FEB FEST FUN!

February means Feb Fest for some of our Shiloh Science students. Each year, Eastern Illinois University Biology department hosts Feb Fest for area high school students. While attending, students can take a tour of the Biology department and the facilities, see various displays and take part in experiments. Students also have the chance to talk one on one with the Biology staff and students of EIU. This event is definitely a favorite of Mrs. Saddoris and our students!

SEE WHAT MATTERS

In Character Education, Preschool and Kindergarten students learned that people have many different shades of skin. Mrs. Pam talked with students about how skin is like wrapping paper and we can't tell what is on the inside of a person by their skin. Students compared their skin to shades of paint in a paint set and talked about how to look past differences and see how they are the same.

GOOD DENTAL HABITS

Monica Dunn from the Edgar County Health Department visited with PIP families this month. She offered free dental screenings for the kids and answered parent questions. She brought a game that allowed the kids to practice brushing their teeth and to learn about healthy foods. Thank you to Monica for taking the time to visit.

LADY TITANS HEADED TO ELITE 8!

Congratulations to our Lady Titans! Coach Morrissey and the team took home the Sectional Championship Trophy on Thursday when they defeated Altamont at Casey in the Championship game. The girls played a great game and, in the end, it was their outstanding free throw average that helped them take the win. The Lady titans won 52 to 43. The team has now advanced to Super-Sectionals which will be held at Farina on Monday, February 23, at 7:00. The Titans will take on Okawville in their quest for State. We hope to see a great turnout from our school and community to support the Lady Titans Monday! Congratulations and good luck to our coaches and team!

WINTERFEST IS UPON US

Winterfest week began Tuesday at Shiloh. It has been a busy week with daily dress up days, hallway decorating, spirit links and daily games in the gym. All four of the high school classes compete against each other gaining points each day for all of the above categories. It looks to be a close race this year as all of our classes have outdone themselves with decorating and spirit. Some Senior girls got their "Senior" on for Generations dress up day, and the Juniors put on a great Macarena for the air band challenge! Friday ended with a Pep Rally for the high school boys' basketball team to wish them luck in the Winterfest game tonight. The games begin at 5:00 with a Fresh/Soph game and JV/Varsity games will follow. It will also be Senior Night for Senior ball players and cheer leaders. Good luck Titans! Winterfest walk in and coronation begins at 7:00 Saturday night followed by a dance for high school students which will last until 10:30.
