Brent Littlejohn -Principal Chrissy Lee -Assistant Principal

The following are some very important information, changes and updates for the 2022/2023 school year:

- 1) Per the district handbook, check outs should **ONLY** occur between classes, unless there is **an emergency**. Students miss very valuable instructional time when being checked out early in non-emergency situations.
- 2) **ALL** visitors **MUST** sign in/check in with the front office. This is for the safety and well being of all staff and students. **ALL** exterior doors will be locked at **7:45**, including the gymnasium doors.
- 3) Paper is an app that is now available to **ALL** KMS students and can be accessed via their **Canvas account**. This is an excellent tutoring service and should be utilized if your child is struggling in one or more subjects.
- 4) The KMS “Innovation Lab” will soon be fully operational and will propel learning into the 21st century with robotics, coding, manufacturing/engineering, digital art, etc.)
- 5) **ALL** incoming 7th graders are **REQUIRED** to have the **TDAP vaccination**. This is a state requirement. Please submit your 121 form as soon as possible. The deadline for providing this documentation will be August 31st, 2022.
- 6) **ALL** parents need to submit a **free/reduced lunch** form for this school year, regardless of income level and need. This data will be used to calculate funding for our school. The link to this form can be found on the district and school websites.
