The school nurse will determine the extent of injury and notify the parent(s). If a nurse is not available, a school administrator should handle the situation. [Policy 6.410](#)

Student Medication – Instructional staff may not administer prescription or nonprescription medication to students. ONLY certified medical personnel or trained staff may administer prescription or nonprescription medication. In some instances, with written parental consent, special arrangements for administering medication may be necessary.

Multimedia Use – All multimedia used in the classroom must either be provided by the school (district-sponsored electronic links, library materials, videos, etc.) or have the prior written approval of the principal. A **Multimedia Approval Form** must be submitted to and approved by the building principal before students may view a media selection. Media use with students in the classroom MUST be of educational value and correspond to the curriculum. [Policy 4.408](#)

Guest Speakers – Teachers are encouraged to use community and business resources such as guest speakers to enhance classroom instruction. Prior written approval of the building principal is required using the **Speaker Approval Form**. [Policy 4.500](#)

Field Trips – Field trips should reflect educational experiences tied to relevant curriculum. With the building principal's consent, all field trips requests must complete the online **Field Trip Request Form** located on the district's website. The request must be submitted a minimum of 15 school days in advance and via the district's network. The field trip organizer will follow the district field trip procedures and consult with the school bookkeeper about costs of bus driver fees, fuel, and other related expenses. Three days prior to the scheduled trip, the bus reservation should be verified with the transportation department (731) 635-7872. [Policy 4.302](#)

Parent Permission – A signed **Parent Permission Form** is required from all students participating in a field trip. One set of the permission forms should be in possession of supervising personnel on the field trip and duplicate copies should remain with the principal for access in the case of an emergency.

Volunteers – To work with or transport students, volunteers (including parents) must submit an application for a background check to the school and be approved by the district. [Policy 4.501](#)

Fundraisers – A school-sponsored fundraiser is considered to be any activity conducted by the school or a school-based organization that is intended to generate a profit. **All fundraisers require the approval of the Superintendent.** The number of fundraisers by a given organization should be limited. All monies received must be receipted and deposited in the appropriate school account. All accounts are subject to the regulations and auditing under the Tennessee Internal School Uniform Accounting Policy. [Policy 6.701](#)

After School Safety – Occasionally employees may choose to be in a building or on campus beyond a normal working day. Employees who choose to work after hours (later than 5:00pm) on school days, weekends, or holidays must notify their supervisor in advance. Employees who work after hours should keep the building and/or classroom locked and be aware of their surroundings at all times. Working with co-workers rather than alone is strongly recommended. Employees should choose well-lit parking spots that are closest to the entrance that will be used to exit the building and vacate the premises no later than 10:00pm. Any site-specific procedures designated by the supervisor/principal about working after hours should be followed, including campus access and security.

Staff Rights & Responsibilities – In fulfilling any citizenship rights and responsibilities, employees shall give proper consideration to the educational welfare of students and ensure that no conflict exists with their actual duties. Educators have the responsibility to make themselves familiar with and abide by, the laws of the state as these affect their work, the policies of the board and the procedures designed to implement them. [Policy 5.600](#)
