

Dear families,

Hello! My name is Mrs. Gina LaFarlett and I am thrilled to be the new Gifted and Talented teacher! I am excited about all Arkansas School for the Blind and Visually Impaired has to offer and can't wait to watch students learn and grow through gifted education.

About me . . .

I come to Arkansas School for the Blind and Visually Impaired from recent retirement after 34 years in the classroom. I taught fifth grade at the Trumann Public School District and Pulaski Academy and also served as the GT Coordinator/Facilitator for the Trumann district. My husband and I have four children and six grandchildren. I love to read and travel.
