

Monday, Feb. 17, 2020

Greetings parents/guardians,

You are invited to the 2nd Grade Family Math Night event, 5:30- 6:30 on Wednesday, March 4th at the RVES gym. This night will be a fun, family-friendly event that allows you and your student to learn and play new math games together.

You and your child will **explore ... inspire ... empower ...** and **educate** yourselves about how much fun math can be. You will also learn simple games you can do at home to foster your student's interest in math. Most importantly, you will get the chance to **connect with other families** while you and your children **learn and play together**.

Research shows that **family engagement** leads to greater student success. Students with engaged parents are more likely to earn higher grades, attend school regularly, have better social skills and go on to college. We are very excited to see family engagement come alive in our school Family Night program, and we hope to see you there!

Sincerely,  
2nd Grade Team  
Mrs. Bechard  
Mrs. Boucher  
Mrs. Easum
