

LanguageLine Solutions®

Interpreting services for parents and staff is provided through LanguageLine Solutions. LanguageLine is a communications company enabled by technology. They meet the industry's highest standards, earning the privilege to interpret for our district's stakeholders. LanguageLine provides parents the ease of communicating with school personnel to help meet the needs of their child(ren). This interpreting service can be used for phone conversations, as well as face-to-face meetings. Parents can request this service by contacting their school's front office.

Front office staff have been trained in using LanguageLine to provide interpreting services. Front office personnel have been assigned school codes for this service. If you need interpretation services to communicate with a parent/guardian, please contact front office personnel in your building.
