

MERIDIAN AGRICULTURE FOUNDATION BOARD

President - Pete Pistorius

Vice President - Jeffrey H. Brown

Treasurer - James Snow

Secretary - Jeffrey M. Brown

Vice President Fundraising - Duane Noland

The Meridian School District is known for

advancing the vision of academics for our students and building a strong community where students are inspired to learn.

Today, through the help of the Meridian Ag Foundation, we are continuing our path of growth with the development of the Meridian AgTech Program. This program will be a cornerstone for our community and our students by providing advanced education in the agriculture technology space.

Meridian AgTech Program will include:

- A new 4,800 square foot facility featuring
 - State-of-the-art classroom space
 - Agriculture Mechanics Lab
 - Automated Greenhouse
- A full time Agriculture instructor
- Progressive curriculum that will grow with the program as it develops
- Hands-on opportunities through experiential learning with area farm collaborations
