

**COLTS ROUND UP SIGN UP
(JANUARY 7TH - APRIL 30TH)**

Colts Round-Up is an after school enrichment program that runs Monday through Thursday from **3:30—5:30**. Students are given a snack, juice or milk, helped with classes if needed through homework room and then participate in the weeks activities. This all occurs in a safe, monitored environment on the grounds of the Waterville Elementary School.

There will be **NO FEE** for Colts Round Up at this time however this form is crucial to keeping a record of the number of students we serve for grant monies.

COLTS ROUND UP SIGN UP (JANUARY 7TH - APRIL 30TH)

The benefits of an afterschool program are widespread. Colts Round-Up provides a safe, nurturing place of supervision for school age children where there are opportunities to reinforce learning from school, teach social skills and encourage good citizenship as well as allowing parents peace of mind while they finish their work days.

As a community and school district we are blessed to have an amazing staff & families that care about what our students are doing after the bell rings at the end of the day. Colts Round-Up supplies a healthy snack, milk or juice, enrichment activities, social interaction with their peers and staff members as well as opportunities to enhance the lives of others through community service activity.

This year, Colts Round-Up will again offer programming for KP-6 grades on early dismissal. We hope that this can have a positive impact upon the families and students in our community as well. We will have special programs on certain early dismissal days that will be a sure hit with the kids!

KRR

Colts Roundup for K-3rd grade is partnering with the USD 498 Kansas Reading Roadmap program. Colts Roundup continues to be a safe, academically enriching environment for students. The K-3rd grade program will focus on educational and enrichment activities for reading and health giving the students an opportunity to engage in positive educational experiences.

Our program will provide reinforcement for reading and writing skills taught during the school day; fun educational games that are related to reading; and enrichment activities that will develop and increase students' self-confidence, self-esteem and social skills. We look forward to an Afterschool program with many learning opportunities designed to help your student succeed! Our reading activities reinforce what your student is learning during school in a fun and engaging way.

ATTENDANCE

Regular attendance is important! Students are expected to participate in the after school program four days a week and expected to stay for the entirety for the program. This is especially important for preparation of the week's activities. Parents should notify the school of any absences in advance when possible.
