

RELATION WITH OTHER SCHOOLS AND SCHOOL DISTRICTS

The Board will cooperate and may develop contracts with the state, its agencies and institutions, and any political subdivision for educational purposes and services. These contracts may be developed:

1. To share the services of employees with other school districts.
2. To provide for educational services with the Bureau of Indian Affairs, or any other federal department or agency.
3. To provide educational services for our students as a member of the Southeast Area Educational Cooperative.
4. To provide educational services for grades K-12 within the district and with adjacent school districts.

Tuition for students taught under contractual educational arrangements will be charged as provided by law. As also provided by law, approval for entrance into these contractual arrangements will be received from the Secretary of Education.
