Question: What is the cost of maintaining the iPads so we have a ratio of 2:1 in k-2 and 1:1 in grades 3&4?

Is that ratio necessary?

How are the iPads used in the lower grades?

Answer: The iPads in these grades are iPad 2s. They cannot be upgraded and were first put into service, at CEHS, in 2012, so they will be 8 years young this year. If an iPad 2 doesn't function anymore, we do not replace it or send it out for repair. This is the first year we are 1:1 at first grade. There are about 100 iPads in first grade and 40 in Kindergarten. Each cost \$3 dollars a year to connect to our device management system, so \$440 dollars is the cost.
