TRANSFORMING LIVES, EVERYDAY

March 13, 2020

Dear Parents/Guardians,

As part of Hawkswood School's preparation plan in the event of a possible school closing, and our commitment to support the learning of our students during a **potential** remote learning period, our staff has prepared appropriate "distance learning" instructional materials that you can utilize at home.

You will be notified immediately if we need to enact this "distance learning" protocol due to a potential closing at the direction of the Department of Health.

Enclosed in each packet you will find academic work, therapy activities and educational links that you can implement with your child. Additionally, teachers and therapists will be in contact with you either via email or telephone on a regular basis to provide support and guidance on specific instructional reinforcement. If your child does not have access to technology (computer, iPad, or smartphone), please contact your classroom teacher.

At this time, these packets are being sent to you as a precautionary and preparatory measure, in order to continue educational programs in the event of a closure ordered by the Department of Health.

Additionally, attached to this letter is information on our detailed cleaning protocols.

Should you have any questions, please feel free to contact me.

Sincerely,

Andrew J. Orefice, Ed.D.  
Principal  
Hawkswood School  
732-542-2525
