

**CEMS Math Sequence
2019-2020**

5th grade	6th grade	7th grade	8th grade
Grade 5 Math ----- Grade 6 Math	Grade 6 Math ----- Grade 7 Math	Grade 7 Math ----- Grade 7/8 Math ----- Algebra	Grade 8 Math ----- Algebra ----- Geometry

Notes

1. All rising 5th graders will take an end-of-course assessment at the end of 4th grade. Students demonstrating mastery of the 5th grade learning targets will be eligible for Grade 6 Math as 5th graders.
2. Placement into 6th and 7th grade math courses will be based on a variety of criteria, including standardized test data, end-of-course assessments, teacher recommendations, student interest, parent input, etc.
3. Teachers will give pre-assessments at the beginning of each unit and analyze results in CPT meetings for the purpose of informing instruction, including grouping.
4. Learning targets/summative assessments for Algebra and Geometry have been developed in collaboration with teachers of those courses at the high school.
