

NEW ENGLAND LIONS CLUB

Parents of NEHS Students

The New England Lions Club is establishing a Leo Club at New England High School. Leo Clubs are a high school version of Lions Clubs International, for youth ages 12-18.

Leo Clubs provide young people with an opportunity for development and contribution, individually and collectively, as responsible members of the local, national and international community. Personal growth and leadership skills result.

Acting separately, and together with the New England Lions Club, they will experience the pride and satisfaction of being part of the greatest volunteer service organization in the world.

It has been noted, this experience often weighs even more importantly than their academic grades when applying for college admission, and even more so, when prospective employers review their job application.

We at the New England Lions Club are dedicated to provide that experience and those benefits to our young people. Leaders have volunteered to be "in house" connections between the Lions and Leo clubs. We will work together on projects, and encourage them as they pursue projects of their own.

Membership is not mandatory, but is highly recommended.

The NEHS administration joins us, as we encourage and support your students to become active members of the New England High School Leos Club.
