Independent Auditor's Report

To the Board of Education
Dwight Township High School District No. 230
Dwight, Illinois

Report on the Audit of the Basic Financial Statements

Qualified and Adverse Opinions

We have audited the accompanying basic financial statements of the Dwight Township High School District No. 230 (the "District"), as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Qualified Opinion on the Regulatory Basis of Accounting

In our opinion, except for the possible effects of the matter described in the "Matter Giving Rise for Qualified Opinion on Regulatory Basis of Accounting" section of our report, the accompanying basic financial statements present fairly, in all material respects, the financial position of Dwight Township High School District No. 230 as of June 30, 2022, and the changes in financial position for the year then ended in accordance with the cash basis of accounting described in Note 1 and with the financial reporting provisions prescribed by the Illinois State Board of Education, as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Matter Giving Rise for Adverse Opinion on U.S. Generally Accepted Accounting Principles" section of our report, the accompanying basic financial statements do not present fairly, the financial position of Dwight Township High School District No. 230 as of June 30, 2022, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

Matter Giving Rise to Qualified Opinions on Regulatory Basis of Accounting

We were unable to obtain sufficient appropriate audit evidence about the carrying amount of Dwight Township High School District No. 230's capital assets and related investment in general fixed assets on the regulatory basis as of June 30, 2022, because management has not maintained detailed records to support the historical costs. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

Matter Giving Rise to Adverse Opinions on U.S. Generally Accepted Accounting Principles

As described in Note 1, the basic financial statements are prepared by Dwight Township High School District No. 230, on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the requirements of the Illinois State Board of Education. The effects on the basic financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States, although not reasonably determinable, are presumed to be material.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Basic Financial Statements section of our report. We are required to be independent of Dwight Township High School District No. 230 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and adverse audit opinions.

Emphasis of Matter

Basis of Accounting

We draw attention to Note 1 of the basic financial statements, which describes the basis of accounting. The basic financial statements are prepared on the cash basis of accounting and the financial reporting provisions prescribed by the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Change in Accounting Principle

As discussed in Note 1 to the basic financial statements, the District adopted new accounting guidance GASB Statement No. 87 *Leases*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Basic Financial Statements

Management is responsible for the preparation and fair presentation of the basic financial statements in accordance with the cash basis of accounting and the financial reporting provisions prescribed by the Illinois State Board of Education described in Note 1, and for determining that the cash basis of accounting and the financial reporting provisions prescribed by the Illinois State Board of Education is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Audit of the Basic Financial Statements

Our objectives are to obtain reasonable assurance about whether the basic financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the basic financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the basic financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the basic financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dwight Township High School District No. 230's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the basic financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dwight Township High School District No. 230's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements that collectively comprise the District's basic financial statements. The Supplementary Schedules as listed in the table of contents on AFR pages 25-35, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the AFR cover, AFR pages 2-4 and Statistical Section and Other AFR pages 36-47 as listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2022 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Dwight Township High School District No. 230's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies

The Board of Education (Board), a seven member group, is the level of government which has the governing responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of the Dwight Township High School District No. 230 (the "District"). The District receives funding from local, state and federal sources and must comply with the requirements established by these funding source entities. However, the District is not included in any other governmental "reporting entity" as to result in the District being considered a component unit of the entity since Board members are elected by the public and have decision making authority, the power to designate management, and the responsibility to significantly influence operations and primary accountability for fiscal matters.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships. The District is not aware of any entity in which the District would exercise such oversight as to result in the District having any component units.

Joint Ventures

The District is a member of the Livingston County Special Services Unit (LCSSU). The LCSSU provides special education services to member districts and bills member districts for the costs of these services in proportion to the students served by the association. The member districts are jointly and severally liable as members of the LCSSU. The LCSSU is required by the Illinois Compiled Statutes to have an annual audit of their financial statements. These financial statements are available through the Livingston County Special Services Unit offices in Pontiac, Illinois. The joint agreement has been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service and special financing relationship criteria. The joint agreement is therefore excluded from the accompanying financial statements because the District does not control the assets, operations or management of the joint agreements.

The District paid \$211,055 to the LCSSU for the fiscal year ended June 30, 2022. The joint agreement has been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service and special financing relationship criteria. The joint agreement is therefore excluded from the accompanying financial statements because the District does not control the assets, operations or management of the joint agreements. In addition, the District is not aware of any entity which would exercise such oversight as to result in the District being considered a component unit of the entity.

The District is considered to be a primary government since it is legally separate and financially independent. This report includes all of the funds and account groups of the District. It includes all activities considered to be part (controlled by or dependent on) the District as set forth under the above criteria.

Basis of Presentation - Fund Accounting

These basic financial statements comply with the regulatory reporting basis prescribed by the Illinois State Board of Education as reported on ISBE form 50-35. The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities arising from

cash transactions, fund balance, revenue received, and expenditures paid. The District maintains individual funds required by the State of Illinois. These funds are presented on the regulatory basis as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

Educational Fund – This fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

- **Restricted Student Activity Fund (Sub-Educational Fund)** - This is a sub-fund within the Educational Fund to account for the Student Activity Funds in accordance with GASB 84.

Operations and Maintenance Fund - This fund is also a general operating fund used to account for costs of maintaining school buildings.

Debt Services Fund - This fund is a debt retirement fund. Resources of this fund are used to retire principal and interest maturities of outstanding bond obligations.

Transportation Fund - This fund is a special revenue fund used to account for the costs of transporting pupils to and from school and school activities.

Municipal/Retirement/Social Security Fund - This fund is a special revenue fund used to pay the District's share of municipal retirement benefits for covered employees. The District's share of social security and Medicare only is also paid from this fund if a separate tax is levied for that purpose.

Capital Projects Fund - Proceeds of construction bond issues and the capital improvement tax levy are accounted for in this capital projects fund.

Tort Fund - Proceeds of the insurance tax levy are accounted for in this fund.

Fire Prevention and Safety Fund - Proceeds of fire prevention and safety bond issues and tax levy are accounted for in this capital projects fund.

Working Cash Fund - Resources of this fund are held by the District to be used for temporary interfund loans to any fund of the District for which taxes are levied.

Agency Funds - These funds are for which the District has fiduciary responsibility for the funds, but does not have any control over the funds, including how the funds are spent.

Account Groups:

General Fixed Asset Account Group - This group is used to account for general fixed assets acquired for general governmental purposes.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Basis of Presentation - Fund Accounting (Continued)

General Long-Term Debt Account Group - This group is used to account for the outstanding balances of general long-term obligations

Account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with the measurement of results of operations.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The District maintains its accounting records for all funds and account groups on the regulatory basis, and specifically the cash basis as described in the "Illinois Program Accounting Manual for Local School Systems". Accordingly, revenue is recorded when cash is received, and expenditures are recorded when checks are issued. Only assets representing a right to receive cash arising from a previous payment of cash are recorded as assets of a fund. In the same manner, only liabilities resulting from previous cash transactions (other than proceeds from a bond issue) are recorded as liabilities of a particular fund.

These regulatory basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions. Unpaid teacher contracts for services rendered during the school year for teachers on a twelve month pay schedule are recorded as expenditures in the fiscal year in which checks are written.

New Accounting Pronouncement

Management adopted new accounting guidance GASB Statement No. 87, *Leases*. GASB No. 87 establishes criteria for identifying operating leases as part of the District's general long-term debt.

Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on the regulatory basis of accounting which is the same basis that is used in financial reporting.
- A public hearing is conducted at a public meeting to obtain taxpayer comments.
- Prior to October 1, the budget is legally adopted through passage of a resolution.
- The Board of Education is authorized to transfer up to 10% of the total budget between line items within any fund; however, any revisions that alter the total disbursements of any fund must be approved by the Board of Education after a public hearing.

Dwight Township High School District No. 230

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Budgets and Budgetary Accounting (Continued)

- Formal budgetary integration is employed as a management control device during the year for the Education fund, Operations and Maintenance fund, Debt Services fund, Transportation fund, IMRF/Social Security fund, Capital Projects fund, Working Cash fund, Tort Fund, and the Fire Prevention and Safety fund.
- Budgeted amounts presented are those as originally adopted, or as amended by the Board of Education. Individual amendments were not material in relation to the original appropriations which were amended. For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. Unexpended budgeted amounts lapse at the end of each year.

Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The 2020 levy and 2021 levy were passed by the board on December 16, 2020 and December 8, 2021, respectively. Property taxes attach as an enforceable lien on property as of January 1 and are generally payable in two installments in June and September. The District receives significant distributions of tax receipts within approximately one month after these due dates. Property tax revenue in these financial statements are from the 2020 levy.

Estimates

The preparation of basic financial statements in certain situations requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fixed Assets and Long-Term Liabilities

The accounting and reporting treatment applied to fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. Purchases of fixed asset property and equipment are recorded as disbursements of the various funds. The District has not maintained detailed records reflecting its investment in general fixed assets at historical costs as required by generally accepted accounting principles. Supplementary records have been maintained, however, based on the Guideline for Fixed Assets Accounting in Local School Systems, issued by the Illinois Office of Education, which reflect summary information and are presented in this report. For purposes of the Illinois School District Annual Financial Report (AFR), the District is recognizing straight line depreciation on its fixed assets over 5-50 years for purposes of the per capita tuition calculation. The amount of depreciation reported on the AFR for the fiscal year ended June 30, 2022 was \$333,852.

Long-term liabilities expected to be financed from any of the funds, except Working Cash and Student Activity Funds, are accounted for in the General Long-Term Debt Account Group, not in the funds themselves. Proceeds from sales of bonds are included as an other financing source in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

Dwight Township High School District No. 230

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

The account groups are not “funds”. They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Fund Balance

Reservations of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. When an expense is incurred for purposes for which both restricted and unreserved fund balances are available, the District first applies restricted resources.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers’ Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF) and additions to/deductions from TRS’s and IMRF’s fiduciary net position have been determined on the same basis as they are reported by TRS and IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment ("OPEB")

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB expense, information about the fiduciary net position of the Teachers’ Health Insurance Security Fund (“THISF”) and additions to/deductions from THISF’s fiduciary net position have been determined on the same basis as they are reported by THISF. For this purpose, OPEB payments (including refunds of employee contributions) are recognized when due and payable in accordance with the OPEB terms. Investments are reported at fair value.

Cash and Investments

Cash and cash equivalents consist of demand deposits, money market accounts, certificates of deposit and savings accounts. Deposits are stated at cost which approximates market. The District’s cash and investments are authorized in Illinois Compiled Statutes 30 ILCS 235 under the Public Funds Investment Act.

Note 2: Stewardship, Compliance and Accountability

Excess of expenditures over appropriations

For the year ended June 30, 2022, expenditures exceeded appropriations in the following funds:

Fund	Amount
Debt Services	\$ 34,671
Transportation	69,205

Dwight Township High School District No. 230

Notes to Financial Statements

Note 2: Stewardship, Compliance and Accountability (Continued)

Deficit Fund Equity

At June 30, 2022, there were no funds with a deficit fund balance.

Note 3: Cash and Deposits

Deposits. At year-end, the carrying amount of the District's deposits in checking and certificates of deposit was \$9,120,081 and the bank balance was \$9,135,300. Of the bank balance, the entire balance was insured and collateralized with securities in the District's name. Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits might not be recovered. As of June 30, 2022, the District has no custodial credit risk.

Note 4: Common Bank Account

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain balances in common checking and money market accounts, with the accounting records being maintained to show the portion of the common account balance attributable to each participating fund.

Occasionally certain funds participating in the common bank accounts will incur overdrafts (deficits) in the account. The overdrafts result from expenditures which have been approved by the School Board. A deficit in one fund restricts the cash available for use by other funds in the same common account.

As of June 30, 2022, there were no deficit balances.

Note 5: Changes in General Fixed Assets

Below is a summary of the changes in general fixed assets for the year ended June 30, 2022. As mentioned in Note (1), the District has not maintained detailed records reflecting its investment in general fixed assets at historical costs as required by generally accepted accounting principles. Supplementary records have been maintained, however, based on the Guideline for Fixed Assets Accounting in Local School Systems, issued by the Illinois Office of Education, which reflect summary information.

Cost	Balance 7/1/2021	Additions	Deletions	Balance June 30, 2022

Total accumulated depreciation	\$ 3,732,184	\$ 333,852	\$ (71,421)	\$ 3,994,615

Note 6: Legal Debt Limit

The Illinois School Code limits the amount of indebtedness to 6.9% of \$166,196,233, the most recent available equalized assessed valuation of the District. As of 2022, the District's remaining legal debt margin was \$11,124,294.

Note 7: Leases

District as Lessee

The terms and expiration dates of the District's leases payable at June 30, 2022, include a monthly copier lease payments that are due through September 2024, a digital mailing system with quarterly payments that are due through December 2022 and 3 bus leases with annual payments due through July 2024.

	\$ 135,373	\$ 238,110	\$ (30,237)	\$ 343,246

Note 8: Fund Balance Reporting

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the how these balances are reported.

Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the regulatory basis nature of the District, all such items are expensed at the time of purchase, so there is nothing to report for this classification.

Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Examples of these restrictions could be those imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

Dwight Township High School District No. 230

Notes to Financial Statements

Note 8: Fund Balance Reporting (Continued)

Special Education

Revenues received and the related expenditures disbursed of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

State Grants

Proceeds from state grants and the related expenditures have been included in the Educational, Transportation, and Municipal Retirement/Social Security Funds. At June 30, 2022, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational, Transportation, and Municipal Retirement/Social Security Funds. At June 30, 2022, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted balances.

School Facility Occupation Tax Proceeds

Revenues received and the related expenditures disbursed of this restricted tax levy are accounted for in the Capital Projects Fund. Revenues received exceed expenditures disbursed for this purpose, resulting in a restricted balance of \$199,615.

Student Activity

Revenues received and the related expenditures disbursed of these student activities that are controlled by the District are accounted for in the Educational Fund. Revenues received exceeded expenditures disbursed for this purpose, resulting in a restricted balance of \$223,027.

Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The District has no committed fund balances at year end.

Dwight Township High School District No. 230

Notes to Financial Statements

Note 8: Fund Balance Reporting (Continued)

Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes. The District has no balances that are assigned at year end.

Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational and Working Cash Funds.

Regulatory – Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

Reconciliation of Fund Balance Reporting

The first two columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Notes to Financial Statements

Note 9: Pension and Retirement Systems

The District participates in two retirement systems: The Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF). Most funding for TRS is provided through payroll withholdings of certified employees and contributions made by the State of Illinois on-behalf of the District. IMRF is funded through property taxes and a perpetual lien of the District's corporate personal property replacement tax. In accordance with the regulatory reporting, amounts are reported in this note for disclosure purposes only.

Due to the District preparing its financial statements on the regulatory basis, pension liabilities and deferred inflows and outflows referred to throughout this note disclosure are not recognized in the actual financial statements.

Teachers' Retirement System of the State of Illinois (TRS)

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation with the State of Illinois that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the District of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://www.trsil.org/financial/acfrs/fy2021>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Note 9: Pension and Retirement Systems (Continued)

Teachers' Retirement System of the State of Illinois (TRS) (Continued)

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2021, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-behalf contributions to TRS. The State of Illinois makes employer pension contributions on-behalf of the employer. For the year ended June 30, 2022, State of Illinois contributions recognized by the employer were based on the State's proportionate share of the pension expense associated with the employer, and the employer recognized revenue and expenditures of \$970,858 in pension contributions from the State of Illinois.

2.2 formula contributions. Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2022, were \$11,221, and are deferred because they were paid after the June 30, 2021 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Dwight Township High School District No. 230

Notes to Financial Statements

Note 9: Pension and Retirement Systems (Continued)

Teachers' Retirement System of the State of Illinois (TRS) (Continued)

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2022, the employer pension contribution was 10.31% of salaries paid from federal and special trust funds. For the year ended June 30, 2022, salaries totaling \$34,393 were paid from federal and special trust funds that required employer contributions of \$3,546. These contributions are deferred because they were paid after the June 30, 2021 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2022, the employer paid \$- to TRS for employer contributions due on salary increases in excess of 6 percent and \$- for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the employer reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the employer. The State's support and total are for disclosure purposes only. The amount recognized by the employer. The state's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the employer were as follows:

Employer's proportionate share of the net Pension liability	\$ 161,503
State's proportionate share of the net pension liability associated with the employer	13,535,646
<hr/>	
Total	\$ 13,697,149

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the June 30, 2021, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2021, the employer's proportion was 0.000207%, which was a decrease of 0.000026% from its proportion measured as of June 30, 2020.

Note 9: Pension and Retirement Systems (Continued)

Teachers' Retirement System of the State of Illinois (TRS) (Continued)

For the year ended June 30, 2022, the employer recognized pension expense of \$188,887 and revenue of \$970,858 for support provided by the state. At June 30, 2022, the District had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ 926	\$ 666
Net difference between projected and actual earnings on pension plan investments	-	10,833
Changes in assumptions	72	798

Employer's contributions subsequent to the measurement date	14,767	\$ -
Total	\$ 214,391	\$ 178,832

The District reported \$14,767 as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date which will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

Year Ended June 30	Net Deferred Outflows (Inflows) of Resources
2023	\$ (21,785)
2024	29,468
2025	24,967
2026	(9,548)
2027	(2,310)
Total	\$ 20,792

Actuarial Assumptions

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	varies by amount of service credit
Investment rate of return	7.00% net of pension plan investment expense, including inflation

In the June 30, 2021 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are used on a fully generational basis using projection table MP-2020. In June 30, 2020 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully generational basis using projection table MP-2017.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equities large cap	16.7 %	6.2 %
U.S. equities small/mid cap	2.2 %	7.4 %
International equities developed	10.6 %	6.9 %
Emerging market equities	4.5 %	9.2 %
U.S. bonds core	3.0 %	1.6 %
Cash equivalents	2.0 %	0.1 %
TIPS	1.0 %	0.8 %
International debt developed	1.0 %	0.4 %
Emerging international debt	4.0 %	4.4 %
Real estate	16.0 %	5.8 %
Private debt	10.0 %	6.5 %
Hedge funds	10.0 %	3.9 %
Private Equity	15.0 %	10.4 %
Infrastructure	4.0 %	6.3 %
Total	100.0 %	

Discount Rate

At June 30, 2021, the discount rate used to measure the total pension liability was 7.0 percent, which was the same as the June 30, 2020 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily required rates.

Note 9: Pension and Retirement Systems (Continued)

Teachers' Retirement System of the State of Illinois (TRS) (Continued)

Based on those assumptions, TRS's fiduciary net position at June 30, 2021 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Employer's proportionate share of the net pension liability	\$ 200,018	\$ 161,503	\$ 129,511

Illinois Municipal Retirement Fund (IMRF)

Plan Description and Benefits

Plan description – The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits provided - IMRF has three benefit plans. All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings.

Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired **on or after** January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Regular:

Employees Covered by the Benefit Terms - As of December 31, 2021, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	19
Inactive plan member entitled to but not yet receiving benefits	27
Active employees	21
<hr/>	
Total	67

Contributions - As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2021 was 8.23%. For the fiscal year ended June 30, 2022, the District contributed \$55,810 to the plan. The employer also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability/(Asset) - The District's net pension liability/(asset) was measured as of December 31, 2021, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Actuarial assumptions – The following are the methods and assumptions used to determine total pension liability at December 31, 2021:

Actuarial cost method	Aggregate Entry Age Normal
Asset valuation method	Market Value of Assets
Inflation	2.25%
Salary increases	2.85% to 13.75%, including inflation
Investment rate of return	7.25%

Mortality	For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2021:

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Domestic equity	39 %	1.90 %
International equity	15 %	3.15 %

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1) The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2) The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 1.84%, and the resulting single discount rate is 7.25%.

Teacher Health Insurance Security (THIS) Fund

Due to the District preparing its financial statements on the regulatory basis, post-employment liabilities and deferred inflows and outflows referred to throughout this note disclosure are not recognized in the actual financial statements.

Plan Description. The Teacher Health Insurance Security Fund (THISF) (also known as The Teacher Retirement Insurance Program, "TRIP") is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. TRIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan with a special funding situation that covers retired employees of participating school districts throughout the State of Illinois, excluding the Chicago Public School System. TRIP health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of

the Governor's Executive Order 12-01, the responsibilities to TRIP were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the Teachers' Retirement System (TRS).

The audit report is available on the office of the Auditor General website at www.auditor.illinois.gov, which includes the financial statements of the Department of Central Management Services. Questions regarding the financial statements can be addressed to the Department of Central Management Services at 401 South Spring, Springfield, Illinois 62706. A copy of the actuarial valuation report will be made available by the Commission on Government Forecasting and Accountability on its website at <http://cgfa.ilga.gov/>.

Plan Membership

In order to be eligible, retirees of public schools must have been certified educators or administrators during their time of employment. Eligibility to participate in the plan is currently limited to former full-time employees, or if not a full-time employee, an individual that is in a permanent and continuous basis position in which services are expected to be rendered for at least one school term, and their dependents.

Benefits Provided

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) establishes the eligibility and benefit provisions of the plan.

Contributions

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the TRS, who are not employees of a department, make contributions to the plan at a rate of 1.24% of salary and for every employer of a teacher to contribute an amount equal to .92% of each teacher's salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the THISF, an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year.

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) requires that the Department's Director determine the rates and premiums of annuitants and dependent beneficiaries and establish the cost-sharing parameters, as well as funding. Member premiums are set by this statute, which provides for a subsidy of either 50% or 75%, depending upon member benefit choices. Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

Note 10: Post-Employment Benefits (Continued)

Actuarial Assumptions.

The total OPEB liability was determined by an actuarial valuation as of June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified:

Inflation	2.50%
Salary increases	Depends on service and ranges from 9.50% at 1 year of service to 4.00% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption
Investment rate of return	2.75%, net of OPEB plan investment expense, including inflation, for all plan years
Healthcare cost trend rates	Trend for fiscal year 2022 based on expected increases used to develop average costs. For fiscal years on and after 2023, trend starts at 8.00% for non-Medicare costs and post-Medicare costs, and gradually decreases to an ultimate trend of 4.25%.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants mortality rates were based on the RP-Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 through June 30, 2017.

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 1.92% as of June 30, 2021, and 2.45 % as of June 30, 2020. The decrease in the single discount rate from 2.45% to 1.92% caused the total OPEB liability to increase by approximately \$1,965 million from 2020 to 2021.

The actuarial valuation was based on the Entry Age Normal cost method. Under this method, the normal cost and actuarial accrued liability are directly proportional to the employee's salary. The normal cost rate equals the present value of future benefits at entry age divided by the present value of future salary at entry age. The normal cost at the member's attained age equals the normal cost rate at entry age multiplied by the salary at attained age. The actuarial liability equals the present value of benefits at attained age less present value of future salaries at attained age multiplied by normal cost rate at entry age.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the employer reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state OPEB support provided to the employer. The state's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the employer were as follows:

District's proportionate share of the net OPEB liability	\$ 1,577,838
State's proportionate share of the net OPEB liability associated with the employer	2,137,541
Total	\$ 3,715,379

The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2020. The District's proportion of the net OPEB liability was based on the District's share of contributions to THSF for the measurement year ended June 30, 2021, relative to the contributions of all participating THSF employers and the state during that period. At June 30, 2021, the District's proportion was .0071540% which was a decrease of .0005940% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized OPEB expense of \$12,962. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources, related to OPEB:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	\$ -	\$ 73,809
Net difference between projected and actual earnings on OPEB plan investments	25	30
Changes of assumptions	545	590,829
Changes in proportion and differences between employer contributions and proportionate share of contributions	43,117	387,870
Employer contributions subsequent to the measurement date	12,962	\$ -
Total	\$ 56,649	\$ 1,052,538

The District reported \$12,962 as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date which will be recognized as a reduction of the net OPEB liability in the reporting year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Note 11: Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. In order to protect against such risks of loss, the District purchases insurance coverage through the Illinois School District Agency. The maximum deductible in effect through these policies as of June 30, 2022 was minimal. During the year ended June 30, 2022, there were no significant reductions in coverage so, there have been no settlements which have exceeded insurance coverage in the past three years.

For risks of loss related to injuries to employees, the District purchases coverage through the Illinois Association of School Board Workers' Compensation Self Insurance Trust. Potentially the District could be assessed additional premiums for its share of any losses of the pool. Historically, the District has not been assessed any additional premiums.

Note 12: Sick and Vacation Pay

The District follows the policy of allowing unused sick days to accumulate to a maximum of 360 days. However, if the employee does not use the accumulated sick days, the benefit is lost upon any termination of employment other than retirement. If an employee enrolled in IMRF and TRS should retire with accumulated sick days, the number of days accumulated is added to their years of credited service in determining their retirement benefit. Unused vacation days are not allowed to accumulate.

As a result, no accrued liability for accumulated unpaid vacation or sick pay has been reflected in the financial statements.

Note 13: Commitments and Contingencies

The District is not currently involved in litigation that, in the District's opinion will have a material adverse effect on the financial condition of the District. The District has received funding from state and federal grants in the current and prior years which are subject to audits by the granting agencies. The District believes any adjustments that may arise from these audits will be insignificant to district operations.

GASB Statement No. 91, Conduit Debt Obligations, clarifies the existing definition of a conduit debt obligation; establishes that a conduit debt obligation is not a liability of the issuer; establishes standards for accounting and financial reporting of additional commitments and voluntary commitments extended by the issuers and arrangements associated with conduit debt obligations; and improves required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. The District has not determined the effect of this Statement.

GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, provides more guidance for accounting and financial reporting for availability payments arrangements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022. The District has not determined the effect of this Statement.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITA), defines a SBITA, establishes a right-to-use subscription asset and liability, provides the capitalization criteria for outlays other than subscription payments, and requires note disclosures regarding a SBITA. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The District has not determined the effect of this Statement.

GASB Statement No. 99, Omnibus 2022, improves the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The District has not determined the effect of this Statement.

GASB Statement No. 100, Accounting Changes and Error Corrections, enhances accounting and financial reporting for accounting changes in error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for fiscal years beginning after June 15, 2023. The District has not determined the effect of this Statement.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Education
Dwight Township High School District No. 230
Dwight, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the basic financial statements as listed the table of contents of Dwight Township High School District No. 230 (the "District"), and have issued our report thereon dated November 10, 2022. Our report contains an adverse opinion on the financial statements because the financial statements are presented on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the requirements of the Illinois State Board of Education. Our report also contains a qualified opinion on the regulatory basis of accounting as we were unable to obtain sufficient appropriate audit evidence about the carrying amount of the District's capital assets and related investment in general fixed assets on the regulatory basis as of June 30, 2022 because management has not maintained detailed records to support the historical costs.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the Dwight Township High School District No. 230's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Dwight Township High School District No. 230's internal control. Accordingly, we do not express an opinion on the effectiveness of the Dwight Township High School District No. 230's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is reasonable possibility that a material misstatement of the Dwight Township High School District No. 230's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a deficiency in internal control, schedule of findings and responses as item 2022-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Dwight Township High School District No. 230's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Dwight Township High School District No. 230's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Dwight Township High School District No. 230's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Dwight Township High School District No. 230's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Dwight Township High School District No. 230's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings and Responses

Section I - Audit Findings in Relation to Financial Statements

2022-001

Improper Segregation of Duties

Criteria or Specific Requirement: Internal controls should be in place that provide reasonable assurance that not one individual handles a transaction from its inception to its completion.

Condition: There is inadequate control over the functions of processing and recording the financial transactions of the District due to the inadequate segregation of duties stemming from limited personnel.

Context: The District should have adequate staffing to properly segregate duties.

Effect: As a result of this condition, there is a higher risk that errors or irregularities could occur and not be detected and corrected within a timely period.

Cause: The District has a limited number of staff to allow for adequate segregation of duties.

Auditor's Recommendation: Management and the Board's close supervision and review of accounting information appears to be the most economical and appropriate manner to help prevent and detect errors and irregularities in the District's accounting and financial reporting.

PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3120, 3500, 3510, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score. In FY 2022, identify those late payments recorded as Intergovernmental Receivables, Other Receivables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue. Payments should only be listed once.

24. Enter the date that the district used to accrue mandated categorical payments

Date:

25. For the listed mandated categorical (Revenue Code (3100, 3120, 3500, 3510, 3950) that were vouchered prior to June 30, but not released until after year end as reported in ISBE Financial Reimbursement Information System (FRIS), enter the amounts that were accrued in the chart below.

1	DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION Provisions per Illinois School Code, Section 17-1 (105 ILCS 5/17-1)					
2	<i>Instructions: If the Annual Financial Report (AFR) reflects that a Deficit Reduction Plan is required as calculated below, then the school district is to complete the Deficit Reduction Plan in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2023 annual budget to be amended to include a Deficit Reduction Plan and narrative.</i>					
3	The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell F11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.					
4	- If the FY2023 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.					
5	- If the Annual Financial Report requires a deficit reduction plan even though the FY2023 budget does not, a completed deficit reduction plan is still required.
