"Marengo 8 to 18" - "Registration" - "Browse Camps at Marengo High School"

#### About:

Players and coaches will be going through a series of drills that we go through as a program at the high school level. The camp will run for 3 weeks. Of those 3 weeks, players will work on hitting and fielding drills that we feel are necessary to build an all-around player for the program to be successful.

High school players will be working this camp and will provide instruction to the youth players within their groups. The high school coaches will be discussing with youth coaches what the drills are focusing on and why we feel they are important for the development of the players. Youth coaches are welcome to take videos and ask questions about specific drills or fundamentals when needed.

Each week will focus on a specific part of the game. Week one will consist of hitting, while week 2 will be focusing on fielding. During the final week of the camp, we will piece all things together with rotations in both hitting and fielding, while also working in a wiffle ball game at the end of camp.
