- Open Discussion

Please Join

the

Town of Medfield, Medfield Public Schools and the
Dale Street School Building Committee for a

Community Educational Visioning Workshop #2

Tuesday, February 4, 2020 7:00PM – 8:30PM

Dale Street School Cafeteria, 45 Adams Street, Medfield, MA

As the Educational Programming Phase for the new Dale Street Elementary School continues, we will be updating the community on the visioning priorities gathered to date and the progress made toward shaping Medfield's educational vision for the new school. We will be looking for community feedback and for establishing community priorities. An introduction to building performance will take place with ensuing discussion on sustainability and energy efficiency goals and priorities for the new school. An open forum for discussing blue sky ideas for the new school as a whole will follow. The information gathered will continue to help inform and define how to best manifest the collective vision into the architecture of the school.
