

Summer Economics Course 2021

ECONOMICS

Course Overview:

This course is a study of the United States market-oriented economics system. Students will gain an understanding of the principle forces of economics in both microeconomics & macroeconomics. Topics such as behavioral economics, consumerism, personal finance, American business, financial markets, and the economic history of the United States will also be studied. The textbook, Economics: Concepts & Choices, will serve as a guide to enhance the overall scope and sequence of this course.

Rationale:

In an increasingly interdependent world, students need to understand that everyone plays a vital role in the health and stability of any economy. It is imperative the students consider how both micro and macroeconomics operate and the role that they play in it. **Economics can be used toward the NJ Financial Literacy graduation requirement**

College bound students are strongly encouraged to take Economics!

Course Requirements:

4 Required Virtual Zoom Meetings will take place online 9 am - 12 pm on:

Required Zoom Meetings

June 21 & 28

July 5 & 12

Optional Zoom Meetings

June 30

July 7

Each student is required to attend at least 4 virtual class sessions. Attendance to the first session is required unless permission is granted by June 11, 2021. Failure to adhere to the attendance policy will result in a failing grade for the course. The majority of the course will be independent learning facilitated by several online resources. There are several deadlines that need to be fulfilled.

Registration:

Students may register with Mrs. Molly Lytle (mollylytle@hvrsd.org) in the Counseling Services Office by Friday May 28, 2021. The fee of \$270 is due at registration with checks payable to (HVCHS).
