

Name _____

A Wish Come True

Mikey was a little mouse. He liked to run around the woods. He loved to eat strawberries more than anything else!

Mikey's problem was that there were not any strawberries growing in the woods where he lived. He would hear his father tell stories of how he used to pick strawberries and eat them every day in the field where he grew up. Mikey wished he could live in that field.

One day, Mikey was walking through the woods when he saw a path. He followed the path until it stopped. At the end, was a field full of strawberries. Mikey was the happiest little mouse! It was a wish come true!

Name _____

Felix

Felix loved the spring! Even though his family did not hibernate during the winter, they were cooped up inside for too long! They would stay in their den most of the winter, only leaving to look for food. His momma said he was only allowed to go about one mile from the den in the winter.

Spring was finally here! Felix jumped for joy as he ran out of the den ahead of his brothers and sisters. He sniffed around to find grasshoppers, beetles and butterflies, for a snack! He also ate birds, eggs, and some berries! Felix breathed deeply as he ran about, just enjoying the fresh spring air!

Felix

1. Felix loved _____.

- A. spring
- B. winter
- C. summer

2. Which food did Felix **not** eat?

- A. berries
- B. eggs
- C. bears

3. This passage is mostly about _____.

- A. hibernation
- B. spring
- C. a fox named Felix

4. Felix had _____.

- A. a brother
- B. a sister
- C. brothers and sisters

3

Name _____

Swans

Did you know that when swans are born in the spring, they have gray or brown feathers? Their feathers do not become white until they are almost two years old! Babies can swim as soon as they are born, and they have very long necks.

Swans are beautiful, but they are grumpy birds; especially if they are protecting their eggs or babies! Sometimes after they scare away other birds, they flap their wings and make honking noises. That doesn't seem very friendly!

Swans

1. When swans are born they can _____.

- A. jump
- B. swim
- C. fly

2. Adult swans have white feathers, baby swans are born with _____ feathers.

- A. white
- B. brown
- C. gray or brown

3. Swans are _____ birds.

- A. friendly
- B. helpful
- C. unfriendly

4. Baby swans hatch from _____.

- A. insects
- B. eggs
- C. water

Name _____

What's for Dinner?

For dinner, many families eat macaroni and cheese, hamburgers, or maybe a big salad! Not frogs!

Frogs are carnivores, which means they will only eat meat. Smaller frogs like to eat insects such as flies, dragonflies, or moths.

Humans really like it when frogs eat mosquitoes so they don't bite us! Larger frogs will eat mice, baby turtles, small snakes, and sometimes even smaller frogs!

One interesting fact about a frog's diet is that it will only eat its prey when it's alive. Many frogs will starve to death before eating a dead animal or insect!

What's for Dinner?

1. Frogs are _____.

- A. omnivores
- B. carnivores
- C. herbivores

2. Small frogs eat _____.

- A. snakes
- B. mosquitoes
- C. other frogs

3. This passage is mostly about _____.

- A. dinner
- B. frogs
- C. macaroni and cheese

4. Frogs do not like to eat _____ insects or animals.

- A. clean
- B. fresh
- C. dead
