[www.EastonValleyCSD.com](http://www.EastonValleyCSD.com)

In light of the success our high school boys basketball team is experiencing this season, we want to be proactive by informing families about potential changes to our calendar in the coming weeks. We understand how difficult it can be to adjust to changes in the school calendar and want to give parents optimal time to make arrangements in the event that our boys' basketball team advances to the state tournament.

If the boys win on February 25, 27, and 29 then we want you to be aware of the potential changes to our school calendar which include:

- Possible school cancellations during the week of March 9, 2020
- Possible cancellation of scheduled early out days
- Possible changes in P/T conference schedule
