For better communications between school and home

Mission Statement: *The School District of Fall River collaborates with the community and families to create a safe and challenging learning environment that prepares all students to be responsible citizens that are life long learners.*

## Fall River School newsletter for July 2014

### Notes from the Superintendent Kellie Manning

The following newsletter highlights exciting news about what is happening creatively, academically and athletically throughout the district. Fall River School District students at all levels are competing and excelling in a variety of ways, thanks to the hard work, enthusiasm for learning and the dedication of our faculty and staff who nurture and support them. After you finish reviewing the articles I am sure you will agree that we have much to be proud about in our schools.

The 2013-2014 school year was an exciting year for our students, parents and teachers. Our goal was to engage every student, improve achievement and create opportunities for creative and purposeful learning at all levels.

We will continue to focus on the goals outlined below this coming school year;

1. Provide a safe and nurturing environment for all students.
2. Provide effective leadership to support and enhance instructional practices.
3. Improve student achievement, remove barriers to learning and close academic achievement gaps.
4. Explore technology software applications to enhance student learning outcomes.
5. Provide professional development to further explore and implement new instructional strategies.
6. Strengthen collaboration with stakeholders and our parents to increase community satisfaction with our district.

We monitor these broad goals year-round and constantly strive to maintain and improve each respective area. Significant District initiatives have taken place and summer school curriculum work has occurred at all levels.

We have much to be proud of regarding the many successes during the 2013-2014 school year. We thank all the members of our school community for their support of our students. Organizational improvement involves far more than simply changing simply changing instructional delivery strategy and improved test scores. It is the result of the various "parts" of our system working cohesively – the whole school community working together to meet the needs of

our students. Let's have an even greater 2014-2015 school year by continuing to strengthen our efforts to work together for the benefits of our students.

We are "Educating Today's Youth To Be Tomorrow's Leaders." We will continue to sustain our constant efforts to provide a safe and enhanced learning environment for all of our students.

Warmest Regards,

Kellie Manning

Superintendent,, Elementary Principal, Curriculum Director

### Hunter Lee

2 time state pole vaulter

2013 7th place finish 12 foot vault

2014 5th place finish (medal winner) 13 foot vault

School Record Holder 13'9"

Broke a record that stood for more than three decades and has added 3 feet onto the record!

Congratulations to Hunter Lee!

Nurse’s Notes

Becky O’Neill RN BSN

**Attention parents of students entering 5K in the fall:** Before your child enters kindergarten, please be aware that the Wisconsin Immunization Law requires Varicella (chickenpox) vaccine or the date your child previously had the disease.

Also, please be aware that one dose of DTaP vaccine is required after the 4th birthday. For children who are "up to date" with their preschool DTaP series this will be final (5th) dose that is recommended to ensure prolonged protection, primarily against pertussis also known as whooping cough. For children who are not "up to date" this dose may be the 3rd or 4th in the series and no further doses are required. Because of a 4-day grace period, DTaP vaccine received 4 days or less before the 4th birthday is also acceptable. Expect a letter home before the end of the school year with all the details.

**Attention parents of students entering grade 6 in the fall:** Before you child enters 6th grade, the Wisconsin Immunization Law requires a Tdap. Tdap is the adolescent combination vaccine that protects against tetanus, diphtheria, and pertussis (whooping cough). Only one dose is required. Parents are required to have their child vaccinated or claim a waiver. Expect a letter home before the end of the school year with all the details.

**Attention parents of students with medication at school:** Medication consent forms are only valid for one school year. Please remember to come to school during the last few days of school to pick up the remainder of their medication. You will have until **June 30, 2014** to pick up the medication or it will be disposed of. We will be unable to send any medication home with a child. Please call 484-3333 ext 221 with questions regarding medication pick up or disposal.

**New medication forms for 2014-15 can be picked up at the office at school throughout the summer or also printed from the school website under Health Services.**

**Thank you:** This will be the last Nurse’s Note I will be sending out. My family is relocating to Iowa and we are sad to leave Fall River but excited for the new adventures that are ahead. Thank you for a wonderful seven years with the Fall River school district.

FALL RIVER SCHOOL DISTRICT  
NOTICE OF CHILD FIND ACTIVITY

**The school district must locate, identify, and evaluate all resident children with disabilities, including children with disabilities attending private schools, regardless of the severity of their disabilities.**

The school district has a special education screening program to locate and screen all children with suspected disabilities who are residents of the district and who have not graduated from high school. Upon request the school district will screen any resident child who has not graduated high school to determine whether a special education referral is appropriate. A request may be made by contacting the School Psychologist, Director of Pupil Services, at 608-566-3710 or by writing to the Fall River Public School, 150 Bradley Street, Fall River, WI 53932.

**Annually the district conducts developmental screening of preschool children.** Each child’s motor, communication, and social skills are observed at various play areas. The information is used to provide the parent with a profile of their child’s current development and to provide suggestions for follow-up activities. Parents learn about community services available to them and speak with representatives of agencies serving families. The information from screening is also used to determine whether a child should be evaluated for a suspected disability. When school staff reasonably believes a child is a child with a disability, they refer the child for evaluation by a school district Individualized Education Program (IEP) team. Developmental screening will be **held in the spring of 2015.**

**A physician, nurse, psychologist, social worker or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to report the child to the school district in which the child resides.** Before referring the child, the person making the referral must inform the child’s parent that the referral will be made. The referral must be in writing and include the reason why the person believes the child is a child with a disability. Others who reasonably believe a child is a child with a disability may also refer the child to the school district in which the child resides. A referral of a child residing in the Fall River School District may be sent to Sara Totten at the school district address above.

**The school district maintains pupil records, including information from screening and special education referral.** All records directly related to a student and maintained by the school district are pupil records. They include records maintained in any way including, but not limited to, computer storage media, video and audiotape, film, microfilm, and microfiche. Records maintained for personal use by a teacher and not available to others and records available only to persons involved in the psychological treatment of a child are not pupil records.

PUPIL RECORDS

**“Progress records”** include grades, courses the child has taken, the child’s attendance record, immunization records, required lead screening records, and records of school extra-curricular activities. Progress records must be maintained for at least five years after the child ceases to be enrolled.

**“Behavioral records”** include such records as psychological tests, personality evaluations, records of conversations, written statements relating specifically to the pupil’s behavior, tests relating specifically to achievement or measurement of ability, physical health records other than immunization and lead screening records, law enforcement officers’ records, and other pupil records that are not “progress records.” Law enforcement officers’ records are maintained separately from other pupil records. Behavioral records may be maintained for no longer than one year after the child graduates or otherwise ceases to be enrolled, unless the parent specifies in writing that the records may be maintained for a longer period of time. The school district informs parents when pupil records are no longer needed to provide special education. At the request of the child’s parents, the school district destroys the information that is no longer needed. **“Directory data”** includes the student’s name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, photographs, degrees and awards received, and the name of the school most recently previously attended by the student.

**“Pupil physical health records”** include basic health information about a pupil, including the pupil's immunization records, an emergency medical card, a log of first aid and medicine administered to the

pupil, an athletic permit card, a record concerning the pupil's ability to participate in an education program, any required lead screening records, the results of any routine screening test, such as for hearing, vision or scoliosis, and any follow-up to the test, and any other basic health information, as determined by the state superintendent. Any pupil record relating to a pupil’s physical health that is not a pupil physical health record is treated as a patient health care record under sections 146.81 to 146.84, Wisconsin Statutes. Any pupil record concerning HIV testing is treated as provided under section 252.15, Wisconsin Statutes.

EDUCATIONAL RECORD RIGHTS

***The Family Educational Rights and Privacy Act (FERPA), the Individuals with Disabilities Education Act (IDEA), and section 118.125, Wisconsin Statutes, afford parents and students over 18 years of age (“eligible students”) the following rights with respect to education records:***

**The right to inspect and review the student’s education records within 45 days of receipt of the request.** Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. The school district will comply with the request without unnecessary delay and before any meeting about an individualized education program, or any due process hearing, and in no case more than 45 days after the request has been made. If any record includes information on more than one child, the parents of those children have the right to inspect and review only the information about their child or to be informed of that specific information. Upon request, the school district will give a parent or eligible student a copy of the progress records and a copy of the behavioral records. Upon request, the school district will give the parent or eligible student a list of the types and locations of education records collected, maintained, or used by the district for special education. The school district will respond to reasonable requests for explanations and interpretations of the records. A representative of the parent may inspect and review the records. **The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate or misleading.** Parents or eligible students may ask the Fall River School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record, the district will notify the parent or eligible student of the decision and the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

**The right to consent to disclosures of personally identifiable information in the student’s education records, except to the extent that federal and state law authorize disclosure without consent.** The exceptions are stated in 34 CFR 99.31, Family Educational Rights and Privacy Act regulations; Sec. 9528, PL107-110, No Child Left Behind Act of 2001; and section 118.125(2)(a) to (m) and sub. (2m), Wisconsin Statutes. One exception that permits disclosure without consent is disclosures to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. Also the district discloses “directory data” without consent, unless the parent notifies the district that it may not be released without prior parental consent. **The right to file a complaint with the U. S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.** The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-4605.

# Fall River Football Aluminum Can Drive

**Date:** Saturday, July 26th, 2014

**Time:** 8:00 a.m. – 12:00 p.m.

**Location:** School Staff Parking lot (North Side of the School off of Bradley Street)

If you would like to arrange a pick up of your aluminum cans at an earlier date, or you would like to drop the cans off at an earlier date please contact Brian Zacho at school. Phone number (920) 484-3333 ext. 266 or by e-mail at [bzacho@fallriver.k12.wi.us](mailto:bzacho@fallriver.k12.wi.us). Last year we raised almost \$1,000.00 dollars, which the football team used to hold their annual Pirate football team meal, recondition the coaching head sets, and the purchase of new helmets and shoulder pads for middle and high school. Thanks again for all your help, and our team looks forward to your continued support. Go Pirates!!!

## Fall River Football Pirate Camp

This camp is run by the Pirate football coaching staff and any former football players who want to give back to the program. These players come back on their own time at their own expense because they want to pass on the lessons they have learned in football and now apply to their adults lives.

6th Annual Fall  
River Pirate  
Football Camp

Open to students entering

Grades 7 through 12

July 21-23, 2014

Located at Fall River High School

My son/daughter has my permission to attend the 6th Annual FR Football Camp. I certify that within the past two years, he/she has had a physical examination and that now he/she is able to participate in football camp activities without restriction. In the event of an illness or injury, I give my consent for medical treatment and permission to attending physician to hospitalize, secure proper treatment, and order injections, anesthesia, or surgery. I will be responsible for any medical or other charges in connection with my son/daughter's attendance in camp.

I acknowledge that the 6th Annual Football Camp that my son/daughter will participate in will require and involve strenuous physical activity, and may involve contact with other players, the ground or floor, or other objects at the 6th Annual Football Camp and the risk of injury may occur. I specifically waive, give up and release the 6th Annual Football Camp and the school Fall River School District from liability for any claim for damages which I or my son/daughter may have for injuries or illness they sustain at camp. I understand that this camp and its instructors have no liability insurance nor is a liability policy or rider in place.

**New Offensive series**

**Base Defense**

**Special Team Work**

**Team Cohesion**

### Literacy Appreciations

The Fall River Library Media Center endeavors to be at the crossroads for learning and literacy for our school and community and this depends on the ongoing support of many people and the love the students have for reading.

Students had fun choosing lots of new books each week and worked hard on learning literacy skills that would help them in the classroom and in their lives. Mr. Pawlisch's Third Grade Class set the pace for our school. With a class of sixteen students, his third graders checked out 2,038 books (an average of 127.38 books per student) followed by Mrs. Buzzell's Fourth Graders who checked out 1,764 books during the school year. Thank you to all the teachers for the encouragement you give Fall River students to be readers and lifelong learners.

Special thanks to our library tutors Kelsey J. & Justin A. (1st Semester) and Michelle S. (2nd Semester). These high schoolers assisted elementary students, picked up books from classrooms and made sure that the library books were shelved and ready for the next reader. Thank you to Grace V. and Julisa D. for their help with kindergarten students. Brian L. also donated his time and worked on keeping the library in good order. His generous help was much appreciated. Community volunteers Ann Taurick and Jennifer Herzberg made a difference in the library this year as well. Mrs. Taurick graciously provided help with our collection. Mrs. Herzberg continues to provide us with an aquarium (the fish are VERY popular) and helped us maintain it.

The Fall River Parent Support Group once again facilitated and funded literacy events throughout the school year. In particular, the students love looking forward each year to the Book Fair! The presentation that the PSG sponsored by David Landau brought lots of smiles and was truly enjoyed by everyone.

Thank you to everyone who was a guest reader, a reading buddy or a literacy supporter and to all the families and members of our school district for your understanding, commitment to literacy and the positive role models you provide. All of us are looking forward to continuing the Fall River story that is about how we are all working together for literacy AND having a great time!

### Drew Dykstra Education Fund

The Drew Dykstra Education Fund was started by the Bonnet Prairie Church Luther League after Drew lost his father in a car accident.

Drew graduated from Fall River High School in June, and would like to go to Madison College for a 2-year technical degree.

Please give generously. Donations can be made at Farmers & Merchants Union Bank. Checks can be made payable to: Drew Dykstra Education Fund c/o Bonnet Prairie Luther League.

If you have any questions feel free to contact Dawn Huber 920-210-3943 or Doug Waterworth 920-210-7104.

### **4th, 5th, & 6th Tackle Football**

Registration forms and Concussion Acknowledgement are due **NOW** for fall season. You can find the forms on the recreation website. Go to [www.fallriver.k12.wi.us](http://www.fallriver.k12.wi.us) and click on Recreation Department.

### **A+ Student Event**

We recently rewarded the students who received straight A's for the 3rd quarter with a build your own sundae party. Students who received straight A's on their 3rd quarter report were able to invite a guest to this special event. A special Thank You goes out to Culver's of Columbus for the gracious donation of custard and toppings.

### **Columbus/Fall River Food Pantry**

The Columbus/Food Pantry has served 1,568 individuals in the past year. These individuals reside in the Columbus and Fall River school districts. The Food Pantry appreciates all the monetary and food donations it receives. Without the community's support, we could not continue to serve our neighbors.

Please continue sending your monetary donations to Anchor Bank, 150 N Ludington St, Columbus, WI 53925. Non-perishable, non-expired food donations can be dropped off at Pick n Save, the Columbus Senior Center during regular business hours, or at your local church. (Please note: the Food Pantry has plenty of canned vegetables!)

If you are planning a food drive or have a large food donation, please notify Colleen @ 920-210-6266. Perishable food items such as eggs, bread or produce may be dropped off at the Food Pantry (enter through Senior Center) on Thursdays before 3:00 pm.

If you are an individual in need of assistance, contact your local church, school, or police department for information.

## **Fall River Parent Support Group**

Thank you to all of the families and staff members who supported our school through the purchase of Market Day items. Our profit for this year was \$2,490.93. Thank you to Carri Lee for coordinating this fundraiser and to all who came and helped. Boxtops is another big fundraiser for us. Boxtops brought in \$3,540 this year! Thank you to Melissa Brown for coordinating this. Keep clipping over the summer. Donna Slotten and Shelly Salzman will be taking this over next year.

We also collect Milk Moola items, which includes milk caps, bag tops, and Glazers price ovals. For a complete list, go to [www.milkmoola.com](http://www.milkmoola.com). Thank you to Shelly Koch for coordinating this effort, which brought in \$165 this year. We are very close to collecting enough Tyson A+ and Loaves 4 Learning items to send in. Thank you to Donna Slotten for tracking these. Melissa Brown takes care of the Campbell Soup Labels, this year we redeemed them for inside recess toys. Lastly, Target shoppers earned us \$332 this year. Thank you to everyone for your support.

Your support allows us to provide funds for playground equipment, assemblies, and other items such as technology. This year, we bought an X Wave 2 for the playground, and the kids love it! We sponsored several assemblies including CLIMB, Corkey Comics, and Dave Landau. In February, we did a book drive and we also had the Scholastic Book Fair.

Watch the newsletter for a Summer Meeting and Back To School Night information or "Like" Fall River Parent Support Group on Facebook for updates, upcoming events and volunteer opportunities.

Thank you,  
Colleen Waterworth, PSG President

## **High School Forensics Wrap Up**

The High School Forensics team ended their season by competing at State on the UW-Madison campus. Every spring, students from all over Wisconsin converge on Madison to compete in this long-running and prestigious meet. The Wisconsin High School Forensics Associations dates back to 1895 and is the oldest organization of its kind in the United States.

Fall River students met the challenge and helped carry on the tradition of excellence. Michelle S. competed in Prose Reading and received a perfect score and a gold medal. Janessa T., competing at State for the first time, earned a bronze medal in the Four Minute Speech category.

At the end of the year team celebration, Katheryn H., Class of 2014, was recognized for her excellence in forensics during all four years of high school. Michelle S. earned the outstanding forensics award for the 2013-2014 season. Morgan H. and Brian L. were awarded trophies for their Conference forensics achievements, and Gabby C. was recognized for her participation as this year's student coach.

All the team members and their coach appreciate the commitment the Fall River School District has made over the years to both sponsor and encourage students as they gain skills in public speaking. These skills, sharpened in competition, can be used for lifetime success. As the Wisconsin High School Forensics Association states in their motto, "Not to defeat each other, but to pace one another on the road to excellence."
