27 Get your backpack and outfit ready for school!	28 First day of Kindergarten!!!!!!	29	30	31		

FOCUS:

Alphabet

Your child has been writing their name. Now look at all the alphabet letters. Saying the alphabet is not the same as knowing the letters.

Counting

Take the time to count and use numbers. Counting, writing and recognizing numbers are all different skills!

General school skills

Using a backpack isn't easy for children. Before school starts, practice opening and closing the backpack. Which zipper section should papers go into? How do you put papers in a folder correctly? Practice carrying the backpack on your back.
