Blue Jacket Journal

January 2020

Back in June, Mrs. Guthrie adopted a mini aussie poodle to assist Gracie in the Ag room. His name is Odie, and along with Gracie, he will be used as a therapy dog for kids in Ag or any student who needs to wind down. Odie is 9 months old and will be certified once a year old by the Therapy Dog International. Both Odie and Gracie are also used in the Health Classes, Assisted Living Facilities and Hospice.
