## TRIPLE P

### Positive Parenting Program

Raising children can be rewarding and enjoyable as well as demanding, frustrating and exhausting. The challenge is to raise healthy, well-adjusted children in a nurturing, safe and predictable environment. The Triple P program is designed to help parents improve their parenting skills and build positive relationships with their children. The program will provide parents with useful ideas and strategies to meet the challenges of parenting children ages 2 to 10 years old. In this 4 session program, parents will learn how to:

- \*provide a safe, interesting environment
- \*create a positive learning environment
- \*use assertive discipline
- \*have realistic expectations, and
- \*take care of oneself as a parent.
