The District provides access to technology in order to enhance the instruction of its students and to achieve the goals as established by the District Board of Education and the Ohio Department of Education. This Agreement is in effect for any school sponsored activity at any time or any place. Any implementation of the use of employee-owned device for instructional use must follow all district rules and policies and may require a separate signed approval by the technology coordinator.

Statement of Procedures

In order to maintain and encourage appropriate and effective use of Internet access, computer technology and connectivity, a set of rules for computer and network use have been established. Authorized users must read and abide by these rules established by the district and their respective buildings and classrooms.

The District provides technology and Internet access in a good faith attempt to promote the safe, ethical, responsible, and legal use of this instructional resource. This access is intended to promote the effective use of technology and the Internet for educational purposes, protect students against potential dangers and ensure accountability. This access is not intended to function as a public access service or a public forum. The District reserves the right to restrict this access to ensure that its use is in accord with its educational purpose.

The District prohibits student-teacher interaction on social networking sites unless such interaction is specifically educational in nature and is stored/located on district provided/sponsored sites. Any digital

communication between district employees and students is expected to follow all district policies and the Ohio State Board of education's Licensure Code of Professional Conduct for Ohio Educators.

Dismissals will be at the normal time.

Students will be bused home at the earliest possible time that buses can be mobilized. Students of PreSchool and Kindergarten will be dropped off at their normal stops as long as a parent or guardian is there to meet them. CERTIFICATION/LICENSE

Refer to Collective Bargaining Agreement and Board Policies

A term and condition for employment with Alliance City School District teaching positions is that all employees are required to hold a valid Ohio Department of Education (ODE) license required for the position. A current copy of the valid license or proof of application by August 1st is required to be included in the personnel file in the Human Resources Department.

Obtaining, updating and filing of a valid license with the Alliance City School District Human Resources Department is the responsibility of our employees. It is *required* that personnel meet the requirements for renewal and updating of their license.

Our Human Resources Department (and the Local Professional Development Committee - LPDC - for those with educator licenses) is available to assist those with educator licenses. However, this support does not relieve you of the responsibility to have a valid license. ORC requires employees to hold a

valid license for the position for which they are employed prior to receiving compensation and without the appropriate licensure can be grounds for termination.

It is also the responsibility of all of our Para-Professional classified positions to secure an *Educational Aide* permit from the ODE and is updated annually unless a four year permit has been secured. Our Human Resources Department and the Office of Operations will assist you, but that does not relieve you of the responsibility to have a valid permit.

Professional Conduct for Ohio Educators

All educators employed by Alliance City Schools are expected to behave in a professional manner that reflects the status and substance of a public school professional with the responsibility of providing high-quality education to every student. The Licensure code of Professional Conduct for Ohio Educators serves as the basis and guide for conduct appropriate for all certified staff employed by the Alliance City Schools and as a professional licensed by the Ohio State Board of Education.

Ohio Revised Code 3319.31 states that engaging in an immoral act, incompetence, negligence or conduct that is unbecoming to the personal or person's position can result in license suspension, revocation or limit license renewal.

Alliance City Schools complies with the aforementioned Licensure Code of Professional Conduct for Ohio Educators and Ohio Revised Code and applies the same professional expectations to employees regarding job performance and communications to its employees.

Employees are expected to discharge their duties in a professional, responsible, honest and legally compliant manner at all times. Employees who fail to comply with law, regulations, directives, policies, administrative guidelines, rules of professional conduct and/or this handbook or otherwise fail to appropriately discharge the duties of their position may be subject to discipline, including but not limited to suspension and/or termination from employment.

COBRA/HIPAA LAWS

The Consolidated Omnibus Budget Reconciliation Act (COBRA) provides employees (or former employees), their spouses and dependents with a temporary extension of group health insurance when coverage is lost due to certain "qualifying" events.

The Health Insurance Portability and Accountability Act (HIPAA) protects individuals and their dependents from losing their health insurance coverage based on pre-existing condition exclusions in the event of job change or loss.

COMPENSATION

Refer to Collective Bargaining Agreement and Board Policies

Direct Deposit

The Alliance City School District will direct deposit your paycheck into your checking or savings account automatically and it is mandatory for all employees. Appropriate forms will be provided to you for your authorization. Direct deposit is available to any bank, checking account, savings account or credit union by providing a copy of a voided check.

It is the responsibility of the Alliance City School District employee to alert the payroll department of any change of personal banking information.

Pay Days

In general, employees are paid 26 times per year, on Fridays every other week. Your pay stub will be sent via email and also can be accessed through the Employee Access Center.

Timesheet Due Dates

Employees working on an as-needed basis on time sheets must adhere to the timesheet due date schedule in order to get paid on time. Timesheets are to be turned in to the employee's immediate supervisor on payday Fridays or the next closest work date prior to payday Fridays.

CONFLICT OF INTEREST AND NEPOTISM

Employees shall not engage in, nor have a financial interest in, any activity that conflicts with their duties and responsibilities with the District. Employees shall not sell textbooks, instructional supplies,

equipment, reference books or any other products to the District. They shall not furnish the names of students or parents to anyone selling these materials.

Employees shall not engage in work of any type in which information concerning a customer, client or employer originates from any information available to them through District sources. Employees must not use their influence or authority to secure authorization of a public contract, including an employment contract, for a family member. In order that there is no conflict of interest in the supervision and evaluation of employees, at no time shall any administrator/supervisor responsible for the supervision and/or evaluation of an employee be directly related to that employee.

This policy is not to be construed to limit any employee from using his or her professional knowledge, talent or name for private gain in a manner not in conflict with the above.

CREDIT CARDS

The Board recognizes the efficiency and convenience afforded the day-to-day operation of the District through the use of credit cards and/or purchasing cards under the supervision of the Treasurer.

However, credit cards and/or purchasing cards are not to be used to circumvent the general purchasing procedure required by State law and Board policies.

Please refer to the Board Policies regarding the manner in which credit cards and/or purchasing cards are to be utilized for.

Reference: Policy [6423](#)

DISCIPLINE

Refer to Collective Bargaining Agreement and Board Policies

Ohio Revised Code (ORC) 3319.081, states that the administration is responsible for discipline of employees in a progressive, corrective manner, to be determined by the administrator. Discipline will be assigned, determined on a case by case basis. The sequence of the discipline shall be determined by the administrator based on the severity of infraction. Discipline measures may result in verbal

reprimand, written reprimand, suspension or loss of pay or termination. The Alliance City Schools utilizes the Code of Conduct rubric to assist in determining discipline for all instances.

DISTRICT CALENDAR

The school calendar for the following school year is prepared by the Superintendent and presented to the Board for approval. The number of hours scheduled for students meets or exceeds the requirements of State law.

The calendar sets forth the days and hours schools are in session, holidays, vacation periods, in service training, teacher orientation days and days of reports to parents.

In preparing the calendar, the Superintendent may provide opportunities for members of the staff to offer suggestions before recommending a calendar to the Board for final consideration and adoption.

The number of hours in each school year that school is scheduled to be open for instruction will not be reduced from the number of hours per year school was open for instruction during the previous school year, unless the reduction is approved by a Board-adopted resolution.

The Board will adopt a school calendar annually. At least 30 days before the calendar is adopted, the Board shall hold a public hearing on the school calendar, addressing topics including the total number of hours in the school year, the length of the school day and beginning and end dates of instruction.

Reference: Policy [8210](#)

DRESS AND GROOMING

Staff dress and grooming should enhance a positive professional image of the District and not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate or compromise reasonable standards of health, safety and decency.

DRUG-FREE WORKPLACE

Refer to Collective Bargaining Agreement and Board Policies

The Board endeavors to provide a safe workplace for all employees, realizing that the use/abuse of drugs and alcohol can endanger the health, safety and well-being of the nonuser, as well as the user.

Because of the Board's commitment to provide a safe workplace, no employee shall unlawfully manufacture, distribute, dispense, possess or use any narcotic drug hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance, as defined in state and federal law, in the workplace.

"Workplace" is the site for the performance of any work done in connection with the District. The workplace includes any District building, property, vehicles or Board-approved vehicle used to transport students to and from school or school activities (at other sites off District property) or any school-sponsored or District activity, event or function, such as a field trip or athletic event in which students are under the jurisdiction of District authorities.

As a condition of employment, each employee shall notify his/her supervisor, in writing, of his/her conviction of any criminal drug statute for a violation occurring in the workplace as defined above, not later than five days after such conviction.

Employees are given a copy of this policy and are notified that compliance with the policy is mandatory. Employees who violate the policy shall be subject to disciplinary proceedings in accordance with prescribed administrative regulations, local, State and Federal law and/or the negotiated agreement, up to and including termination. Any employee in violation of this policy may be required to participate in a drug-abuse assistance or rehabilitation program approved by the Board.

All employees are provided the opportunity to participate in a drug-free awareness program to inform them of requirements, services and penalties. A list of local drug and alcohol counseling, rehabilitation and re-entry programs and services offered in the community is available for employees.

This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.

SOCIAL NETWORKING WEBSITES

1. District employees who have a presence on social networking websites are prohibited from posting data, documents, photographs or inappropriate information on any website that might result in a disruption of classroom activity. The Superintendent/designee has full discretion in determining when a disruption of classroom activity has occurred.
2. District employees are prohibited from providing personal social networking website passwords to students.
3. Fraternization between District employees and students via the Internet, personal email accounts, personal social networking websites and other modes of virtual technology is also prohibited.
4. Access of personal social networking websites during school hours is prohibited

Violations of this section will result in employee and/or student discipline in accordance with state law, Board policies and regulations, the employee and student Code of Conduct and handbook and/or employee collective bargaining agreements. Nothing in this section prohibits District employees and students from the use of education websites and/or use of social networking websites created for curricular, co-curricular or extra-curricular purposes.

EXPENSE REIMBURSEMENTS

District personnel who incur expenses carrying out their authorized duties should complete an expense form, which can be acquired by contacting the Treasurer's Office. Expenses associated with professional learning should be documented in MyLearningPlan (MLP), and require **pre-approval** at least 2 weeks in advance of the professional learning activity. Supporting receipts are required as outlined in guidelines. Expenses may be approved and incurred within the limits of budgetary allocations for the specific type of expense.

When official travel by a personally owned vehicle is authorized, mileage payment is made at the rate currently approved by the Board not to exceed the IRS rate.

The Board generally prohibits employees and Board members from accepting, soliciting or using the authority or influence of his/her position to secure, for personal travel, a discounted or "frequent flyer" airline ticket or other benefit from an airline if he/she has obtained or earned the ticket on official travel. Unless otherwise authorized, any miles earned become the property of the District and must be used for future official travel by District employees or the Board.

The Board authorizes employees to retain rewards from frequent flier or other travel programs or credit card programs earned in connection with their travel or other expenses incurred on behalf of the District when designated by the Board as non-salary benefits.

A traveler on official school business is expected to exercise the same care in incurring expenses as a prudent person exercises in traveling on personal business. Excessive costs, such as those caused by

circuitous routes or luxury services or accommodations, are not considered prudent, nor are they accepted for reimbursement.

FAMILY AND MEDICAL LEAVE ACT (FMLA)

Refer to Board Policies

Eligibility

An employee who has worked for the District for at least 12 months and who has worked at least 1,250 hours in the 12 months preceding the beginning of the leave is eligible for leave under the Family and Medical Leave Act (FMLA). The 12 months an employee must have been employed by the District do not need to be consecutive months. The 1,250 hours of service do not include vacation leave, sick leave, holidays or other paid leaves of absences. However, an employee returning from fulfilling his/her Uniformed Services Employment and Reemployment Rights Act (USERRA) covered service obligation shall be credited with the hours of service that would have been performed but for the period of military service in determining whether the employee worked the 1,250 hours of service.

Leave Entitlement

An eligible employee is allowed to take up to 12 work weeks of leave during a 12-month period. The District has chosen the following method to determine the 12-month period in which the 12 workweeks of leave entitlement occurs:

A “rolling” 12-month period measured backward from the date any employee uses any FMLA leave.

An employee may be eligible for 26 work weeks of FMLA leave during a single 12-month period to care for a covered servicemember with a serious injury or illness. The District will determine the “single 12-month period” using the 12-month period measured forward from the date an employee’s first FMLA leave to care for the covered servicemember begins.

If both husband and wife are employed with the district, a shared/ combined 12 week absence will be approved for FMLA due to the birth of a child.

1. Types of Leave

An eligible employee may take FMLA leave for the following purposes:

- A. birth and care of a newborn child;
- B. placement with an employee of a son or daughter for adoption or foster care;
- C. care for a spouse, child, parent with a serious health condition. An employee may not take FMLA leave to care for a parent-in-law.
- D. recovery from a serious health condition that keeps the employee from performing the essential functions of his/her job;
- E. to respond to a “qualifying exigency” that arises because a spouse, child or parent is on covered active duty or has been called to covered active duty as a member of the Armed Forces or to care for a spouse, child, parent or next of kin who is or was a member of the Armed Forces and who is currently undergoing medical treatment, recuperation or therapy for either a serious illness or injury that was incurred in the line of duty or for a serious illness or injury that existed before the beginning of active duty and was aggravated by service in the line of duty. In order to be eligible, veterans must have been members of the Armed Forces within five years of receiving such treatment.

The District requires eligible employees to use any accrued and unused paid vacation or sick leave concurrently with unpaid FMLA leave.

An employer cannot compel an employee to use accrued medical/sick leave in any situation for which the leave could not normally be used.

2. Spouses Employed by the District

If spouses eligible for leave are both employed by the District, the spouse is entitled to the full amount of FMLA leave even if their spouse has already exhausted leave for a qualifying event.

3. Intermittent and Reduced Leave

FMLA leave may be taken intermittently or on a reduced leave schedule under certain circumstances. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason.

Reduced leave is a leave schedule that reduces the employee’s usual number of hours per workweek or hours per workday.

Intermittent or reduced leave is available for the employee's own serious health condition; to care for a seriously ill spouse, child or parent; to care for a covered service member's serious injury or illness or for leave taken due to a qualifying exigency. Such leave may be used for the birth or adoption/placement of a child only if the Board agrees.

If an employee needs leave intermittently or on a reduced leave schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as not to unduly disrupt the employer's operations.

If the employee needs intermittent leave or leave on a reduced schedule that is foreseeable, the Superintendent may require the employee to temporarily transfer during the period that the intermittent or reduced leave schedule is required to an available position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position.

If an eligible instructional employee (i.e., those whose principal function is to teach and instruct students in a class, a small group or an individual setting) needs intermittent leave or leave on a reduced leave schedule due to foreseeable medical treatments, and the employee would be on leave for more than 20% of the total number of working days over the period the leave would extend, the District may require the employee either to:

1. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment or
2. transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay

4. Benefits

The Board maintains the employee's health coverage under the group health insurance plan during the period of FMLA leave on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire leave period. Prior to the beginning of the FMLA leave, the employee should make arrangements with the Treasurer to pay the employee's share of health insurance.

An employee may, but is not entitled to, accrue any additional benefits or seniority during unpaid FMLA leave. Benefits accrued at the time leave began (e.g., paid vacation, sick or personal leave to the extent not substituted for unpaid FMLA leave), however, must be available to an employee upon return from leave.

The Board is entitled to recover health care premiums paid during the leave if the employee fails to return from leave. Recovery cannot occur if the employee fails to return because of the continuation, recurrence or onset of a serious health condition or due to circumstances beyond the control of the employee.

5. Notice

When the FMLA leave is foreseeable, the employee must notify the Superintendent of his/her request for leave at least 30 days prior to the date when the leave is to begin. If the leave is not foreseeable, the employee must give notice as early as is practical.

When the employee requests pre-scheduled medical leave, the employee must make reasonable attempts to schedule treatment so as not to disrupt the District's operations.

The Board may deny the leave if the employee does not meet the notice requirements.

6. Certification

The Board may require the employee to provide certification from a health care provider containing specific information required under the law if he/she requests a medical leave. If there is a question concerning the validity of such certification, a second and, if necessary, a third opinion can be required, both at the expense of the District.

Upon the employee's return to work, the Board requires that the employee present a fitness statement from the employee's health care provider certifying that the employee is able to return to work.

7. Reinstatement

When the employee returns from the leave, the Board reinstates the employee to the same or an equivalent position with equivalent benefits, pay, terms and conditions of employment. An employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

Grievance procedures should provide for prompt and equitable adjustment of differences at the lowest possible administrative level. Each employee should be assured the opportunity for an orderly presentation and review of complaints and concerns.

The procedures established for the resolution of grievances in contracts negotiated with recognized employee bargaining units apply only to "grievances" as defined in the particular contract(s).

HEALTH AND SAFETY

1. Bloodborne Pathogens

Staff and students incur some risk of infection and illness each time they are exposed to bodily fluids or other potentially infectious materials. While the risk to staff and students of exposure to bodily fluids due to casual contact with individuals in the school environment is very low, the Board regards any such risk as serious.

To reduce the risk to staff and students by minimizing or eliminating staff exposure incidents to bloodborne pathogens, all employees are required to complete Public School Works training;

maintain first-aid kits in each school building and each student transportation vehicle; and use correct procedures for cleaning up bodily fluid spills and for personal cleanup.

Immunization for hepatitis B is also offered for all staff who are required to provide first aid to students and/or staff through Public School Works. The vaccine is also offered to all staff who have occupational exposure as determined by the administrator.

2. Communicable Diseases

Any employee with signs or symptoms of diseases suspected as being communicable to others should be given immediate attention and sent home if such action is indicated. Any staff or student suspected or reported to have a communicable disease will be examined by a school nurse or public health nurse as soon as possible.

Upon the recommendation of the school nurse, the staff or student may be excluded from school. Readmission is dependent upon a decision by a physician, school nurse or public health nurse.

3. First Aid

The school nurse or other trained person is responsible for administering first aid in each building. An emergency medical service will be called in case of serious illness or injury.

Use of Automated External Defibrillators (AEDs)

Employees should familiarize themselves with the locations of the AEDs within each building. The District will provide annual AED training, and only employees who have completed the required training are authorized to use the AED. A list of trained employees shall be kept in each building.

4. Food Allergies

Employees shall familiarize themselves with the Board policy and building-specific plan for food allergy management. Teachers of students with food allergies will be notified when necessary as part of the student specific written food allergy management plan. Care should be taken to

not draw attention to staff or students with food allergies. Employees should strive to create a healthy, allergy conscious environment in the individual classroom.

Failure to report may subject the employee to disciplinary action. Any threat of immediate physical harm shall be reported to the appropriate local law enforcement.

6. Student Safety

In an attempt to ensure student safety, employees:

- A. shall not send students on errands that would require the student to leave school property and/or drive a vehicle;
- B. shall not attempt to diagnose or treat a student's personal problem relating to sexual behavior, substance abuse, mental or physical health and/or family relationships but, instead, should refer the student to the appropriate individual or agency for assistance;
- C. shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background; and
- D. shall immediately report any suspected signs of child abuse or neglect,
- E. shall not ride in student vehicles nor allow students to ride in district vehicles

PUBLIC RECORDS (PUBLIC'S RIGHT TO KNOW)

The Board supports the right of the people to know about the programs and services of their schools and makes efforts to disseminate appropriate information. Each building principal is authorized and expected to keep the school's community informed about the school's programs and activities. The release of information of District-wide interest is coordinated by the Superintendent.

Any individual who wants to obtain or inspect a copy of a public record may request to have the record duplicated on paper, on the same medium on which the record is kept or on any other medium that the Superintendent/designee determines reasonable. If the request is ambiguous or overly broad, the District shall inform the requester of the manner in which records are maintained and accessed in the ordinary course of business and allow the requester to revise the request.

Student records that consist of "personally identifiable information" generally are exempt from disclosure.

All records responsive to the request shall be made available in a reasonable period of time. The District shall make the requester aware of any information that is exempt from disclosure requirements by notifying the requester of any redacted information or by making redactions in a plainly visible manner.

If a public records request is denied, the District shall provide an explanation with legal authority for the denial of the request. This explanation shall be provided in writing if the request is made in writing or if the Superintendent/designee determines if written explanation is necessary.

REDUCTION IN FORCE (RIF) OF CERTIFIED EMPLOYEES

Refer to Collective Bargaining Agreement

The Board may reduce the number of teachers upon the return to duty of regular teachers after leaves of absence, suspension of schools, territorial changes affecting the District, decreased enrollment of students in the District or for financial reasons.

REDUCTION IN FORCE (RIF) OF CLASSIFIED EMPLOYEES

To ensure prompt reports, building administrators shall inform their employees of reporting procedures. Employees should follow the reporting procedures for their building. A person who participates in making such reports is immune from any civil or criminal liability, provided the report is made in good faith.

The Board directs the Superintendent/designee to develop a program of in-service training in child abuse prevention for all school nurses, teachers, counselors, school psychologists and administrators. This program is developed in consultation with public or private agencies or persons involved in child abuse prevention or intervention programs.

Each person employed by the Board as a school nurse, teacher, counselor, school psychologist or administrator shall complete at least four hours of in-service training in the prevention of child abuse, violence and substance abuse, school safety and the promotion of positive youth development within two years of commencing employment with the District, and every five years thereafter.

In addition, middle and high school employees who work as teachers, counselors, nurses, school psychologists and administrators shall receive training in dating violence prevention. The training must occur within two years of commencing employment and every five years thereafter.

Conversely, public children services agencies must notify the Superintendent of any allegations of child abuse and neglect reported to them involving the District, as well as the disposition of the investigation.

SAFETY POLICY

Refer to Collective Bargaining Agreement and Board Policies

The safety of our employees is an important concern of Alliance City Schools. We expect all employees to take safety seriously. We do not assign staff to duties that could cause harm or aggravate a prior injury. If you have been injured before, or if certain work could cause you harm, as an employee you are required to inform Human Resources or your immediate supervisor prior to accepting your assignment. If you are physically limited in some way, if certain tasks are hard for you, or if you need any special accommodation to perform a job function, it is your duty to let us know in advance.

General Safety Rules

All employees are required to obey the safety rules set by the worksite, or school district or building. If an accident occurs while you are in violation of safety rules or policies, your Workers' Compensation benefits may be reduced. Wherever you work, remember these basic rules or guidelines:

- Never do any work you feel is unsafe or could cause injury. Do not perform tasks that involve physical exertion unless you have been trained to perform them and are familiar with the risks associated with them.
- Do not operate any power equipment without permission and the proper advance training.
- No person will be allowed to work if he/she is impaired due to fatigue, illness, medication, drugs, alcohol or other causes. Use of drugs or alcohol while on the job is strictly prohibited.
- Every employee is to help keep the workplace neat, orderly and free of obstructions. Close file cabinets when you are finished in them. Do not string power cords or any cable across a walkway.
- All unsafe conditions and any accident or injury must be reported to the worksite office immediately.

OSHA Hazard Communication

You have a right to know about any safety hazards in your workplace. A district/building administrator will explain:

- Any chemical or material substances that are known hazards at your job site and which you may be exposed to;
- The “Material Safety Data Sheets” that describe any hazardous materials and what to do if you are exposed to them;
- How to identify and properly handle any hazardous substances.

If you ever have a question about a chemical or substance at your job, be sure to ask your on-site administrator for more information.

If You Are Injured

If you are injured on the job in any way, however minor, you must report the incident to the Alliance City School District immediately. Except in a true emergency, you should not leave the worksite without reporting an injury.

Alliance City Schools carries Workers’ Compensation insurance to protect and benefit any employee who may be hurt on the job.

To receive any compensation for an on-job injury, and any Workers' Compensation benefits that may apply, there are certain steps you must take. Reporting an injury promptly is the first and most important step. Once you do that, we can guide you to the next steps.

If you are injured on the job, report the incident to the Alliance City Schools office immediately, even if the injury is minor. Note: Reporting an accident/injury to a school supervisor on the job is not enough. Be sure to name Alliance City School District as your employer.

After you have been treated, a Doctor will determine what work you can do; regular work, light work, or no work at all. The Doctor's report will determine whether you need time off or not.

As soon as you are able, an Employee Accident/Injury Report must be completed in Public School Works within 24 hours. The report will let us know of the incident and our insurer know exactly what happened, how and where you were hurt.

Reporting a work-related injury

A Board employee who sustains a work-related injury must report the injury and its circumstances to the building principal or job supervisor, as appropriate, as soon as possible following the occurrence of the injury. An Employee Accident/Injury Report must be completed and an accident investigation will be conducted in a timely manner.

In addition to reporting the injury and completing an Employee Accident/Injury Report, the employee may file an application for benefits with the Bureau of Workers' Compensation. The Superintendent's designee will provide assistance to an employee in filing a workers' compensation claim.

While an injured employee is not required to accept salary continuation in lieu of temporary total compensation, if she/he does accept it, the employee must complete and sign a Salary Continuation Agreement.

The injured employee is not entitled to both temporary total compensation and salary continuation, and is required to notify the Board and BWC if this occurs. The injured employee will not experience a break in service that impacts seniority or other benefits when salary continuation is paid by the Board.

Returning to Work

You must bring a written notice from your doctor that says that you can return to work. If you do not have this, we will assume you are not capable of performing your duties and send you home.

SCHOOL EMPLOYEES RETIREMENT SYSTEM (SERS) AND THE STATE TEACHERS RETIREMENT SYSTEM (STRS)

In accordance with Ohio Revised Code (ORC), all certificated District employees are subject to membership and contribution requirements of the State Teachers' Retirement System (STRS), while all non-certificated (aka classified) District employees are subject to membership and contribution requirements of the School Employees' Retirement System (SERS).

WORKERS' COMPENSATION

The Ohio Bureau of Workers' Compensation (BWC) provides insurance coverage to employees for work-related injuries sustained in the course of and arising out of employment and diseases contracted in the course of employment. It also provides benefits to employees' dependents in those cases of death suffered in the course of and arising out of employment.

To that end, if an employee sustains a workplace injury and contracts an occupational disease, she/he may be eligible to receive compensation and benefits under the Workers' Compensation Act for loss sustained on account of an injury or illness.

In accordance with the Workers' Compensation Act, coverage is provided to employees who are injured or who contract an occupational disease in the course of, and arising out of, his/her employment. In such cases, ACS employees are entitled to file a claim. Workers' compensation provides for medical care and disability compensation, which is based on the employee's salary. Payment of compensation for work loss can only be filed when the injury causes more than seven (7) days of work loss.

Medical services must now be managed by a Managed Care Organization (MCO) approved by the Ohio Bureau of Workers' Compensation (BWC). The MCO for all employees of the Alliance City Schools is AultWorks.

In the event of a work related injury, the following steps need to be followed:

- Notify your supervisor immediately
- In an emergency, seek immediate medical attention
- An accident report must be completed in Public School Works within 24 hours for all injuries and accidents

In an emergency, seek immediate medical attention. The physician is required to call the MCO within 24 hours of treatment to report the injury.

If a staff member sustains a workplace injury while s/he is under the influence of alcohol or a controlled substance not prescribed by his/her physician, s/he may be disqualified for compensation and benefits under the Workers Compensation Act.

If the professional staff member tests positive or refuses to submit to a test for alcohol and/or other drugs after sustaining a workplace injury, the employee may dispute or prove untrue the presumption or belief that alcohol and/or other drugs are the proximate cause of the injury (i.e., rebuttable presumption)
