

HUENEME ELEMENTARY SCHOOL

2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Hueneme Elementary School was originally built as a one-room schoolhouse in the late 1800's. The school was rebuilt in 1928 at its current site and is now designated as an historical landmark. Our diverse student population consists of approximately 332 students. Hueneme qualifies for schoolwide Title I funding through the Consolidated Application. Please refer to tables that follow titled, "Student Enrollment by Grade Level" and "Student Enrollment by Group" to see our 2021-2022 demographics.

Our school and district vision and mission are:

VISION: Inspiring and empowering every student to thrive every day

MISSION: We will Inspire our students to explore, dream big, and develop social and civic responsibility through a balanced learning program. They will Thrive as we foster perseverance and resiliency in a safe, culturally responsive, and inclusive community. We will Empower our students by teaching them critical thinking skills through a rigorous academic experience in a digitally-rich environment.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks and instructional materials were selected from the most recent list of standards-based materials adopted by the State Board of Education (SBE) for grades K-8 and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Materials are available to 100% of our pupils. Zero percent (0%) of pupils in this district lack their own assigned textbooks and instructional materials.

School Facility Conditions and Planned Improvements

Hueneme Elementary School was modernized during the 1999-2000 school year. Modernized areas included classrooms, cafeteria, library, computer lab, and the office. This process also included new wiring, plumbing, doors, windows/window coverings, floor coverings, ceilings, and a schoolwide intercom/fire alarm system. The parking facilities and large playground were refurbished in 2001. A beautiful new playground was installed for the Kindergarten and was completed in January 2004. An outdoor stage was designed by our local Seabees from the Port Hueneme Base and built by our Hueneme District maintenance crew in 2004. In 2011, a new playground was installed for grades 1-5. In the summer of 2014, the exterior of the campus buildings was painted, rooms were painted inside, re-roofing was completed on several buildings, and the bookroom was refurbished. In 2018, Hueneme received 8 new outdoor tables with attached benches. In addition, 8 outdoor umbrellas were also purchased. This space has become a beautiful outdoor picnic area that is enjoyed by all grade levels and staff. In 2019, Hueneme Elementary had four additional restrooms installed near our training classroom and in the summer of 2020 a new shade structure was built outside of the cafeteria. Beginning in the Spring of 2022 additional work was completed as part of the HVAC project. In addition to HVAC there has been new wiring and electrical as well as a fire panel. Work is set to be complete by the end of the 2022-2023 school year.

Our campus/facilities are clean, safe and orderly, and are adequate to meet the needs of our students and staff. Our school site is very well maintained, with litter picked up daily and graffiti painted over when found. Our school is starting to show some wear after nearly 100 years, but the facility repairs are done in a timely manner. Staff input and daily inspections help identify repair and safety needs—which are resolved by our custodial staff and/or by our district maintenance staff as quickly as possible. Together, school and district personnel work to ensure that the facility is maintained in a manner that assures it is clean, safe and functional as determined pursuant to an interim evaluation instrument developed by the State of California Office of Public School Construction.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	29	N/A	24	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Contact Person: Monica Shallenberger, Principal
Phone Number: (805) 488-3569

Parent involvement is strongly encouraged at Hueneme Elementary School. There are many opportunities for which parents may volunteer. These include a variety of school-wide PTA programs/activities that are coordinated by a very active and supportive PTA Board, serving on the School Site Council/English Learners Advisory Committee and the District Advisory Committee, as well as volunteering in classrooms. Parents are invited to participate in both in person and virtual parent education meetings. Parents are invited to celebrate students at trimester award ceremonies held three times a year (Currently on hold due to the Covid 19 pandemic) and encouraged to attend class fieldtrips.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.25	0.77	2.45
Expulsions	0.00	0.02	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Date Last Discussed with Staff: January 9, 2023

Date of Last Review/Update: December 6, 2022

This year's safety plan is focused on improving school attendance (97%), reducing discipline referrals for negative behaviors, and safe ingress and egress around our school. Our plans to meet our safety goals including the continued use of the positive behavioral support program, C.H.A.M.P.S. (Conversation, Help, Activity, Movement, Participation, Successful Students), daily monitoring/reporting out of attendance, and coordinating safety for ingress and egress with the local police department.

Professional Development

Administrators, teachers and paraprofessionals participate in professional development focused on the California Common Core State Standards in order to improve their skills in teaching and assessment of student learning. The primary focus areas are instruction of grade-level content standards, intervention strategies for students who have not mastered standards, and assessment of student progress.

The primary area of focus for the most recent three-year period was:

- Distance Learning
- English Language Arts / English Language Development
- Mathematics
- PBIS (Positive Behavioral Interventions and Support)
- Social and Emotional Learning
- MTSS (Multi-Tiered System of Support)
- History/Social Science Adoption
- NGSS/Science Adoption
- Technology
- Integrated Units (K-5)

Professional development is offered during the teaching day, on three student-free staff development days, during summer institutes, after school, and on weekends. Substitute teachers are provided and the negotiated hourly rate is offered for attendance.

During the school year, teachers are supported by classroom observations, staff meetings, and grade-level/content area collaboration. Professional learning agendas are based on student achievement data and staff input.

This table displays the number of school days dedicated to staff development and continuous improvement.
