

Marceline R-V School District

Title 1 Student/Parent/School Compact

We, at Walt Disney Elementary, believe that maximum student learning can only be achieved when all three parties: students, parents, and school educators are equally committed to providing the best possible learning environment. With this in mind, please read each of the responsibilities listed below and sign indicating that you are willing to actively participate in the development of your child's education.

As a **student**, I have the responsibility to:

- complete my planner with daily assignments each day, take it home and go over it with my parents and complete all assignments due the next school day,
- to take care of all my school materials,
- abide all school rules and discipline codes as set aside by the Marceline R-V School District, and
- do my best, because I want to learn.

As a **parent**, I have the responsibility to:

- look at and discuss my child's planner daily, and oversee all homework assignments for the day,
- provide a home environment which encourages reading and math in daily activities,
- encourage my child to make good choices and be aware of the Marceline R-V discipline code and the consequences of his/her actions when making poor choices,
- assist my child in learning good study habits and use of time, because I want him/her to do their best.
- do my best to make sure my student has 90% attendance or higher throughout the school year.

As a **teacher**, I have the responsibility to:

- be knowledgeable in my area of teaching,
- be available during the District's Parent/Teacher conference day in the Fall and Spring,
- provide written quarterly reports to the parents of all my students, and
- provide high quality instruction in a supportive and effective learning environment so that my students may do their best.
