

## COVID-19 UPDATE #3

March 14, 2020

Here are some updates related to the upcoming school closure:

- Administration and staff are continuing to plan the details related to instructional resources that will be made available to students during the closure. The schools will be closed starting at 5pm on Wednesday, March 18.
- The school district is planning to provide and deliver meals on weekdays during the closure (beginning on Thursday, March 19). Information for this will be gathered using a document like this:

COVID-19 FOOD SERVICE OPTION			
Name	Delivery/ Pick-Up	Address (If Delivery)	Number of Meals (for children under 18 only)

- The Wisconsin Department of Public Instruction has informed school districts that they may apply for a waiver, so that the hours of instruction missed during this closure, will not have to be made up. If this opportunity is available, the School District of Hillsboro will apply for the waiver.
- During the closure, the school facilities are not accessible to students.
- Students should take necessary items from their lockers home by the end of the day Wednesday.
- Families should contact our school nurse (Emily Oium [school.nurse@hillsboroschools.org](mailto:school.nurse@hillsboroschools.org)) regarding any medicines that may need to be taken home.
