Such review, and any preparation of comments in response to the material and/or statement, shall take place during normal business hours, and the unit member shall be released from duty for this purpose without salary reduction. Material which may be excluded from inspection shall be limited to ratings, reports or records which were obtained prior to the employment of the unit member.

ARTICLE 10 - DISCIPLINE

10.1 Purpose

10.1.1 The purpose of the Discipline Article is to establish a corrective process of professional improvement for unit members. The intent is to have a process that is fair, consistent, and progressive in application. The District may discipline unit members for just cause with due process.

10.1.2 The following just-cause guidelines shall be recognized:

10.1.2.1 The unit member shall be adequately informed of the consequences of his/her conduct.

10.1.2.2 The District's rules, regulations and policies shall be reasonable and related to the efficient operation of the District.

10.1.2.3 A fair and objective investigation should reveal the necessity for disciplinary action.

10.1.2.4 Rules, orders and penalties should be applied fairly and equitably.

10.1.2.5 Disciplinary action should be appropriate and reasonably related to the nature of the offense.

10.2 Progressive Discipline

The following progressive discipline procedures will be applied except where the serious nature of the offense may require the District to directly impose a written warning, written reprimand, or suspension without pay. The decision to bypass required progressive discipline steps may be appealed under Article 16, Grievance Procedure of the Agreement.

10.2.1 Verbal Counseling/Warning

The District shall first issue a verbal counseling/warning before imposing further discipline.

10.2.2 Written Warning

Subject to 10.2.1 above, written warnings may not be used unless the unit member has been verbally warned about similar actions within the last twelve (12) months.

10.2.3 Written Reprimand

Subject to 10.2.2 above, written reprimands may not be used unless the unit member has received a written warning about similar actions within the last twelve (12) months.

10.2.4 Suspension Without Pay

Except for action taken under Section 10.7, subject to 10.2.3 above, suspension may not be used unless the unit member has received a written reprimand about similar actions within the last twelve (12) months. No unit member will be suspended for more than fifteen (15) working days during a school year. In all instances, however, the length of a suspension will relate to the severity of the action.

10.3 Notice of Suspension

Notice of suspension will be made in writing and served in person or by certified mail upon the unit member by the Superintendent or designee. A copy will be concurrently provided to the Association President. The notice of suspension will contain:

- 10.3.1 A statement of the specific acts or omissions upon which the action is based;
- 10.3.2 A statement of the cause(s) for which action is recommended;
- 10.3.3 Where applicable, the Education Code section, policy, rule regulation, or directive violated;
- 10.3.4 Penalty proposed and effective date; and
- 10.3.5 Copies of the documentary evidence upon which the recommendation is based.

10.5 Confidentiality

All information or proceedings regarding any actions or proposed actions pursuant to the Article will be kept confidential by the parties to the extent permitted by law. All communications involving discipline or that could potentially lead to discipline shall be done in a private manner and in a private setting.

10.6 Association Representation

Unit members shall, upon request, be entitled to Association representation at any meeting which is likely to result in any disciplinary action against the unit member. The Site Administrator shall advise the unit member of this right, in advance of the meeting. However, unavailability of such representation shall not unreasonably delay imposition of discipline.

10.7 Education Code

Any actions beyond those outlined above shall conform to appropriate Education Code regulations. Nothing in Article 10 shall limit the District's right to institute dismissal, immediate suspension and mandatory leave of absence proceedings as set forth in Education Code, Sections 44932 through 44948.5 and subsequent amendments and supplements thereto, nor shall discipline under this Article or any other terms of the Article be regarded as a precondition to, or limitation upon, such Code proceedings. In such cases, the Superintendent may skip progressive discipline steps and suspend a unit

member as set forth in provisions of the Education Code pending Board action when, in the opinion of the Superintendent, continuation of the unit member in their position would present a clear danger to the students, staff, property or reputation of the District, or to the unit member. In such cases, the Superintendent must provide the unit member with a written justification of this action but said justification may be provided after the suspension has taken effect. If the District attempts to suspend a unit member pursuant to Education Code and fails, the District is prohibited from attempting to impose any discipline under this article for the same offense.

APPENDIX E - PROFESSIONAL PARTNERS

PROFESSIONAL PARTNERS PROGRAM AN ALTERNATIVE TO TRADITIONAL TEACHER EVALUATION

PROGRAM GOALS

The Strategic Plan of the District states that we are a community of learners in which everyone participates both as teachers and as learners and that we establish goals and accountability standards for students, staff, and programs, using a variety of means to assess success in meeting those goals and standards. As a District, we are committed to the ongoing improvement of our programs, and to the continued growth and development of our staff. For this reason, we have made extraordinary investments in staff development, and we have been particularly attentive to the teacher evaluation process.

The traditional Stull evaluation process, while often quite valuable, is a hierarchical model that is driven by administration. The Professional Partners Program is an attempt to develop an alternative to traditional evaluation that is self and peer driven. It is an attempt to develop reflective professional practices that lead to improved performance in the classroom and to the establishment of a true community of learners among staff members.

PROGRAM SUMMARY

The Professional Partners Program has three basic phases:

1. The establishment of annual goals.
2. A minimum of three peer observations including pre- and post-observation conferences.
3. A final conference and self-evaluation.

A peer and the Principal participate in the process.

ELIGIBILITY

In order to be eligible to participate in the Professional Partners Program as an alternative to the regular evaluation process, a teacher must:

1. Be a permanent employee of District
2. Have received satisfactory annual evaluations, as determined by the Principal, for the three preceding evaluation cycles.
3. Agree to participate in the Professional Partners Program and to meet all of the program requirements.
4. Agree to participate in two days of training to be scheduled prior to the commencement of the regular work year.

APPENDIX E - PROFESSIONAL PARTNERS CONTINUED

Please note the following in relation to eligibility:

- _____ **September 28:** *Schedule a minimum of three peer observations including pre-observation and post-observation conferences.*
 - _____ *Complete peer observation number one.*
 - _____ *Complete peer observation number two.*
 - _____ *Complete peer observation number three.*
 - _____ *Short written summary produced for each peer observation.*
 - _____ *Principal included in at least one peer observation cycle.*
- _____ **Prior to April 15:** *All three observations completed.*

FINAL SELF-EVALUATION

No later than four weeks prior to the end of the school year, the teacher will write a self- evaluation, including reflections on success in meeting program goals and learning that took place through the peer observation process. This draft self-evaluation is submitted to the partner and the Principal. A conference is held between the teacher, partner, and Principal to discuss the draft. A final draft is completed by the teacher, signed by the Principal and partner, and placed in the teacher's permanent personnel file.

- _____ **April 30:** *Complete written self-evaluation and submit to Principal and partner. May*
- _____ **5:** *Conference with Principal and partner to discuss self-evaluation draft. May 8:*
- _____ *Complete final self-evaluation, obtain Principal and partner signatures, and submit to personnel file.*

OTHER NOTES

The Professional Partnership Program should be viewed as a pilot program. It will be reviewed and revised as we gain experience with the program. Until agreed otherwise, teachers who participate in the Professional Partners Program will participate in the regular evaluation process every fourth year.
