Welcome to Pinon Accelerated Middle School

Pinon Accelerated Middle School (PAMS) was founded in 1984. Teachers, administrators and staff are committed to providing quality education for approximately 300 students in sixth grade through eighth grade.

Every school year we begin with pre-tests, (NWEA, AZELLA) and complete our school year with post-tests (NWEA, AZELLA, AIMS Science, AzMerit). These tests help us in identifying services for our students. We have core classes (Math, Science, Social Studies, English Language Arts) at each grade level. Students rotate through exploratory classes consisting of Smart Lab, PE, Navajo Culture, Navajo Literacy, Art and English Language Arts Intervention. Teachers have integrated technology into the classroom via Chromebooks and Google classroom.

We encourage parents and guardians to visit our school. Parents are encouraged to monitor their child’s progress and attendance through PowerSchool. If you should have any questions involving your student’s progress at PAMS please do not hesitate to contact us.

District Communication
Parent(s)/Guardian(s) may download the District academic PowerSchool app to receive current notifications on student grades and attendance. Usernames and passwords for the PowerSchool app are provided by the PAMS Attendance Specialist/Administration to parent(s)/guardian(s).

Special Education
Grading for students with I.E.P.’s reflect the student’s abilities and their individual progress. The permanent report cards for such students shall indicate enrollment in special education for those classes. Parents of special education students
shall be counseled regarding the grading system in order to avoid misinterpretation of the achievement grade (GBP: IHBA).

**Student Retention**

Regular Education - The School District has standards that students must achieve in reading, writing, science, and mathematics for promotion to the next grade.

A decision to promote or retain a student will be made after a careful study of facts relating to all phases of the student’s growth and development, and should be in the best interest of the student. Other considerations for promotion include standardized test scores, teacher grades, teacher/principal recommendations, attendance, and other pertinent data.

Every effort will be made by all school personnel (Teachers, Principal, and Student Support Facilitator) to assist those students who are at-risk of being retained to meet promotion standards for that grade. The teacher is responsible for identifying these students, providing the necessary interventions and for making the appropriate referrals for intervention as early as possible. The parents and Principal will be informed of students who are identified as at-risk as early as possible in the school year. Parent conferences will be held during regularly scheduled parent-teacher conference days and at other times as necessary.

*No decision to retain a student shall be made after April 15th without student and parent involvement. Late enrollees may receive special consideration.*

Final decisions on promotion and retention shall be made by mid-May. Teachers shall make the final recommendation to retain a student after consultation with the Principal, input from other staff members, and parents. Students and their parents shall be involved throughout the process. Parents may appeal the decision to the Governing Board as pursuant to the Arizona Statutes.

In addition to the above, such decisions, when applied to students enrolled in special education, shall be on a case-by-case basis, consistent with the I.E.P. (Individual Educational Plan) and in accordance with A.A.C. R7-2-301 and R7-2-401 (GBP: IKE-RA, IKE-RB)

**Special Education (GBP: IKE-RA, IKE-RB)**

Students who do not meet regular promotion requirements must meet the course of study and promotion requirements for special education under the guidance of A.A.C. R7-2-401. The programs for such students may need modifications, which may include, but are not limited to:

- Curricular, Method, Evaluation or Materials modification
- Additional time to complete requirements
- Course substitution

Any student unable to meet regular academic requirements for promotion must meet the requirements of an alternative curriculum derived from the regular curriculum, which will be developed by a multidisciplinary team on an individual basis. Students placed in special education will complete the course of study as prescribed in the individual promotion plans and implemented through their I.E.P. (Individual Educational Plan). Course work will be presented at a level commensurate with the student’s ability. The student's permanent file shall identify the courses completed through special education; however, the student will receive the standard certificate of promotion.

**Teacher and Program Assignments (GBP: JG, JG-R)**

Once a student is assigned to a teacher or program, class assignments will not be changed unless recommended by teachers and approved by the Principal. Classes are created in order to be balanced and beneficial for all students. The Board Policy is that students will not be moved to another class based on a parent’s request alone.
The following policies were enacted to focus attention on the value of academic achievement and to increase accountability.

**REWARDS**

1. Students who pass each section of the AzMERIT will receive a ribbon from the Governing Board.
2. Students who pass all sections of the AzMERIT and “exceed” the standard on one or more sections will receive a plaque from the Governing Board.

Attendance Information

Attendance Policy (GBP: JE)
PAMS expects all students to be in attendance every class period of every school day to take advantage of every
opportunity for a quality education. The State Law requires regular school attendance of all children of school age.
Regular school attendance is essential for success in school; therefore, absences shall be excused only for necessary and
important reasons.
In the event of a necessary absence known in advance, the parent is expected to inform the school; if the absence is
caused by emergency, such as illness, the parent is expected to telephone the school office. When a student returns to
school following any absence, a note of explanation from the parent is required. The District has designated 180
instructional days for this school year.

Custodial and Non-Custodial Parental Rights and Responsibilities (JF)/ Custody (GBP: JF, JFAA)
The District honors all current court orders or decrees pertaining to custody situations. It is the responsibility of adults
having custody of a student to submit to the school a current certified copy of the effective court order or decree.

In sole custody situations, the custodial parent has the right to determine the student’s education unless the custody
decree provides otherwise. Where parents share joint legal custody, neither parent’s rights are superior with regard to
determining the child’s education unless specified otherwise by the court or parents in the final judgment or order.
Custody is irrelevant to a parent’s rights to see their child’s educational record, such records are available to any parent
unless the District has been provided a court order, state statute, or legally binding document that specifically
terminates a parent’s rights to see the child’s educational records. The District shall not act merely on the desire of one
parent to prevent the other parent from seeing the student.
Parents and Guardians who wish to enroll students at PUSD must have legal custody of that child is living with someone
other than their parent(s), a court ordered guardianship document must be provided prior to the student being
accepted for enrollment. Contact the PAMS Attendance Registrar at (928) 725-2311.
*In most cases, separated parents have equal rights to their children. If you have a court order that limits the rights of
one parent in matters such as custody or visitation, please bring a copy to the office. Unless your court order is on file
with us, we must provide equal rights to both parents.

Absences shall be excused only for the following reasons:
• Student's Illness
• Prearranged dental or doctor appointments
• Death of an immediate family member (parents, siblings, maternal and paternal grandparents)
• Observance of traditional Navajo ceremonies
• Major religious holidays of the family's faith
• Adverse weather
The persons responsible for monitoring the attendance policy are attendance clerk, classroom teacher, and assistant
principal/principal.

Should you have any questions about the notice please contact the attendance technician. The home visits will be made the student support facilitator and classroom teacher.
- Upon the second unexcused absence notice in a quarter, parents/guardians will be required to attend a parent conference with the Principal/Assistant Principal, teacher, and attendance clerk.

**Excused Absence**

An excused absence means that students will be permitted to make up their class assignments or request homework prior to leaving school. Parents are encouraged to have a doctor’s statement for their child if he/she is restricted from P.E. class for more than a week. A written note is sufficient for less than a week. Teachers and coaches are responsible for all school activity absence(s), using the following procedure:

- Email list of student participants to attendance clerk at least one day prior to activity.

**Tardiness**

Tardy is unexcused unless the parent contacts the teacher or the office. After three unexcused tardiness in a quarter, the student will be required to meet with the Student Support Facilitator. After the three additional unexcused tardiness, the parent will be required to meet with the Principal/Assistant Principal.

**When Absent from School (JH)**

State law requires that the school record a reason for all student absences. When a student is absent, it is necessary for a parent to call the school to explain the absence. When it is impossible to call on the day of the absence, the school should be notified on the morning the student returns, in time for the student to obtain an admission slip prior to the student’s first class. All absences not verified by parental or administrative authorization will remain unexcused.

If a parent does not have access to a phone, either at home or at work, a note will be accepted for verification purposes. For absences greater than one (1) day in length, the school should be notified each day of the absence.

The school may require an appointment slip or a letter from a hospital or clinic when the parent has not notified the school of an appointment of a medical or dental nature. School administrators are authorized to excuse students from school for necessary and justifiable reasons.
Absence Notification
The attendance technician shall make a reasonable effort to promptly telephone and notify parents or guardians of a student in grades sixth (6) through eighth (8) within two (2) hours after the first class in which the student absence is unexcused or authorization of absence from the parent or person having custody of the student has not been provided to the school office.

The District and its Board, employees, or agents are not liable for failure to notify.

Further, on or before the enrollment of a student in grades six through eight, the District shall notify parents or other persons who have custody of a student of their responsibility to authorize any absence of the student from school and to notify the school in advance or at the time of any absence. The District also requires that at least one (1) telephone number, if available, be given to the school office so that a "reasonable effort to notify by telephone" may be accomplished. This telephone number, if available, shall be provided at the time of enrollment of the student in the school. The parents or guardians of a student shall promptly notify the school of any change in this telephone number.

HEALTH SERVICES

School Nurse/Health Technician
Every school in the Piñon School District provides a variety of health services delivered by a school nurse or health technician. Services include medication and health care management, care for accidents and injuries, health education programs, and coordinating screening activities in the area of vision, hearing and scoliosis. In addition, many schools have established linkages with community health agencies.

Immunizations
All students need to be up to date on immunizations or the school nurse will send them home. Subject to the exemptions in A.R.S. 15-873, immunization against each of the following diseases is required for attendance of any child in any school:

- Diphtheria.
- Tetanus.
- Pertussis.
- Poliomyelitis.
- Rubella (measles).
- Mumps.
- Rubella (German measles).
- Hepatitis A, recommended for a child two (2) through five (5) years of age in a public-school-based day care program or preschool in Maricopa County.
- Hepatitis B.
- Haemophilus Influenza b (Hib).
- TDAP, if the student has reached 11 years old.
- Meningococcal.
- HPV, recommended.

Any child is in compliance with the requirements if the child has met the criteria of the appropriate immunization schedule as recommended by the Department of Health Services or is actively in the process of meeting such criteria as evidenced by having received one (1) dose of each of the required immunizations and having established a schedule for completion of the required immunizations.

A child shall not be allowed to attend school without submitting documentary proof to the school administrator unless the child is exempted from immunization pursuant to section 15-873. Upon enrollment, schools shall forbid attendance of (suspend) any student not meeting the requirements for immunization or exemption from immunization.

Vision, Hearing and Scoliosis Screening
School-aged children are screened for vision, hearing and scoliosis problems in accordance with Department of Health Services guidelines with the goal of removing health related barriers to learning. Parents are informed of the results and the criteria used to determine the pass/fail status. School-based screenings are only done for specific areas and, therefore, should not be viewed as a replacement for routine wellness examinations by the child’s primary health care provider.
Emergency First Aid or Illness
The nurse, health technician, teacher, or a member of the office staff gives emergency first aid. If the student is seriously injured and needs medical attention, the parent is contacted. When the parent cannot be located, the school will exercise its legal option to act in the place of the parent and secure emergency treatment.

When students become ill at school, they are sent to the school nurse’s office. If it is necessary for students to leave school, the parent is contacted for pick-up. The student is kept in the nurse’s office until the parent or guardian arrives. No student may walk home when he or she is ill. Parents are urged to keep a child home when they suspect illness.

Emergency Information
It is very important to keep the student’s emergency information current. The following information is provided on the emergency information on PowerSchool:
- Current home addresses and telephone numbers.
- Place of employment and phone number of both parents/guardians.
- Name, address and phone number of person(s) responsible for the child in the event parents cannot be located immediately if an emergency occurs.
- Ailments such as diabetes, epilepsy, cardiac disease, asthma and allergies are some of the diseases that should be noted on health records and discussed with the school nurse.

Change of Address
If your telephone number or address changes, it is very important that you notify us immediately so that we have current information in order to communicate with you in case of an emergency and to send important information home.

Administering Medicines to Students
Under certain circumstances, when it is necessary for a student to take medicine during school hours, the District will cooperate with the family physician and the parents if the following requirements are met:
- There must be a written order from the physician stating the name of the medicine, the dosage, and the time it is to be given.
- There must be written permission from the parent to allow the school or the student to administer the medicine.
- Appropriate forms are available from the school office.
- The medicine must come to the school office in the prescription container or, if it is over-the-counter medication, in the original container with all warnings and directions intact.

The District reserves the right, in accordance with procedures established by the Superintendent, to circumscribe or disallow the use or administration of any medication on school premises if the threat of abuse or misuse of the medicine may pose a risk of harm to a member or members of the student population. The Superintendent shall not disallow use or administration of medication on school premises without first consulting legal counsel.

This policy and any related policies or amendments to such policies shall be forwarded to the District liability insurance carrier for review.

Prescription Drugs
For occasions when it is necessary for a student to receive a prescription drug during the school day, the following procedure has been established to ensure the protection of the school and the student and to assure compliance with existing rules and regulations:

Administration by School Personnel
- A physician must prescribe the medication.
- The parent or guardian must provide written permission to administer the medicine to the student. Appropriate forms are available from the school office.
• The medication must come to the school office in the prescription container as put up by the pharmacist. Written directions from the physician or pharmacist must state the name of the patient, the name of the medicine, the dosage, and the time it is to be given.
• An administrator may designate a school employee to administer the medication.
• Each administration of prescription drugs must be documented, making a record of the student having received the medication.
• Drugs must be kept in their original containers in a locked medicine cabinet.
• The medication will be delivered back to parents only.

Self-Administration
• When the physician feels it is necessary for the student to carry and self-administer the medication, the physician shall provide written recommendations, to be attached to the signed parent permission form.
• The parent or guardian must provide written permission for the student to self-administer and carry the medication.
• Appropriate forms are available from the school office.
• The medication must come in the prescription container as put up by the pharmacist.
• The only permissible medications approved to self-administer are normally Epipen and/or Albuterol inhaler. No other medications are permitted.

Over-the-Counter Medication
When it is necessary for a student to receive a medicine that does not require a prescription order but is sold, offered, promoted, and advertised to the general public, the following procedure has been established to ensure the protection of the school and the student:

Administration by School Personnel
• The parent or guardian for the administration of specific over-the-counter drugs must provide written permission.
• Any over-the-counter drug or medicine sent by the parent to be administered to a student must come to the school office in the original manufacturer’s packaging with all directions, dosages, compound contents, and proportions clearly marked. This includes all over-the-counter items such as Visine Eye Drops, aspirin, Tylenol, and any other products for the safety of our students.
• Any type of inhalants and chemical items brought to school for classroom use, including, but not limited to, permanent markers, Sharpies, moth balls, white-out correction fluid, art glitter, and others, must be left with the Assistant Principal before entering the school for parent pick up. These items are not allowed at school due to serious health concerns.
• An administrator may designate a school employee to administer a specific over-the-counter drug.
• Each instance of administration of an over-the-counter drug must be documented in the daily log.
• Over-the-counter drugs must be kept in their original containers in a locked medicine cabinet.

Self-Administration
• The parent or guardian for the administration of specific over-the-counter drugs by the student must provide written permission.
• Over-the-counter drugs or medicine sent by the parent to be administered by the student must be kept by the student in the original manufacturer’s packaging, with all directions, dosages, compound contents, and proportions clearly marked.
• The student’s physician shall determine necessity for self-administration of an over-the-counter drug or medicine and must be verified by a signed physician’s statement attached to the parent or guardian permission form, indicating the specific drug or medicine.

Note: The school system has 504 plans that can be processed and implemented for the short term and long-term sickness/disabilities/needs
Protection of Students
Use or administration of medication on school premises may be disallowed or strictly limited if it is determined by the Superintendent, in consultation with medical personnel, that a threat of abuse or misuse of the medicine may pose a risk of harm to a member of the student population.

The student shall take precautions to keep secure any medication or drug, and under no circumstances shall make available, provide, or give the item to another person. The student shall immediately report the loss or theft of any medication brought onto school campus. Violation of this regulation may subject the student to disciplinary action.

Student Accident/Emergency Transportation
A student requiring emergency medical treatment from the Pinon Clinic Emergency Medical Technicians (EMT) may be transported by the Pinon EMT Squad to a local medical facility. If such action is necessary, the cost transportation and/or treatment will be the responsibility of the student’s parent/guardian. PUSD will not pay for emergency treatment on site or EMT transport.

In the event of a student needing transport the following procedures will be observed:

Intimidation: Intimidation is intentional behavior by a student or group of students that places another student or group of students in fear of harm of person or property. Intimidation can be manifested emotionally or physically, either directly or indirectly, and by use of social media.

Prohibitions and Discipline
Students are prohibited from bullying on school grounds, school property, school buses, at school bus stops, at school sponsored events and activities, and through the use of electronic technology or electronic communication equipment on school computers, networks, forums, or mailing lists.

Disciplinary action may result for bullying which occurs outside of the school and the school day when such bullying results in a substantial physical, mental, or emotional negative effect on the victim while on school grounds, school property, school buses, at school bus stops, or at school sponsored events and activities, or when such act(s) interfere with the authority of the school system to maintain order. All suspected violations of law will be reported to local law enforcement.

Reporting Incidents of Bullying
A student who is experiencing bullying, or believes another student is experiencing bullying, is to report the situation to the principal or another school employee. A school employee who becomes aware of or suspects a student is being bullied shall immediately notify the school administrator. School personnel shall maintain confidentiality of the reported information.

The initial notification of an alleged incident may be provided verbally. A detailed written description of the incident and any other relevant information must be provided on form(s) made available by the school and submitted to the principal within one (1) school day of the verbal report. Should the principal be the employee who observes, is informed of, or suspects a student is experiencing bullying the principal shall document the incident or concern in writing. Failure by an employee to report a suspected case of bullying may result in disciplinary action up to suspension without pay or dismissal pursuant to Board Policies GCQF and GDQD.

Reprisal by any student or staff member directed toward a student or employee related to the reporting of a case of bullying or a suspected case of bullying shall not be tolerated, and the individual(s) will be subject to the disciplines set out in applicable District policies and administrative regulations.

At the time a student reports alleged bullying the principal shall provide to the student who has allegedly been bullied a written copy of student rights, protections and support services available to the student and shall notify the student’s parent(s) of the report.
The principal shall investigate all reports of bullying. If the principal determines that bullying has occurred, discipline will be administered pursuant to Board Policies JK, JKD, and JKE.

Regardless of the outcome of the investigation the principal will meet with the involved students to review the findings of the investigation. Subject to the restrictions of the Family Educational Rights and Privacy Act (FERPA) set out in Policy JR, the parent(s) or guardian(s) of the involved students shall also be informed of the findings of the investigation.

Documentation related to reported bullying and subsequent investigation shall be maintained by the District for not less than six (6) years. In the event the District reports incidents to persons other than school officials or law enforcement all individually identifiable information shall be redacted. Restrictions established by FERPA on disclosure of personally identifiable student information must be observed at all times.

The Superintendent shall establish procedures for the dissemination of information to students, parents and guardians. The information will include, but not be limited to, Governing Board policies, incident reporting, support services (proactive and reactive) and student’s rights. The dissemination of this information shall (a) occur during the first (1st) week of each school year, (b) be provided to each incoming student during the school year at the time of the student’s registration, (c) be posted in each classroom and in common areas of the school, and (d) be summarized in the student handbook and on the District website, and the Superintendent shall establish procedures for the dissemination of information to District employees including, but not limited to (a) Governing Board policy, (b) preventive measures, (b) incident reporting procedures, (c) available support services for students (both proactive and reactive), and (d) student rights.

Information will be provided to staff members at the beginning of each instructional year and on the first day of employment for new employees. The Superintendent shall establish procedures designed to protect the health and safety of students who are physically harmed as the result of bullying. These will include, when appropriate, procedures for contacting emergency medical services, law enforcement agencies, or both. Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant District policies shall be followed. Law enforcement authorities shall be notified any time District officials have a reasonable belief that an incidence of bullying is a violation of the law.

PARENTAL INVOLVEMENT POLICY

An LEA’s written parental involvement policy must establish the LEA’s expectations for parental involvement, and describe how the LEA will—

- Involve parents in jointly developing the LEA’s local plan under section 1112 and in the process of school review and improvement under section 1116;
- Provide the coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance;
- Build the schools’ and parents’ capacity for strong parental involvement;
- Coordinate and integrate parental involvement strategies under Title I, Part A with parental involvement strategies under other programs, such as Head Start, Reading First, Early Reading First, Even Start, Parents as Teachers, Home Instruction Program for Preschool Youngsters (HIPPY), State-run preschool programs, and Title III language instructional programs;

Conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served with Title I, Part A funds, including—

- Identifying barriers to greater participation by parents in parental involvement activities, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background;
- Using the findings of the evaluation to design strategies for more effective parental involvement;
- Revising, if necessary, the LEA’s parental involvement policies; and
- Involve parents in the activities of schools served under Title I, Part A. [Section 1118(a)(2), ESEA.] [For more detailed information see Appendix D for a sample template of a District wide Parental Involvement Policy.]

Family Educational Rights and Privacy Act (FERPA)
Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Pinon Unified School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Pinon Unified School District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Pinon Unified School District to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

If you do not want Pinon Unified School District to disclose directory information from your child’s education records without your prior written consent Pinon Unified School District has designated the following information as directory information:

[Note: an LEA may, but does not have to, include all the information listed below.]

- Student’s name
- Address
- Photograph
- Major field of study
- Dates of attendance
- Grade level

Model Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days after the day Pinon Unified School District #4 ("School") receives a request for access.

   • Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

   • Parents or eligible students who wish to ask the [School] to amend a record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

   • One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

   • [Optional] Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Pinon Unified School District #4 to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202

   [NOTE: In addition, a school may want to include its directory information public notice, as required by §99.37 of the regulations, with its annual notification of rights under FERPA.]

   [Optional] See the list below of the disclosures that elementary and secondary schools may make without consent.

FERPA permits the disclosure of PII from students’ education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school
may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student’s enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student’s State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

Information the school has designated as “directory information” under §99.37. (§99.31(a)(11))
