

# Waynesboro Area School District

*Dr. Tod F. Kline  
Superintendent*

WASD BoroBlast

March 13, 2020

Dear WASD Families,

After a conference call with the Pennsylvania Secretary of Education, the state is NOT mandating the closure of schools, with the exception of Montgomery County. Despite the hope, we would receive a statewide decision on this issue; the state is leaving the decision of closing schools to the local level.

The decision process for closing our schools was made with consultation of other local school districts, Emergency Management, and other agencies.

The Waynesboro Area School District is closing from Tuesday, March 17th through March 27<sup>th</sup>. Monday, March 16<sup>th</sup> is a regularly scheduled day off for students. Therefore, students will not report back to school until March 30<sup>th</sup>.

There will be many questions unanswered at this time. We appreciate your patience and understanding through this unprecedented situation. There will be follow-up communication throughout the following two weeks.

Sincerely,

Tod F. Kline, Ed.D.  
Superintendent, Waynesboro Area School District
