NOTE TO PARENTS

This handbook is issued in order that students and parents become familiar with the general policies of the school. It contains information that should be known by all those connected with the school. Answers to common questions can be found in the material which follows. If changes seem advisable, they will be made by the administration and reported to the Board of Education. The school reserves the right to make changes to the handbook without notice; however, if a change is made, it will be communicated to the parents on the back of the monthly calendar. Appropriate action will be taken by the administration for any situation or incident not specifically covered in this book. All school personnel serve as mandated reporters.

EQUAL EDUCATIONAL OPPORTUNITIES

Shiloh CUSD #1 ensures equal educational and extra-curricular opportunities are offered to all students regardless of race, color, national origin, age, sex, religion, or handicap. Shiloh School has established a policy using non-sexist language in all publications. Questions in reference to educational opportunities may be directed to Superintendent Bill Myers, Shiloh CUSD #1, 21751 N 575th St., Hume, IL 61932. 217-531-1850. A student who wishes to file a complaint may do so with the Superintendent or Building Principal, Morgan Wilhoit or Amy Jones.

Student Registration

Students must be registered by the parent or court-appointed legal guardian living in the Shiloh School District to attend Shiloh CUSD 1. A notarized affidavit stating that the parent will allow their child to live with a person to attend school at Shiloh will not be acceptable. Each new student transferring from an Illinois Public School must have a STUDENT TRANSFER FORM (form ISBE 33-78) from their previous school verifying whether the student was in good standing prior to leaving and that medical records are up to date and complete. Students transferring from an out-of-state school or home school should provide transcripts and school information. A 24 hour waiting period will be incorporated before new students will attend school. During that time, information will be gathered pertaining to that student's eligibility and/or needs for attendance. Homeless students will be enrolled immediately as per the McKinney Vento Act.

Military Information

Shiloh School must notify parents that as a result of the No Child Left Behind Law, the school is required to provide to any branch of the military their high school student's name, address and telephone number unless the parent notifies the school that they do not want this information given out.

Sex Equity Policy

No student shall, on the basis of sex, be denied equal access to programs, activities, services, or benefits, or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational, vocational, and extracurricular programs and activities.

Homeless Liaison

The coordinator/liaison for the homeless children is Principal, Morgan Wilhoit.

Rights of Homeless Students

The school district shall provide an educational environment that treats all students with dignity and respect. Every homeless student shall have equal access to the same free and appropriate educational opportunities as students who are not homeless. This commitment to the educational rights of homeless children, youth, and youth not living with a parent or guardian, applies to all services, programs, and activities provided or made available. A student is considered "homeless" if he or she is presently living:

- In a shelter
- Sharing housing with relatives or others due to lack of housing
- In a motel/hotel, camping ground, or similar situation due to lack of alternative, adequate housing
- At a train or bus station, park, or in a car
- In an abandoned building
- Temporarily housed while awaiting DCFS foster care placement

All Homeless Students Have Rights to:

- **Immediate school enrollment.** A school must immediately enroll students even if they lack health, immunization or school records, proof of guardianship, or proof of residency.
- **Enroll in:**
 - *the school he/she attended when permanently housed (school of origin)
 - *the school in which he/she was last enrolled (school of origin)
 - *any school that non-homeless students living in the same attendance area in which the homeless child or youth is actually living are eligible to attend.
- **Remain** enrolled in his/her selected school for as long as he/she remains homeless or, if the student becomes permanently housed, until the end of the academic year.
- **Priority** in certain preschool programs.
- **Participate** in a tutorial-instructional support program, school-related activities, and/or receive other support services.
- **Obtain** information regarding how to get fee waivers, free uniforms, and low-cost or free medical referrals.
- **Transportation services:** A homeless student attending his/her school of origin has a right to transportation to and from the school of origin as long as (s)he is homeless or, if the student becomes permanently housed, until the end of the academic year.
- **Dispute resolution:** If you disagree with school officials about enrollment, transportation or fair treatment of a homeless child or youth, you may file a complaint with the school district. The school district must respond and attempt to resolve it quickly. The school district must refer you to free and low cost legal services to help you, if you wish. During

the dispute, the student must be immediately enrolled in the school and provided transportation until the matter is resolved. Every Illinois Public School has a Homeless Education Program Liaison who will assist you in making enrollment and placement decisions, providing notice of any appeal process, and filling out dispute forms.

If you have questions about enrollment in school, or want more information about the rights of homeless students in Illinois Public Schools, call the appropriate Regional Homeless Education Liaison from the listing below or call the Illinois State Board of Education at (1-800) 215-6379.

Asbestos Notification

Shiloh CUSD #1 is officially making notification that there is asbestos material in the buildings (including TLC). This material is covered and is safe for students. There is no exposure for students, staff or parents. Please contact the Principal's Office with questions.

Lost Materials

Material which cannot be located at the end of school may be charged to the student who checked it out.

Notice of Accommodations Available

Accommodations will be made at any school-related function for those individuals with disabilities. An individual needing an accommodation should notify the Principal's Office in advance to help ensure these accommodations are made in a timely manner.

Pledge to the Flag

Each school day begins with the Pledge to the Flag. "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

The American's Creed

I believe in the United States of America as a government of the people, by the people, for the people. Whose just powers are derived from the consent of the governed; A democracy in a Republic, a sovereign nation of many Sovereign States, a perfect Union, one and inseparable; Established upon those principles of freedom, equality, justice, and humanity, for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my Country to love it, to support its constitution, to obey its law, to respect its flag, and to defend it against all enemies.

Parent-Teacher Conferences

Access for monitoring your child's progress is available quarterly by report cards and weekly through the electronic gradebook program "Teacher Ease." If you still have questions or feel that there has been a misunderstanding, please call the school for an appointment with the classroom teacher or guidance counselor. A parent who wishes to talk with a teacher should request a conference with the teacher before or after school or at a time convenient to both during the day. Teachers may also request conferences with a parent in order to keep the parent up to date regarding a student's progress. Parents may make appointments for conferences with teachers or administration by telephoning the school office at 217-531-1850.

Student Release and Information Release

A student can only be released or "signed out" by approved individuals. A parent must provide written documentation regarding individuals other than the legal guardian to authorize a student to leave school. Information for students may only be released to approved individuals as well. In matters of assigned

custodial orders, a copy must be filed in the Principal's Office. It will be included in the student's records.

Accidents and Illness

The school will make every effort to inform the parents of any accident or illness occurring at school that may need care or observation at home. However, no student will be sent home unless a responsible adult is there to receive him/her. It is the parent's responsibility to provide the school with the names of additional persons to provide care for your child if you are unavailable. Please list that person(s) when registering for school each year.

Surveys

Throughout the school year, parents/students may be asked to fill out surveys. This will be strictly voluntary and no punishment will be given if not filled out.

Student Records

Shiloh CUSD #1 complies with Illinois School Student Records Act of 1975. All student records are maintained in a safe and secure location. Student permanent records are kept for a minimum of 60 years. These consist of basic identifying information, grades and class rank, graduation date, college entrance examination scores, attendance records, accident reports and health records, and a list of who these records have been released to.

Temporary records consist of all information not required to be in the student's permanent records. These records are kept for five years after graduation. This is considered long enough that they will not be of help to the student.

Parents have the right to inspect and review these records in the Principal's Office and copy them. You can control who has access and challenge their accuracy. Ask the Principal's secretary for assistance in this matter. At the age of 18, the student assumes control of his/her records.

Fines, Charges, and Athletic Fee

Students will be expected to pay for any willful damage to school property or for loss of school books. In addition, the Board may establish a few fees/charges for some extracurricular activities.

Students shall not be denied educational services or academic credit due to the inability or unwillingness of parents or guardians to pay textbook fees, fines, other school fees or charges for damaged property. The parent is legally responsible for such indebtedness, not the student, and any action taken by the District to collect such fees should be taken against the parent.

Grievance Procedure

Any person feeling that the School Board, its employees, or agents have violated their rights may file a grievance according to the following procedure:

Filing a Complaint

Any person wishing to file a complaint must do so in writing with the manager. The manager for the 2023-2024 school year Mr. Bill Myers, Superintendent.

Investigation

Upon receiving a complaint, the manager or his/her designated appointee, will investigate the complaint. If the complainant is a student, the manager will notify his/her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved.

Within 10 school days of the date the grievance was filed, the manager will file a report with his/her findings with the superintendent.

Decision

Within 5 school days after receiving the manager's report, the superintendent shall render his decision. The superintendent will notify the complainant and manager by either mail or phone. If the complainant is not satisfied with the superintendent's decision, he/she may appeal to the school board. The complainant must notify the superintendent that he/she wishes to appeal to the school board no later than one week before the regularly scheduled school board meeting. As such, all information regarding the investigation and decision will be given to the school board for their consideration.

Social Security Numbers

Disclosure of your social security number is voluntary. No legal right, benefit or privilege will be denied as a result of any failure to disclose your social security number. Student social security numbers collected will be used for educational research purposes only, and will primarily be used for employment tracking of those who have completed the Vocational Education program in accordance with the Carl D. Perkins Vocational Education Law, 20 U.S.C. Sed. 2301 et seq., and State law, Ill. Rev. Stat. 1987, ch. 122, para. 697. Names of individuals will not accompany social security numbers included in any data file transmitted to the Illinois State Board of Education.

Parent/Guardian State Pupil Transportation Reimbursement Program

This program is for parents/guardians to whom free bussing is **not** provided. It is also utilized by parents/guardians who live less than 1.5 miles from the school and have a Serious Safety Hazard approval on file with their Regional Office of Education. The reimbursement rates are usually prorated, and are paid out on a per pupil basis.

The purpose of the Parent/Guardian Pupil Transportation Program is to reimburse parents or guardians of eligible students for qualified transportation expenses. Statutory authority for this program can be found in the Illinois School Code at 105 ILCS 5/29-5.2. Student eligibility criteria for this initiative includes the following:

- The pupil must be under age 21 at the close of the school year;
- The pupil must be a full-time student in grades K-12;
- The pupil must live either;
 1. 1 ½ miles or more from the school attended; or
 2. Within 1 ½ miles of the school attended, where a verified safety hazard exists (similar to the safety hazard mechanism in regular/vocational transportation reimbursement); and
- The pupil did not have access to transportation to and from school provided at public expense.

Objectionable Topics and Activities

Sex education is provided through Health, PE and additional programs such as CPR, DARE and others. This information is given to educate and inform students so they may make proper decisions as they are confronted with situations. Parents have the right to withhold their children from portions pertaining to sex education, recognizing and avoiding sexual abuse and certain activities/courses based on religious beliefs if the parents submit a written objection. Parents/Guardians of students in grades K-8 will be notified five (5) days before the start of classroom activities that include recognizing and avoiding sexual abuse.

Drivers Education Requirements

Each student must complete a minimum of thirty clock hours of classroom instructions and six hours of school driving. Students who do not meet the class requirement may not take the class until the next school year. The fee for Driver Education will be paid at registration each time a student takes the class.

Married Students

Married students, pregnant students, and students with children shall have the same educational opportunities as unmarried students. They shall be expected to assume the same responsibilities and abide by the same rules and regulations governing all other students.

Food in Lockers, Gym, and Classrooms

Lockers may be inspected by the administration, faculty, and staff whenever it is deemed necessary. **Food is not allowed in lockers or in the gymnasium unless it is in a secured lunch box, taken home daily. The only beverage allowed is water (with no additives) in a clear bottle.** Classroom Teachers may have their own rules regarding water in the classroom, students must follow teacher directives.

Valuables

Please do not bring valuable items to school. If it is necessary to have an item at school, leave it in your locker and utilize the combination padlock supplied by the District. Administration will do the best job possible to safeguard student possessions. Ultimately, the District is not responsible for items that are lost or stolen.

Telephone Usage

The office telephones are business phones and may be used by students with supervision from the secretaries, administrators, or staff members. Students are encouraged to go to the offices to make phone calls home, as there is a no cell phone policy in the building.

Office Machine Usage

Copy machines may not be used by students without permission of the Principal or office staff. There will be a \$.25 per copy charge for personal copies.

Senior Trip

The senior trip is a privilege given to the senior class for their years of working together. It is to be funded through their efforts and limited to what they can afford. Behavior on class trips is expected to be exemplary. Students must demonstrate this behavior throughout the year to merit this trip. Eligibility to attend will be determined by class sponsor and building principal.

Regulations for Shop and Lab Classes

Because these classes present certain safety problems, the following policies shall be in effect for each class:

1. Students do not wear jewelry or loose fitting clothing that could cause injury while using special equipment.
2. Students do not wear excessively long hair that could be caught in machinery or be exposed to sparks or flame. This means that when the hair is in the person's eyes hanging down into the machinery or a flame, teachers are instructed to prohibit operation of machinery until hazard is removed.
3. Aprons or coveralls may be required by the instructor.
4. Safety glasses must be worn at all times.
5. Students must adhere to all safety rules as set forth by the instructor. Students will be

instructed in the proper use of machinery and the safety regulations of each shop area before beginning shop training.

6. Students who receive an injury of any kind must report it to their instructor. Students who violate any of the above policies will not be allowed to participate until correction is made. Students may be permanently removed if their presence poses a threat to others.

Announcements

Students are responsible for the information in the daily announcements made during the first period. If you wish an announcement made, write it up and send it to Aly in the HS Office at barrya@shiloh1.org. Additional announcements may be announced any period if needed.

Library Rules and Policies – Student Responsibilities

1. Observe library rules. Disregard for established rules will result in the termination of library privileges for a length of time designated by librarian, teacher or principal.
2. If material cannot be located, ask the librarian. His/her purpose is service.
3. Work quietly. Unnecessary talking will not be allowed.
4. Library privileges will be restricted to one time daily. Additional usage will be allowed if the student obtains a teacher's pass from a classroom teacher or the librarian **BEFORE** the beginning of the period.
5. If a student signs out for the library, he/she should go directly to the library. When leaving the library, the student should return directly to his assigned room.
6. Return materials promptly.
7. Protect all materials.

Library Loan Policies

8. Students will follow the playground supervisor's rules pertaining to equipment usage and location.
9. Students will conduct themselves in a responsible and safe manner to preserve their safety and others on the playground.

Emergency Drills

Emergency drills at regular intervals are required by law and are an important safety precaution. In the event of an intruder or evacuation drill, a note will go home with the student explaining the practice drill after it has taken place.

In the event of an actual emergency situation, which could involve the possibility of an immediate evacuation from a room or the building itself, the administration will determine the steps needed to provide for the safety and security of any or all students and staff.

Accidents

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the person in charge and to the school office.

Cheating/Plagiarism

Plagiarism/cheating is misrepresenting another person's work as your own. The copied work could be from a book, the Internet, a peer, etc. If a student has plagiarized/cheated, zero credit will be received for that assignment or test. Students that plagiarize/cheat may be suspended from the Internet, suspended from the use of school computers, or other disciplinary action.

Job Shadowing – Job shadowing is an activity in which a student travels to a work site to study an occupation during the school day. Students may have up to 2 days to job shadow as long as they’ve turned in an anticipated absence form. Please talk to guidance counselor or principal for more information.

School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads

sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.

12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespassing and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another's property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied Illinois' Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.
14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.

15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Equal Educational Opportunities and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: [Bill Myers](mailto:BillMyers@myersb@shiloh1.org) at myersb@shiloh1.org or by phone at 217-531-1850.

School Volunteers

All school volunteers must complete the “Volunteer Information Form” and be approved by the building principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to sign in and out at the office.

Invitations & Gifts

If a student brings an invitation to school for distribution, all students in the classroom must receive an invitation. If all students do not have an invitation, no students will be allowed to receive the invitation. The office is unable to release addresses and phone numbers of students.

Treats & Snacks [K-8]

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. Treats and snacks may not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. We have implemented the robo call and text program to make mass contact with parents/guardians in the district. **It is very important that your phone number is up to date in the school office.** You may have an alternate phone number on our list as well for those who will be caring for your child while you are away.

School closings for any reason will be announced as early as possible. If bad weather or other emergency occurs during the day, you will be notified through our Alert Now program. Also, please listen to local media stations (Channel 3 in Champaign) and watch Facebook, if time permits.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal. The safety of our students is paramount.

If we dismiss early for an emergency, after-school functions will be determined separately.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

MTSS - Multi-Tiered System of Supports

The Shiloh District believes in providing interventions to students who are not meeting the standards the district believes are necessary for a successful completion of a high school diploma. Research has shown that approximately 80% of students are successful with the general education classroom approach and with the general education materials. Some students' learning styles and processes require different strategies and different materials in addition to the materials used. It should be noted that this does not mean that the child is disabled or anything is wrong with the child. Children are all different and have different learning styles and respond differently to materials. Some students learn by hearing, some by reading, some by doing, and some by watching. All of us learn differently and at different rates.

In order to provide the most effective education for ALL children, we believe we must start with providing an effective education for EACH child. In the Shiloh District, we utilize a three-tier approach with varying levels of support beyond that used as the core curriculum. Tier I consists of regular classroom instruction. In Tier II, the classroom teacher will use different strategies and may use additional or different materials so that the child is successful. In Tier II we employ an Intervention Team approach where school staff meet to review a child's progress and to tailor an individual academic support plan that provides supplemental instruction to the child in the area of need. Many children respond well

to Tiers I and II, and are successful in meeting standards with the supplemental help. In the event that the child needs additional help to meet the standards we utilize a Tier III, which provides additional and more frequent help. At this tier, it may be necessary to alter the child's schedule and make some choices regarding subjects and provision of educational services so that the educational interventions may occur. The Intervention Team meets to address the child's needs and to review the progress of the child during the intervention period. We encourage the parents to be actively involved in their child's progress. Please contact the classroom teacher with any questions you may have.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the school nurse at 217-531-1850 ext. 1019.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Students with Diabetes

The school nurse works diligently to provide all accommodations to students with diabetes. Please notify the school nurse or building secretary of diabetic concerns immediately. A plan of care will be created with the school nurse and classroom teachers.

Chapter 2 Attendance, Promotion, & Graduation

Student Absences

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. The student may be provided study hall time to complete missed assignments if assignments are not completed within the time frame. See ICU policy. Equivalent academic credit will be given for all assignments. Parents/guardian will be notified.

Reference Shiloh CUSD #1 Policy: 7:70 Attendance and Truancy

Office must be notified in advance of any prearranged absences or vacations.

A student absent during the day of a game due to a doctor's appointment must present a doctor's note at arrival back to school for it to be counted as an excused absence. Faxed notes from the doctor's office are accepted. The district fax number is 217-531-1851. A student must be present for more than 3 class periods to be eligible to participate in extracurricular activities.

The school may require documentation explaining the reason for the student's absence.

Attendance is the responsibility of each student and his parents. Compulsory attendance laws stipulate that students must attend public school or show cause why they are not in school.

Shiloh CUSD #1 is a Closed Campus. Therefore, students are not to leave during school hours without the express consent from the appropriate office. If a student is observed leaving school, or if it becomes apparent that a student has left campus without permission, this must be reported to the principal's office. Students are not permitted to leave school to run errands for a teacher. Students must sign out in the appropriate office when leaving for an appointment or when parents are picking them up during the school day.

Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Necessity of Good Attendance

Each day something is present in an organized course, which contributes to the knowledge of some material or subject matter. Any absence causes the student to miss part of the work, delays his/her progress, and slows down the whole school process. People of school age have a job of attending school. It is important that you do not fall down on your first real job.

Absences

The parent must report student absences to the relevant school office by 9:00 AM each day that the student is absent. Notices may be in person, by written and signed notification – including email, or by a phone call. Absence reporting applies to e-learning as well as a normal school day. Administration reserves the right to verify any student's absence.

When leaving a phone message, please include the following information:

1. Your name and phone number

2. Student's name
3. Student's grade
4. Reason for absence

Please leave your message at the appropriate extension:

Shiloh High School 217-531-1850 Ext. 2 barrya@shiloh1.org
Shiloh Elementary/JH 217-531-1850 Ext. 1 weber-hallj@shiloh1.org

Excused Absence

An excused absence indicates a legal absence from school with parental and school permission. Examples of an excused absence are, but are not limited to:

- Student illness or serious family illness
- Medical and dental appointments
- Death of a relative, close friend, or fellow student
- Unavoidable accident
- Religious holidays or occasions
- Field trips or school business trips
- Pre-approved college visitation days

Unexcused Absence

An unexcused absence indicates the student is absent from school with or without the consent of parents but for a reason which is not permitted by the school or Illinois law. Appropriate disciplinary actions will be applied to the student.

Examples of unexcused absences are, but are not limited to:

- Oversleeping
- Missing the bus
- Duties at home of a non-emergency nature
- Personal business
- Shopping or recreational trips
- Making prom or graduation arrangements
- Completing homework

College Visitation

College visitations should be for high school students only. Three (3) pre-approved excused absences per school year are permitted for juniors and seniors who are exploring options for higher education. Students are required to receive approval from the administration on college visits. Written parent permission must be received in the high school office prior to the college visitation day. Students going on a pre-approved college visit must complete and return to the High School office a signed form from the college or university.

Truancy

If a child is above the age of 6 or below the age of 17 and enrolled in school, persons in custody of the child are also responsible for regular attendance of the child during the regular school term. Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school

days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Credit for Proficiency, Non-District Experiences, Course Substitutions and Accelerated Placement

Credit for Non-District Experiences

A student may receive high school credit for **successfully completing** any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course.
2. Courses in an accredited foreign exchange program.
3. Summer school or community college courses.
4. College or high school courses offering dual credit at both the college and high school level.
5. Foreign language courses taken in an ethnic school program approved by the Illinois State Board of Education.
6. Work-related training at manufacturing facilities or agencies in a Tech Prep Program.
7. Credit earned in a Vocational Academy.

Students must receive pre-approval from the building principal or designee to receive credit for any non-District course or experience. The building principal or designee will determine the amount of credit and whether a proficiency examination is required before the credit is awarded. Students assume responsibility for any fees, tuition, supplies, and other expenses. Students are responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The building principal or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities.

Proficiency Credit

Proficiency credit is available in limited subjects where a student demonstrates competency. Contact the building principal for details.

Substitutions for Required Courses

Vocational or technical education. A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related

vocational or technical education courses if:

The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.

Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact: Superintendent, Bill Myers at 217-531-1850.

Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Semester Exams and Semester Grades

High school semester finals are required per teacher discretion, administration has the final approval. Semester grades are earned at 40% quarter and 20% final. Semester grades are posted to student transcripts.

Incomplete Grades

Report card grades may be recorded as “Incomplete” if a student has not met all the requirements of a course for that particular grading period. It is the student’s responsibility to complete the make-up work and get the “Incomplete” changed to a grade. “Incomplete” may disqualify a student from the honor roll. If incomplete grades are not resolved within two weeks after the grading period, the incomplete becomes an “F” unless prior arrangements have been made with the Teacher/Principal before the end of the grading period.

Transfer Grades/Credits

Coursework transferred to Shiloh High School by a transfer student will be evaluated by the guidance counselor or his/her designee to determine class placement. Transfer credits may or may not be accepted

for graduation requirements at Shiloh High School, pending a review of course descriptions.

The student who transfers from a school that is not accredited by the Illinois State Board of Education or other accrediting agency (including homeschooled students) will have his/her transcript reviewed following these guidelines:

1. The Principal or his/her designee has the right to place the student into the appropriate grade or class based on transcript review, standardized tests, or proficiency examinations.
2. The Principal shall determine whether a transcript of grades earned from a non-accredited school will be accepted as grades for credit toward graduation or if the student shall be asked to demonstrate his/her abilities in each class by the use of a final examination provided by a member of the Shiloh faculty.
3. Grades transferred to Shiloh from a home school shall not be weighted.

Students transferring into the District from schools that use different scheduling practices will have their incoming credits and transfer grades evaluated by the Principal or his/her designee to determine the appropriate credit to be awarded. If the previous school of attendance does not send grade percentages, the following guideline will be used:

A	95	C	75
A-	90	C-	70
B+	89	D+	69
B	85	D	65
B-	80	D-	60
C+	79	F	59

When a student transfers from another district by the end of either the 1st or 3rd quarter and there is a conflict matching classes, he/she will still earn full credit for the class he/she is placed in for the remainder of the semester. When a student transfers in from another district after the 1st or 3rd quarter and there are conflicts matching classes, he/she will earn full credit for the transfer credit if he/she has completed at least 80% of the semester. Driver's education, P.E., band and chorus will receive the same amount of credit that Shiloh schools awards to our students.

Proficiency Test

The Board will not grant any credit toward elementary or high school graduation gained through proficiency tests.

Class Offerings

A full description of course offerings at Shiloh High School is available from the office.

High School and Junior High School Eligibility

Students participating in extracurricular must be passing all classes to compete in interscholastic competitions. The Athletic Director will check grades beginning on Friday at 3pm of the second week of the quarter. If a student is failing one or more classes, he/she will not be allowed to participate in interscholastic activities for the following week. The Principal may use his judgment as to whether enough grades have been entered in a class to accurately assess the student's progress. Teachers will be required to log two grades per week per class.

Class Load

Students may be registered for one study hall. A minimum of 6 major subjects plus Physical Education

and Band/Chorus constitutes a full class load. A student carrying a full class load plus Physical Education is considered a member of good standing of the Shiloh student body. If a student is dismissed from a class for disciplinary reasons, he is no longer a member in good standing. Therefore, he/she is ineligible to participate in any school sponsored activity until he/she is fully reinstated.

Class Schedule Changes

A student will not be permitted to change or drop a regular class after the first full week of the semester unless the student has an excused absence.

Grade Reporting/Changing of Grades

In accordance with Illinois School Code Section 5/10-20.92, the classroom teacher maintains the responsibility and right to determine the student's final grade. If the student and/or parent wish to challenge a grade, the following procedures will be as follows:

1. Challenge must be made within one week (five school days) of the end of the quarter (not five days from when report cards are distributed).
2. Student/parent is responsible for arranging time to meet with the teacher to discuss the challenge.
3. If after the meeting it is determined that a grade will be changed, the teacher holds the responsibility of proving the validity of the grade change (Note: extra credit will not be given to improve a grade).
4. If after the meeting it is determined that the grade will not be changed, the student/parent cannot appeal the decision to the administration or school board. The teacher's decision will be final.

Social Promotion

In accordance with Public Act 90-548, there is no social promotion at Shiloh Schools.

Class Advancement

If a parent requests that his/her child be allowed to skip a grade, the following criteria will be used:

1. Parent makes formal request to Board of Education in writing
2. Formal testing provided by the district
3. Student must have a cumulative 4.0 G.P.A.

All IVS classes may be approved or denied at the discretion of the Principal. If a student is taking a class due to a conflict in schedule caused by failing any previous class work, the student will be responsible for all costs of the class. All classes taken through IVS will be assigned a weight of 4.

In addition, any student with vision/hearing disabilities will be given information on other educational opportunities offered by the state of Illinois.

A student may complete classes prior to his/her senior year. Any student interested in APEX classes and Dual Credit Courses need to see the guidance counselor or building principal for more information.

Dropping Out

If it should become necessary for a student to drop out of school, the student and parents or guardian should:

1. Seek counseling through the school and thus perhaps find a solution to the problem that would make it possible to continue schooling.

If no other solution can be found, the parent/guardian of a student under the age of 18 or the student, if 18 or over, presents to the office a signed, written request asking for the student to be dropped from the attendance register.

Exemption from Physical Education Requirement [HS]

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.30.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and

The student's future or planned additional participation in activities qualifying for substitutions for physical education, as outlined above or in Handbook Procedure 10.30.

The student with the highest average grade will be considered Valedictorian. The student with the second highest average will be Salutatorian. The Valedictorian will be the student with the highest GPA after 8 semesters. The Salutatorian will be the student with the second highest GPA after 8 semesters.

Physical Education

To meet graduation requirements all students are required to take Physical Education unless the student is excused by a physician. Failure to participate in physical education, for any other reason when present in school, will result in a “no dress” grade for that day. Students may be failed for documented no-dress in P. E. Uniforms are required and are provided by the school. Uniforms will be issued to 7th-12th grade students much like textbooks. However, uniforms will not be allowed to leave the school building. The uniforms will be laundered at the school and then returned to the student by class time. Willful destruction of uniforms will not be tolerated. A fee of \$20.00 will be charged to any student destroying or altering uniforms.

Students excused for religious reasons will be given an opportunity to make up for all missed work, including homework and tests, for equivalent academic credit.

Make-Up Work/ICU

Shiloh CUSD 1 will begin a new program called the Power of ICU or better known as "ICU." ICU is a program of support for students and staff alike. Parents will receive an email and a text message when their student has a missing assignment. Our hope is that parents will help their students complete and turn in the assignment when this happens. The school will provide additional tutoring and support when a parent is unable to help get the assignment complete. Tutoring will be after school, during the 2:05 outs on Wednesdays, during lunch and sometimes on Saturdays. Depending on the consistency of students not completing their homework, tutoring can be mandatory or not. More information about The Power of ICU can be found at: <https://www.poweroficu.com/> Homework completed late through the ICU process will not have deductions of late points. Our focus is THAT learning happens, not WHEN learning happens.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level. When a homework request is made and the homework is not picked up, future requests will not be honored. Please make homework requests by 8:30am and have picked up the work by 3:00pm. If a student is absent, it is the responsibility of the student to check Google Classroom and retrieve any class work that is due. If a student will be a remote learner (in instance of a pandemic), as a 7th through 12th grader, the student will receive APEX classes to complete online.

Chapter 3 Student Fees & Meal Costs

Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or

2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Waiver Appeal

If after applying for a "Fee Waiver," the parent /guardian is not approved, the following appeal process will be utilized:

1. The Building Principal will use the school district's approved hearing procedure in cases of challenge of a student's continued eligibility.
2. The parents/guardians may appeal the denial of a fee waiver application by submitting the appeal in writing to the Superintendent within fourteen (14) days of the denial.
3. The Superintendent or his designee shall respond to the parent/guardian's appeal within fourteen (14) days of receipt of the appeal.
4. If the Superintendent or his designee denies the application for the student's waiver of fees, the parents/guardians may submit a written appeal to the School Board.
5. The School Board shall respond to the appeal in a reasonable length of time. The School Board's decision is final.

School Breakfast & Lunch Program

Breakfast is served every school day from 7:35 a.m. to 8:00 a.m. Lunch is served every school day from 11:00 a.m.-11:25 a.m. (K-2), 11:30 a.m.- 11:55p.m. (3-5), 12:00 p.m.-12:35 p.m. (JH/HS).

Currently, all student meals (breakfast and lunch) are free of charge. Milk is included with each meal.

Chapter 4 Transportation and parking

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact the building principal or your child's bus driver

Bus Conduct

General Guidelines

These rules and guidelines are in effect at all times on all school buses. This includes to and from contests, events, and games, shuttle buses, and field trips, as well as regular school day bus routes. Transportation is provided to all students in the district who live more than 1.5 miles from the school. The Transportation Director schedules all buses, routes, shuttles, and co-curricular trips. Bus drivers, teachers, and administrators present safety rules to students.

Instructions to School Bus Riders

2. Stay off the road at all times while waiting for the bus.
3. Be careful in approaching the bus stop. Do not move toward the bus until the bus has come to a complete stop.
4. Do not leave your seat while the bus is in motion.
5. Be alert to a danger signal from the driver.
6. Remain in the bus in the event of a road emergency until instructions are given by the driver.
7. Keep hands and head inside the bus at all times after entering and until leaving the bus. Do not throw anything out the bus windows.
8. Remember that loud talking and laughing or unnecessary confusion divert the driver's attention and could result in a serious accident.
9. Be quiet when approaching and crossing railroad crossings.
10. Treat bus equipment as you would valuable furniture in your home. Never tamper with the bus or its equipment.
11. Assist in keeping the bus safe and sanitary at all times. Students are responsible for cleaning up all messes.
12. Do not bring animals on the bus (except with special permission of the district administration).
13. Keep books, backpacks, coats, and all other objects out of the aisles and away from emergency exits. These items should be placed under the school bus seat while in transit.
14. Do not leave books, lunches or other items on the bus.
15. Be courteous to fellow pupils and the bus driver. To earn respect, you must first show respect.
16. Help look after the safety and comfort of smaller children. Keeping distractions to a minimum will help the bus driver ensure your safety while in transit.
17. Do not ask the driver to stop at places other than the regular bus stop. The driver is not permitted to do so except by proper authorization from a school official.
18. Observe safety precautions at discharge points. Know and observe the rules. When it is necessary to cross the highway, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Wait for the signal from the school bus driver permitting you to cross.
19. Observe the same rules and regulations on other school trips as you observe between home and school. Follow the directions of the chaperone(s) appointed by the school.

Procedure for Unacceptable Bus Behavior

1. Bus driver notifies administration
2. Discipline report submitted to the principal.
3. Principal and/or transportation personnel view videotapes, as needed.
4. Principal meets with student and/or parent/s.
5. Decision is made regarding consequences of misbehavior.
 - Offenses are cumulative for the semester.
 - Safety of other students is the primary consideration.
 - Consequences may include detention, suspension, and/or withdrawal of bus privileges.

Bus Conduct

Appropriate bus conduct is required at all times on all school buses, including to and from events, contests, and games, shuttle buses, and field trips, as well as regular school day bus routes. All students must follow the District's School Bus Safety Guidelines. The administration as permitted in The School

Code, is authorized to suspend a student from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including, but not limited to, the following:

1. Prohibited student conduct as defined in the Board policy, 7:190, *Student Discipline*.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of the bus driver's or other supervisor's directives.
6. Such other behavior as the Superintendent or designee deems to threaten the safe operation of the bus and/or its occupants.

Any of the following behaviors listed above could be possible consequences for unacceptable bus behavior:

- Warning
- Detention
- Parent notification
- Suspension of bus privileges
- Long-term suspension of bus privileges - including shuttle buses, field trips, events, etc.
- Suspension of bus privileges for the remainder of the semester, 30 days, or the end of the school year

For all students Preschool through 2nd grade, a parent or adult MUST BE VISIBLE TO THE DRIVER FROM THE BUS STOP. If the driver does not see someone at the stop, the child will not be allowed off the bus. If a bus driver attempts to drop a student off at the child's house and no one is home, we call the parent. If we are unable to get ahold of the parent, we take the student back to school. The parent must then pick the student. All parents should have a second phone number for us to call in the event no one is home when the bus attempts to drop their student off.

The third time that we have to take a child back to school, we will call the sheriff's office. If there is a fourth time, we will call DCFS—Department of Children and Family Services.

Students will be held responsible for payment or replacement for any damage of school transportation vehicles. Continued or serious problems will result in suspension from riding the bus for the balance of the semester and/or school year.

**For questions regarding school transportation issues, contact: Lonnie Davidson, Transportation Director, at 217-712-9801 or Dana Bogle, Assistant Transportation Director, at 217-808-0815.

Every vehicle regularly used for the transportation of students must pass safety inspections in accordance with State law and Illinois Department of Transportation regulations. The strobe light on a school bus may be illuminated any time a bus is bearing one or more students. The Superintendent shall implement procedures in accordance with State law for accepting comment calls about school bus driving.

A shuttle is provided for the following events/activities:

- ◆ To and from away extra-curricular contests

Parking/Driving to School (HS)

Students must park their vehicles in the student parking lot. Vehicles should be driven safely and must yield to pedestrians. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school. This includes any student, staff member, or visitor who parks on school property during school hours or in the evening/weekend.

The student's vehicle must remain on the campus until the student is dismissed from school for the day, unless cleared through the Principal's Office first. In order to drive to athletic activities, a transportation waiver must be signed and on file in the principal's office. In order to be a passenger in another student's car you must have a signed transportation waiver on file in the principal's office.

Vehicles **MAY NOT** be parked or located in the bus lanes or fire lanes at **ANY TIME**. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

It is the Student's Responsibility to Report

Report issues relative to school safety to school personnel. Knowledge of weapons, drugs, threats to do harm to staff, students, school or its' property, and knowledge of damage that has occurred should be reported to school personnel immediately.

Chapter 5 Health & Safety

Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases **by the 1st day of school or 10 days after the start of school**** prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and

3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Original Birth Certificate

Shiloh Schools are required to obtain and keep an original certified birth certificate for each student.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form." If a parent or guardian is sending in medication, it must be hand-delivered from the legal guardian to the school nurse. A student may not bring medication to school.

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the

availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

K-8 Guidance & Counseling

The school provides a guidance and counseling program for students. The school's counselors are available to those students who require additional assistance.

JH/HS Guidance & Counseling

The school provides a guidance and counseling program for students. The school's counselor is available to those students who require additional assistance.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student's career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

Safety Drill Procedures and Conduct

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.

4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Head Lice

The school will observe the following procedures regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

Parents/Guardians are responsible for treatment and are expected to return children to school as soon as possible. Excused absences will be limited to 5 days maximum after initial infestation. After that, absences will be unexcused. Additional steps to minimize absences will include contacting the AIM, the Department of Children and Family Services (DCFS), and the Edgar County Public Health Department. Students will not be allowed to ride the school bus until they are cleared through the office. An informative letter telling parents that lice has been found in a classroom will be sent home elementary school wide. There will be head checks done at the beginning of every school year.

Working Together

Good discipline originates in the home. The parents are the first teachers of their children and should develop in them good behavior habits and proper attitudes toward school. Please, talk with your child about school activities; show an active interest in his report cards and progress. Your interest and support at home are important to your child and is greatly appreciated by his teachers.

We at Shiloh CUSD #1 feel that a good working relationship between parents and teachers is the beginning of good student discipline. If there are any concerns regarding discipline in our school, please feel free to contact the classroom teacher or the principal.

While the discipline of each individual is taken on a case-by-case basis, the following guideline is the premises for establishing discipline in Shiloh CUSD #1. As it is impossible to anticipate all specific instances of misconduct, the administration reserves the right to impose a punishment for specific situations not addressed in the discipline policy. Typically, any punishment will be related to the action of the individual.

Parents are hereby notified that physical restraint may be used at Shiloh School. We have several staff members trained in Therapeutic Crisis Intervention.

Behavior Guidelines

Rules and guidelines are applicable in all school and school-related settings. Students and school personnel are representatives of Shiloh CUSD#1, and their behavior and actions speak to the public at large.

The following rules and guidelines are the basis on which we choose appropriate behavior:

1. Treat all people with respect and consideration. Recognize that all people have value. This applies to verbal and physical behavior such as name calling, harassing, fighting, and back talking, which will not be allowed.
2. Treat all property with respect. This includes individually owned property and school and community property. Vandalism, defacing, or theft of any property will not be allowed.

Suspension

When a student has been assigned an in-school or an out-of-school suspension, the student may not participate in any extracurricular activities, or be in attendance at a school function. (Example: athletics, classroom, or club field trips, dances, etc.)

Students are required to complete assigned homework given during a suspension. Students will receive credit if their homework is turned in when they return from the suspension.

Suspension and Expulsion

If a student is considered a danger to oneself, other students, faculty or school property, the student may be excluded.

School districts are required to inform parents and students of the Suspension and Expulsion Policy and Procedures to ensure that the rights of students are met. Suspension of a student is a method by which the school alerts parents that repeated occurrence of the behavior may result in additional suspensions or expulsion.

An administrator may suspend a student, whose behavior is judged to be gross disobedience or gross misconduct, from class activities, school, transportation, and/or extracurricular activities.

A student suspended from school is *automatically suspended from all extracurricular activities during the suspension*. Students are required to complete assigned homework given during the suspension. Assigned homework must be completed upon return from the suspension. Teacher will determine the amount of credit received.

In such cases, the notice and conference shall follow as soon as practicable.
3. Any suspension shall be reported immediately to the student's parents/guardians. A written notice of the suspension shall state the reasons for the suspension, including any school rule which was violated, and a notice to the parents/guardians of their right to a review of the suspension.
4. Upon request of the parents/guardians, a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student's parents/guardians may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate.

Recommendation for Expulsion

Any student suspended for 10 or more days will be considered for expulsion. In some instances, a first offense will be sufficient for an expulsion recommendation.

Expulsion Procedures

2. Unless the student and parents/guardians indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. It shall be conducted by the School Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate.
3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. The student and his or her parents/guardians may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt and take such action as it finds appropriate.

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.

 - g) Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing and indecent visual depiction of oneself or another person using a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy, or by the Building Principal, all electronic devices must be powered-off and out-of-sight during the regular school day unless; (a) the supervising teacher grants permission; (b) use of the device is provided in a student's IEP; or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving, or receiving help during an academic examination, and wrongfully obtaining test copies or scores.
9. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
10. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
11. Being absent without a recognized excuse: State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
12. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations where the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of early intervention and progressive discipline, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The

failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

The grounds for disciplinary action, including those described more thoroughly later in this policy, apply whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

A student who is subject to suspension or expulsion may be eligible for a transfer to an alternative school program.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she (1) observes any person in possession of a firearm on or around school grounds, however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student’s parent/guardian, “School grounds” includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated educational employees and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Director of Discipline is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 days for safety reasons.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. Please see the district's RTO Plan posted on the Shiloh website.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Prevention of and Response to Bullying, Intimidation, and Harassment

Attached is the Shiloh CUSD #1 Bullying Policy and Prevention Document. This document is posted on the district webpage and shared with families and staff at the beginning of each school year. We take bullying very seriously and work hard to create a safe space for all students in our district. Our policies are consistent with the school board and public school policies directed by the state of Illinois. Bullying is contrary to State law and the policy of the non-sectarian nonpublic school and is consistent with subsection (a-5) of this Section [free exercise of religion]. Nothing in this Section is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the United States Constitution or under Section 3 of Article 1 of the Illinois Constitution. With feedback from a survey completed by community members, students, and parents, the district policy on bullying has been reshaped and formed to fit the needs of all stakeholders. The district will prohibit retaliation against any person who reports an act of bullying. There will be consequences and appropriate remedial actions for a person who engages in retaliation.

If an employee, student, or other persons suspects an incident of bullying, please contact the following administrators:

3. A prompt interview will be conducted following the report with all parties involved including, but not limited to: students, staff members, bus drivers, and/or additional personnel. 2. Restorative measures stated includes the interventions that can be taken to address bullying, which may include, but are not limited to, school social work services, social-emotional skill building, counseling, school psychological services, and community-based services.

Shiloh School District Student Technology Commitment

PURPOSE: Students will utilize technology as a tool to challenge, expand and enhance learning.

Shiloh CUSD #1 may provide and assign student digital learning tools for use at school as a means to promote achievement and provide flexible learning opportunities. This document provides guidelines and information about District expectations for students who are being issued these one-to-one (1:1) digital learning tools, as well as students who are issued devices to be used in the classroom. Additional rules may be added as necessary and will become a part of this guide.

It is our expectation and belief that students will use technology responsibly and that they understand the appropriate and acceptable use of both the technology and District network resources. We also expect that students will “Be Respectful, Be Responsible, Be Ready, and Be Safe” with their District-issued devices. Our policies and procedures include the following specific responsibilities and restrictions.

Responsibilities

The student will:

1. Be permitted access to the District’s Network/Internet for the purpose of education or research and be consistent with the educational objectives of the District.
2. Understand that the use of the District’s Network/Internet is a privilege, not a right. The district retains ownership of the Network and communications services. While respecting the privacy rights of both district users and outside users, Shiloh CUSD#1 reserves the right to log network use, monitor file server space utilization, as well as monitor electronic communications and

downloaded material. Inappropriate use will result in a cancellation of those privileges. The Building Administrator will make all decisions regarding whether a user has violated this Authorization and may deny, revoke, or suspend access at any time; his or her decision is final. Appeals will be handled according to normal district practice.

3. Adhere to this technology commitment.
4. Charge their 1:1 device daily to make sure it is ready each day with a full charge.
5. Communicate in a responsible, ethical, and polite manner, avoiding profanity, obscenity and offensive or inflammatory speech.
6. Respect the Internet filtering and security measures included on the digital learning tool.
7. Backup important data files using cloud storage (such as Google Drive) regularly.

11. Abide by the generally accepted rules of network etiquette.
12. Recognize the electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities
13. Consider all communications and information accessible via the network to be private property of the author and treat it as such.

The student will not:

1. Use the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any U.S. or State regulation.
2. Download unauthorized software, regardless of whether it is copyrighted or de-virused.
3. Use the network for private financial or commercial gain or advertising.

The criteria for acceptability are demonstrated in the types of material made available to students by teachers and administrators.
23. Reveal or post identifying personal information, files, or communications to unknown persons.
24. Participate in Cyberbullying, including personal attacks or threats toward anyone made while using either District-owned or personally owned technology.

In addition to the specific requirements and restrictions detailed above, it is expected that students will apply common sense to the care and maintenance of district-provided computer technology. The District is not responsible for any loss resulting from use of District-issued technology and makes no guarantees that the technology or the District network systems that support student use will always be available .

Consequences for violations of Chromebook Agreement and rules may include:

- Students being put in the “penalty box” for an amount of time to be determined by administration. The penalty box limits Chromebook activities to only those websites and apps specifically needed to do homework.
- Loss of Chromebook privileges for a specific amount of time to be determined by administration. During the loss of privileges students will complete paper forms of homework.

By signing the Chromebook Agreement, you agree to abide by all of the conditions listed above and assume responsibility for the care and proper use of Shiloh issued technology. You understand that should you fail to honor all the terms of this commitment, access to 1:1 technology, network access, and other electronic media may be denied in the future

Internet Safety

Internet access is limited to only those *acceptable uses* as detailed in these procedures. Internet safety is supported if users will not engage in *unacceptable uses*, as detailed in these procedures, and otherwise follow these procedures.

Staff members will supervise students while students are using District Internet access to ensure that the students abide by the *Terms and Conditions* for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children’s Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

Chapter 8 Search and Seizure

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Chapter 9 Extra Curricular Activities and Athletics

Extracurricular and Athletic Activities Code of Conduct

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's or Illinois Elementary School Association "Pre-Participation Physical Examination Form."
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use any drugs on the IHSA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IHSA's Performance-Enhancing Substance Testing Program.
5. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

Illinois High School Association or Illinois Elementary School Association

Eligibility for most athletics is also governed by the rules of the Illinois High School Association/Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA and this Code, the most stringent rule will be enforced.

Academic Eligibility

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

In order to be eligible to participate in extracurricular and athletic activities, a student must maintain a passing grade. Any student failing to meet academic requirements will be suspended from the sport or activity for 6 calendar days (Monday-Saturday) or until all academic requirements are met, whichever is longer.

Eligibility Checks

The Athletic Director will begin eligibility checks two weeks into the quarter or when there are a reasonable number of grades are posted by a teacher. Checks will be made on Fridays at 3pm. Suspensions will be from Monday morning through the following Saturday. Teachers will be required to submit two grades per week. If an assignment grade cannot be taken due to a project type curriculum, a participation grade may be taken for a grade. Participation grades should not add up to more than 15% of the class grade.

Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

Travel

All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school approved transportation. A written waiver of this rule may be issued by the teacher, sponsor or coach in charge of the extracurricular or athletic activity upon advance written request of a student's parent/guardian and provided the parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid.

Code of Conduct

This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the Student Assistance Program for alcohol or other drug problems. Participation in an alcohol or drug counseling program will be taken into consideration in determining consequences for Code of Conduct violations.

Chapter 10 Special Education

Title I

If Title I services are offered, the purpose of the services are to help participants succeed in the district's regular academic program, learn the skills and knowledge appropriate for their grade level, and improve their mastery of basic and more advanced skills. Title I services must be supplemental and of such size, scope and quality to accelerate student's educational progress. Title I services have flexibility and designs that best meet the goals and objectives of the students.

While participating in the Title I services, students may be grouped in any way that makes sense educationally. Our most prevalent practice for providing services has been the pull out model, where students are pulled from other activities to receive Title I services for a limited amount of time. Another practice for providing services to the students is serving students individually or in groups within the regular classroom or skills based group instruction.

Section 504

A student who does not qualify for an IEP may qualify under Section 504 if the student is between the ages of 3 and 22 years of age and has a disability, which is defined as a physical or mental impairment that substantially limits one or more major life activities. Major life activities include caring for one's self, walking, seeing, hearing, speaking, breathing, working, performing manual tasks, and learning. Some examples of impairments that may substantially limit major life activities, even with the help of

medication, aids or devices are: attention deficit hyperactivity disorder (ADHD), asthma, allergies, blindness or visual impairment, deafness or hearing impairment, diabetes, epilepsy, heart disease, and mental illness.

Multi Tiered System of Supports (MTSS)

The Shiloh School District believes in providing interventions to students who are not meeting the standards the district believes are necessary for a successful completion of a high school diploma. Research has shown that approximately 80% of students are successful with the general education classroom approach and with the general education materials. Some students' learning styles and processes require different strategies and different materials in addition to the materials used. It should be noted that this does not mean that the child is disabled or anything is wrong with the child. Children are all different and have different learning styles and respond differently to materials. Some students learn by hearing, some by reading, some by doing, and some by watching. All of us learn differently and at different rates.

In order to provide the most effective education for ALL children, we believe we must start with providing an effective education for EACH child. In the Shiloh School District, we utilize a three-tier approach with varying levels of support beyond that used as the core curriculum. Tier I consists of regular classroom instruction. In Tier II, the classroom teacher will use different strategies and may use additional or different materials so that the child is successful. In Tier II we employ an Intervention Team approach where school staff meet to review a child's progress and to tailor an individual academic support plan that provides supplemental instruction to the child in the area of need. Many children respond well to Tiers I and II, and are successful in meeting standards with the supplemental help. In the event that the child needs additional help to meet the standards we utilize a Tier III, which provides additional and more frequent help. At this tier, it may be necessary to alter the child's schedule and make some choices regarding subjects and provision of educational services so that the educational interventions may occur. The Intervention Team meets to address the child's needs and to review the progress of the child during the intervention period. We encourage the parents to be actively involved in their child's progress. Please contact the classroom teacher with any questions you may have.

Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a

physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

Discipline of Students with Disabilities

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's *Special Education* rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Certificate of High School Completion

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student's 4 years of high school, qualifies for a certificate of completion after the student has completed 4 years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class.

Request to Access Classroom or Personnel for Special Education Evaluation or Observation

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

For further information, please contact the building principal.

Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

Chapter 11 Student Records & Privacy

Student Privacy Protections

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term *personal information* means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

The above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational

institutions.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to have one or more scores received on college entrance examinations included on the student's academic transcript.

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district, any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name

- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student’s information without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the student’s parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under State law.

9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

U.S. Department of Education
 Student Privacy Policy Office
 400 Maryland Avenue, SW
 Washington DC 20202-8520

Student Biometric Information

Before collecting biometric information from students, the school must seek the permission of the student’s parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

Requests from Military or Institutions of Higher Learning

Upon their request, military recruiters and institutions of higher learning will be given access to students' names, addresses and telephone numbers. Parents who do not want their child's name to be released (or students over the age of 18 who do not want their name released) should contact the building principal.

Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests.
