

Centennial SMART Hall Monitor Application

Duties & Responsibilities: A SMART hall monitor is responsible for assisting teachers with monitoring student behavior in the hallways during locker time or when going from one classroom to another. A good hall monitor knows the SMART expectations well and serves as a role model for his/her peers by displaying positive behaviors. Each day, the hall monitor will assign a grade of A-F to each grade level (4,5 and 6) based on his/her assessment of that grade's behavior in the hallway. For each week of serving as a hall monitor, a student will earn a free game pass for himself/herself and 1 guest. Acceptance as a SMART hall monitor is dependent upon academic eligibility, always being on time to class, and remaining free of behavior referrals.

Hall Monitor Application

Name: _____

Grade: _____

1. Explain why you want to become a Hall Monitor:

2. Describe how you feel SMART behaviors benefit our school.
