Amendment – as of 10/17/2022 – 581-022-2400 – Personnel

Rule # and Title	Status	Explanation Evidence	Corrective Action Plan & Timeline
<u>581-022-2400 Personnel</u> <u>Amendment as of 10/17/2022</u>	Out of compliance for 21-22	Implementing Corrective Action A teacher had missed the deadline for licensure renewal and did not file until after the grace period had ended; there were extenuating circumstances due to an extended Covid illness. Their grace period for licensure filing had ended after the state staffing report for "Highly Qualified" certification but prior to the end of the school year. The correct license type has been filed.	District and union leadership will be meeting monthly to review the upcoming or pending licensure renewals in the next 60 days, considering that expiration notices are only internal to the TSPC Portal System. To help incentivize more timely compliance with licensure renewal deadlines, HB 4030 funds are being used to reimburse certified staff for the base license fee after renewal and this provision will be incorporated into the next collective bargaining agreement.

6.0 ACTION DISCUSSION

6.1 Compliance with Public School Standards - Division 22 Report

Presented by Superintendent Grzeskowiak

Explanatory Statement: By November 1 of each year, school district superintendents are required to report to their community on the district's status with respect to all of the Standards for Public Elementary and Secondary Schools. The reporting requirement is OAR 581-022-2305: District Assurance of Compliance with Public School Standards. This report covers the Division 22 requirements of the 2021-2022 school year.

Superintendent Grzeskowiak reviewed the Division 22 report that was included in the Superintendent report (available on district website)

The board reviewed the information provided by the superintendent.

6.2 2nd Reading of Policy

See consent agenda.

6.3.1 GCC/GDC-AR – Recruitment of Licensed and Classified Staff

Presented by Superintendent Grzeskowiak – 2nd Review

Explanatory Statement: The administrative rule related to the policies addressing the recruitment of staff that covers pre-employment processes was missing procedural elements:

- A timeline for reapplication after a failed screening
- Addressing potential employees under the care of a physician where treatment may impact a screening
- Re-employment of former employees and completion of the pre-employment process

Those three items have been added to provide clarity to potential employees to the district.

Superintendent Grzeskowiak provided information on what other county districts in Lane County are doing on testing for pre-employment. Thirteen of the sixteen districts do not test at all with the exception of transportation drivers and heavy equipment operators.

6.4 Lane Education Service District – Transit Dollar Allocation (Resolution 101222-6.4)

Presented by Superintendent Grzeskowiak – Action Item

Explanatory Statement: Oregon law was changed to allow districts to request up to 50% of funds for district services. Over the last several years, the school district has used these funds to staff our own Life Skills program locally within the district rather than participate in the county consortium.

Resolution 101222-6.4 - Lane Education Service District – Transit Dollar Allocation

Director Miltenberger motioned that the Siuslaw School District Board request an amount “Not to Exceed 50%” in transit dollars from the Lane Educational Service District for the fiscal year 2023-2024 school year as presented. Director Barnett seconded and the motion carried unanimously.

Motion:	Miltenberger	2 nd :	Barnett	Ayes:	Unanimous	Nays:	Abstain:
---------	--------------	-------------------	---------	-------	-----------	-------	----------

6.5 ODE ESSER III Capital Expenditure Updates (Resolution 101222-6.5)

Presented by Superintendent Grzeskowiak – Action Item

Explanatory Statement: The district’s ESSER III plan included the high school office modular as an approved expenditure in 2021; which qualified under both safety & security and continuity of operations. As the ESSER and American Rescue Plan reporting requirement rules are being updated for more detail, the subsystems (fencing, awnings, ramps, concrete, etc.) of the office modular should be noted as individual capital expenditures within ESSER III for ODE.

Resolution 101222-6.5 ODE ESSER III Capital Expenditure Updates

Director Barnett motioned that the Siuslaw School District Board of Directors approve ODE ESSER III Capital Expenditure forms as presented. Director Miltenberger seconded, and the motion carried unanimously.

3.0 PUBLIC COMMENT

Community member, Jason Wood, addressed the board with a concern. Woods stated that there has been a lot of grumblings about some of the trans kids who attend the school district. Wood stated that, speaking from personal experience, it's hard enough as it is, and it does not need to be made any harder for them. Wood shared that to be balked at by adults when you are trying to figure yourself out, is not acceptable. Further, Wood said that bullying, especially by adults, leads to a very high suicide rate. Woods stated that he doesn't know a single queer person from his generation who didn't have to struggle very hard and thought about how easy it would be not to continue. We need to make sure that no kid in this school district ever feels that way and I am getting the feeling that they are. To conclude, Wood implored the board to pay attention and to please keep in mind that they are just children.

6.0 ACTION DISCUSSION

6.1 Student Investment Account - 2021-2022 - Annual Report

Superintendent Grzeskowiak reported the following:

The Student Success Act was enacted from HB3427. Within that fund, the Student Investment Account is one of the three initiatives supporting Oregon's students. The law requires school districts to build on the strengths and assets of young people, educators, families across the state, including members of the nine federally recognized tribes; students of color; students with disabilities; emerging bilingual students; and students navigating poverty, homelessness, and foster care. Each year, local school districts are required to report out on the progress of programs, relative achievement of goals and use of those funds.

The report was included in the board information packet that was placed on the district website prior to the meeting.

After the initial report, individual public commentary on the Student Investment Account was opened by Chair Sneddon. Hearing none, the board moved on to the next agenda item.

6.2 High School Success - 2021-2022 - Annual Report

Superintendent Grzeskowiak reported the following:

High School Success is a fund initiated by ballot Measure 98 in November 2016. The intent of High School Success is to improve student progress toward graduation beginning with grade 9, increase the graduation rates of high schools, and improve high school graduates' readiness for college and career. All High School Success recipients must meet eligibility requirements in order to receive and spend funds.

Funding is provided to establish or expand programs in three specific areas: Dropout Prevention, Career & Technical Education and College-Level Education Opportunities.

The report was included in the board information packet that was placed on the district website prior to the meeting. The report was included in the board information packet that was placed on the district website prior to the meeting.

After the initial report, individual public commentary on High School Success report was opened by Chair Sneddon. Hearing none, the board moved on to the next agenda item.

6.3 Division 22 – Updated Report

Superintendent Grzeskowiak reported the following:

Presented is an AMENDED Division 22 District Assurances of Compliance with Public School Standards report. After the initial presentation at the October meeting, it was discovered that a staff member had completed the 21-22 school year with a lapsed license and in their filing for an update, had accidentally selected the incorrect type. This inadvertent error was impacted by an extended illness during year and the delay in processing the application. The Highly Qualified staff report filed from the district office as part of other ODE data collection requirements occurred during the teacher's licensure grace period, so it would have appeared that the district was in full compliance with 581-022-2400 Personnel. Regardless of the difference between the timing of the filing of the two different reports, I am reporting "out of compliance for 21-22" and Implementing Corrective Action as noted in the corrected report.

The ammended report was provided to the board and posted on the district website prior to the meeting.

6.4 Declare Budget Committee Vacancies (Resolution 110922-6.4)

Superintendent Grzeskowiak reported the following:

The budget committee consists of seven members appointed by the board plus the elected board members. [Policy DBEA](#) Budget Committee specifies that the board must announce the vacancies and receive applications from interested persons. The openings will be posted on the district website and sent to the media. Applications will be accepted November 14 through December 5 at 5:00pm. The board will either appoint from the pool of applicants or discuss if additional information is needed from the applicants (i.e. interviews) at their December 14, 2022 board meeting.

- Positions 1, 3 and 6 have 3-year terms which will expire June 30, 2025
- Position 2 is open due to a resignation and will be an unexpired term which will expire on June 30, 2023
- Director Miltenberger motioned to approve the agenda as amended. Director Barnett seconded and the motion carried unanimously.

The Expanded Options Program allows students in the upper high school grades to participate in college-level, concurrent enrollment and dual-credit courses while attending high school, to gain early enrollment into post-secondary institutions. This policy is revised to reflect the most recent changes in legislation and case; prioritizing students that are “at-risk” for dropping out of school. Hearing no objections, the policy will be placed on the December 14, 2022 consent agenda.

Policies KBA & KBA-AR address public records and requests to inspect public records of the school district. The policy change is related to simplification of language in line with Oregon statute and procedural implementation has been shifted into the administrative rule. A general matrix has been established to clarify the costs, timelines, and expectations on the delivery of large volume requests.

Policies EH & EH-AR addresses the electronic document and email aspect to public records. Whether a record is electronic or on paper, it is categorized by the subject matter and then subject to the general document retention schedule and rules set determined by the state archives of Oregon.

These policies will be placed on the December 14, 2022, consent agenda unless any board member requests placing the policy under action items for further discussion. Hearing no objections, the policy will be placed on the December 14, 2022 consent agenda.

6.6.5 Continuation of September Policy Action 091422-6.4.1 – Policy IGBB – Talented and Gifted Program and/or Services (Resolution 110922-6.6.5)

Superintendent Grzeskowiak reported the following:

At the September 2022 Board of Directors Meeting, Policy IBGG was adopted, but at the same time Policy IGBBC –Talented and Gifted – Programs and Services, was not deleted in lieu of other revisions. And the prior IGBBC-AR - Complaints Regarding the Talented and Gifted Program, was recoded to IGBB-AR under the policy adopted in September.
