Don't Miss Out...

Being in school, all day, every day, helps your child get the most out of junior high. Encourage good attendance with these ideas:

- Point out that there is no substitute for being in class. Your youngster needs to be present to hear teachers explain concepts, to participate in group projects and class discussion, and to ask questions.
- Schedule doctor, dentist, and orthodontist appointments for before or after school hours whenever possible.
- It will be easier for your child to get up on time for school if he has had at least nine hours of sleep. Set a reasonable bedtime, and make sure he puts away electronic devices so he isn't tempted to stay awake to read messages or play games.
- Breaks are built into the school schedule so that you may plan vacations and events during non-school days. Please do not schedule trips during attendance days.
