

Ovid Elsie High School, in partnership with Educatus Group, welcomes international high school students to the school and community this Fall 2022. Our students come from France, Italy, and Spain and take classes alongside their American peers, while living with loving host families.

Educatus is currently looking for host families. Host Families come in many different shapes and sizes - young couples with small children, single persons, one parent families, empty nesters, etc. The one characteristic all host families share is a big heart with a lot of love and understanding for a new family member! Our students will arrive in late August 2022.

Host families provide a room to sleep and study in (room can be shared with about same age host sibling) and 3 nutritious meals a day. Students come with their own health insurance, spending money and an open mind and curiosity. Host families receive a monthly stipend to offset the cost of hosting.
