#1038 Play and Learn/Play and Learn Nights (Ages birth -5)

Come to our site and get the wiggles out as you explore a place and toys that are different from your own. This class will allow you to have some special time with your child while also giving you and your child time to socialize and meet new friends. There is no separation or formal parent time in this class. At the end of each class there will be a short circle time with a story and songs. Enter your child's world and explore with them!

#1001 Terrific Toddlers (Ages 12 mo-30 mo.)

Toddlers can be adventurous, shy, independent, clingy, strong-willed, or charming. Although these descriptions seem to be opposite, any one toddler can be all of the above. One thing is for certain, toddlers are learning by leaps and bounds! Come and join us as we offer sensory experiences, simple art, music, movement, finger plays, stories, and age-appropriate activities for you to enjoy with your child. Each group will decide if parents and children will separate, taking the children present into account.

Covid 19

In order to keep families safe, ECFE classes may look slightly different this year. Class sizes will be limited, adults and children will be asked to wear masks and we will be cleaning and sanitizing even more than usual between class sessions. Despite these changes, we will continue to provide you with the positive ECFE experiences you've come to expect. We look forward to seeing you in class!

1037/#1037B Marvelous Mix (ages 2-5)

#1037 Mix it up! This class has a little something for everyone. Parents and children spend the first half of class together on developmentally appropriate activities such as sensory experiences, making art projects, painting, and other games and activities that build preschool skills. Next, you'll enjoy a circle time together, which is filled with singing, music, movement, finger plays, rhymes, and fun! After circle time the children have a social time of free play that is modeled and monitored by a licensed ECFE teacher. Meanwhile, parents have some time to visit with others about relevant parenting topics.

Note: This is a separating class.

10061 Preschool Preview (Child must be 31 months by April 1, 2021 to attend this class)

Preschool Preview helps support the transition to preschool by providing an introductory preschool experience with a gradual parent separation time. Children and parents attend the first two classes together, first playing and working on preschool skills, and then separating to allow children to have peer interaction while parents have parent discussion time. The remainder of the session consists of child-only classes where children will experience a two hour “preschool day”. Their day will include developmentally appropriate large and small group activities which introduce them to preschool skills, a snack time, and a time of free play where they have opportunities to meet other children and develop social skills.

8 sessions

Thursdays, April 8-May 27. (Parent/Child Classes– April 8, 15, Child Only Classes– April 22, 29, May 6, 13, 20, 27)

#1069 Party in the Park (Ages birth-5)

Our year is coming to an end, and we’ve decided to celebrate with a party. Come join our ECFE families as we welcome spring with some outdoor activities. We’ll bring the parachute, hula hoops, and bean bag toss game. Little ones might also want to try a craft, obstacle course, or sidewalk chalk. We will have overlapping sessions, so you can play first and then have lunch, **OR** have lunch first and then stay for the afternoon section. Let’s Party! (Tables are available if you choose to bring a lunch to eat at the park.)

1 Session Friday, May 21st

**Central Public Schools Early Childhood
Screening Dates**

Wednesday, June 2 & Thursday, June 3, 2021

**You may register for screening by calling
Community Education: 952-467-7390**

It is required that all children be screened before entering Minnesota Public School Kindergarten. Early Childhood Screening is FREE through the school district. Children should be screened between the ages of 3-5 (before Kindergarten). We at ECFE feel the best time to screen is from 3 years 2 months to before your child's 4th birthday. Private schools may not require screening, but it is a good way to check your child's development.
