Folkston Elementary School Online Lessons

Parents in grades K-3 may log-in to:

- <https://www-k6.thinkcentral.com/ePCLandingPage/>

Once there, click on “Reading & Language Arts” or “Mathematics” to access reading and math lessons. Students may log-in using their user name and password. Their username is their lunch number with an “s” in front of it. The password is “password”. Students will have access to their Reading books to read stories.

Students may log into the following websites for math and reading practice:

- iRead (<https://www.hmhco.com/products/iread/family/>)
- MobyMax (<https://www.mobymax.com/>)
- Reflex Math (<https://www.reflexmath.com/>)

In addition, PreK – 3rd grade may go to <https://www.charlton.k12.ga.us/> and click on “Folkston Elementary School”, then click on “menu”, you will see “Student Links” with plenty of website opportunities.

GENERAL RESOURCES – ALL GRADES

<https://classroommagazines.scholastic.com/support/learnathome.html>

https://gpb.pbslearningmedia.org/?utm_source=webinar%20March%202020&utm_campaign=ONLINE%20LEARNING%20WEBINAR&utm_medium=email#.Xm-Jrz9KhPY

SLDS Parent/Student Portal - Resources tab: Students and Parents can log into their Infinite Campus portals then click on the SLDS hyperlink to access the Resources application in SLDS.

Resources - This page provides a student's current schedule. Clicking a gold key to the left of a student's class will provide resources aligned to the course standards. Parents and students can also search for resources for other subjects and grade levels.

The **Parent Portal User Guide** can be downloaded from this link: <https://www.gadoe.org/Technology-Services/SLDS/Pages/SLDS-Parent-Portal.aspx>

Georgia Virtual Learning – Shared

Content link: <http://www.gavirtualllearning.org/Resources/SharedLandingPage.aspx>

Georgia Virtual Resources are the largest collection of OER content in Georgia. Since the content is available openly-no log in required, without a cost, and with limited licensing restrictions, these resources can be accessed by anyone in Georgia. Georgia is a leading state in sharing content state to state via the Learning Registry. By providing educators, parents, and students free, quality, aligned resources, many barriers such as possible copyright violations by adapting resources to meet the needs of students, are removed.
