Code: EB

ENVIRONMENTAL AND SAFETY PROGRAM

The Regional School Unit #50 School Board directs that the Superintendent shall be responsible for developing and implementing regulations and procedures to minimize hazards and to protect the safety of students, employees, visitors, and others on school property, including school buses and at school-sponsored events.

The principal of each school will be responsible for ensuring that such regulations and procedures are followed with respect to his/her building.

The practice of safety will be included in the educational program of the schools, with grade-appropriate instruction in areas such as traffic and pedestrian safety, driver education, fire prevention and safety and emergency procedures.
