

KINDERGARTEN SUPPLY LIST

Please send in five sharpened pencils to start the school year. Please do not send in "cute" pencils, the wrapping on them clog the sharpeners. :)

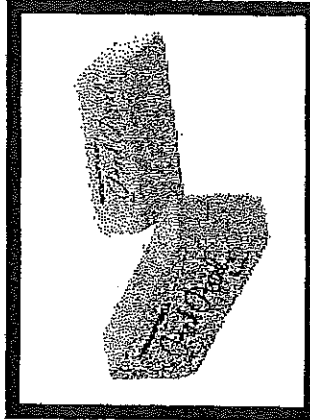

Please send in three of these Primary Journals. They can be found online, Walmart or a teacher store. It's important that they have the writing lines and a place for the picture.

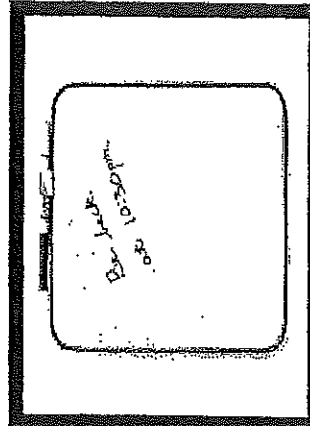

Please send in five glue sticks.

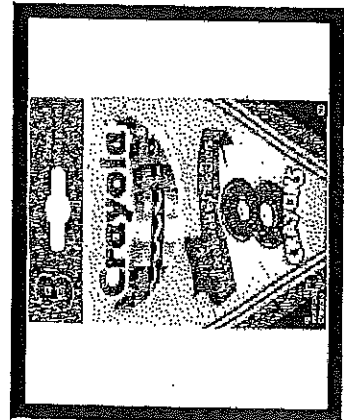

The brand is not important. Students will use them on their individual white boards.

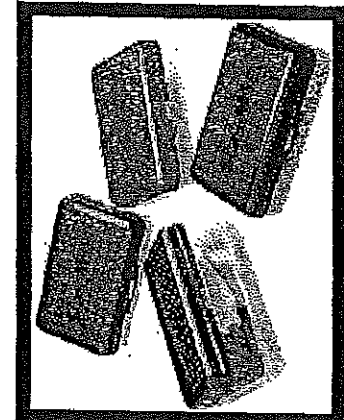

Please send in two pink erasers. Please do not send the "cute" erasers to school. They often become toys and distract from learning.

Please send in one white, dry erase board. They can often be found in Target's dollar bins.

Please send in only the eight pack of crayons. If you can't find an eight pack, please only put the eight basic colors in their pencil box. Crayola crayons work the best!

Please send in one pencil box this size. The small tin or zipper ones don't hold all of the supplies they need.

Items on this list that will need to be replaced throughout the year are the following: pencils, crayons, dry erase markers and pencils. You may want to buy in bulk during the Back to School sales.
