District 19 Families, Staff and Students,

In response to school closures due to the COVID-19 situation, Alden-Hebron District #19 Custodial Staff want to ensure the public that preventive building cleaning measures are being put in place to combat the spread of COVID-19. As students and staff are not in the buildings, the Building and Grounds Director, alongside administration, have created an enhanced preventative cleaning and disinfection protocol, in addition to the already practiced safety and health routine staff do daily. Health and safety measures have and will always be a top priority of the district's custodial team to protect the students and staff at each district building.

Sincerely,

Scott Redden

Scott Redden
Building and Grounds Director
