Ryan Public School's response to the COVID-19 or the Coronavirus will align with the CDC's recommendations. At this time we do not have any cases of this virus in our school or community. We suggest following these CDC recommendations:

- Avoid contact with people who are sick.
- Avoid touching your eyes, mouth and nose when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces with household cleaning spray or wipes.
- Follow CDC recommendations for wearing a mask if necessary.
- Wash your hands with soap and water for at least 20 seconds, especially after going to the bathroom, before eating, and after blowing your nose, coughing, or sneezing.

There are some things that we would like parents to do to help us keep our students safe.

- 1) If your child is sick, please do not send them to school!
- 2) If you travel out of the country or out of state (other than the normal Texas Destinations) please inform the school. (This does not mean we will make them stay away from school. This is so that we have all the information and can help you look for symptoms if they present themselves.)

Once again we at Ryan take this very seriously. We will continue to monitor as events change. If we have to deal with Coronavirus, we will do so with the safety of our students and our community in mind.
