

**SCHOOL BOARD LEGAL STATUS**

The R.S.U. No. 67 Board of Directors recognizes that “a general diffusion of the advantages of education [is] essential to the preservation of rights and liberties of the people,” and that the Constitution of the State of Maine declares that the Legislature has the duty to require communities to provide for the support and maintenance of public schools in order to further this objective. Maine law establishes a State Department of Education to supervise a coordinated system of public education; a Commissioner to enforce regulatory requirements and to provide technical assistance and educational leadership; and a State Board of Education to act as a body with certain policy-making, administrative and advisory functions, but places the responsibility for control and management of public schools with locally elected School Committees, School Boards or Boards of Directors. Thus, R.S.U. No. 67 derives its legal authority from the State’s Constitution, state statutes and regulations of the State Board of Education, as well as Federal laws and regulations.

By custom and tradition, local School Boards have responsibilities to the local citizenry they serve and which elect them to office. Recognizing this parallel concept of authority and responsibility, the Board becomes a policy-making body for the school district serving within the framework provided by law and responding to the will of the local citizenry.

There shall be 12 members on the Board of Directors - two from Chester, two from Mattawamkeag, and eight from Lincoln. Each Director serves for three years, and these terms overlap so that in each year three directorships are vacated and must be resupplied by election. As required by law, Board members shall cast weighted votes as follows:

Each Director from Lincoln	654 votes
Each Director from Chester	255 votes
Each Director from Mattawamkeag	401 votes

Each year as part of the Board reorganization procedure, one director is elected to serve as Chair and is the presiding officer at all its meetings. One director is elected to serve as Vice-chair. In the absence of the Chair, the Vice-chair shall assume the role of Acting Chair with all rights and responsibilities of the Chair contained therein.
